### PUBLIC COMMENTS & ADJOURN

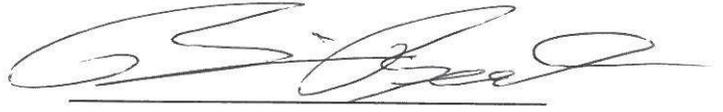

Sheriff Pryor presented the Council with his March activity report. He reported that as of today there were 146 prisoners and 9 D.O.C. housed in the jail. The Sheriff was asked about his fuel budget. As of today \$46,000.00 has been spent, which is half of that budget. This also includes repair and maintenance to the vehicles. Questions were asked as to how the 15 year old murder suspect was housed. Sheriff Pryor reported that he was being kept out of the general population. John Hillis, County Attorney pointed out to the Council that this murder trial could become very costly to the County and to be prepared.

Ralph Anderson updated the Council on a bill concerning the former Animal Shelter. Money had been appropriated before the Animal Shelter moved and became its own entity. The money was not encumbered and there was a bill due. The Auditor was not able to pay the bill. Money was taken from the Maintenance Department to pay this bill. Ralph wanted to let the Council know that the Maintenance Department may ask for an additional appropriation later in the year for the amount of that bill.

Grover Bishop made a motion to adjourn, Jeff LeDonne seconded. The motion carried unanimously.
