

Motion to approve minutes from 9/25/2023, Don Parker, 2<sup>nd</sup> Kevin Nigh, approved 3/0.

**St. Rd. 9:** Taylor Sumerford, county surveyor, reports the tile that was put in by the State with issue is still in process of correction. Taylor will attempt to reach out to INDOT to check the progress.

**675 W & 900 N:** Taylor Sumerford received a call with someone requesting the county put in a tile from 675 W draining into Sugar Creek. However, the county does not do tile work on an individual's property, where a legal drain or tile is not involved.

Adjourn.
