Surveyors Report

Chasity worked with Shawn Scott (GIS) to generate new parcel reports for each watershed. These reports will be sent to the Auditor's Office so they can verify ditch assessments are correct.

The Huffman Mill Bridge project has been completed and approved.

Mike Webb from REO Water is having a problem with a regulated drain by their testing site. The water is not moving, which is causing the water to stagnate.

There was discussion regarding mold remediation and the sealing of the basement. The basement work has been quoted but before that can be done, some concrete work needs to be done outside. Seiler is getting quotes.

At the last meeting, it was reported that Phase II of the Muddy Creek project was never started / completed from 2021. This is located at 600N west of 750W. There is currently \$41,484.39 in the Muddy Creek fund. Meredith had a Pre-bid meeting where three (3) people attended. There were two (2) bids received today for the bid opening.

B Hamilton Contracting LLC	\$47,200.00
Redline Landworks	\$45,763.75

Gries motioned to approve Redline Landworks the bid contingent upon County Council funding. Brown seconded the motion. Motion carried.
