

7-5-83

GENERAL ORDINANCE NO. 83- 5

AN ORDINANCE AMENDING ESTABLISHED MAXIMUM
WEIGHT LIMITATIONS ON TWO BRIDGES

BE IT ORDAINED by The Board of Commissioners of Wabash County, Indiana, under authority of Indiana Code: 8-17-1-1 et seq, and Indiana Code: 9-4-1-1 et seq, and Indiana Code:- 36-1-3-1 et seq, and all acts amendatory thereto of the General Assembly of the State of Indiana:

WHEREFORE, The Board of Commissioners of Wabash County, Indiana, has determined by engineering consultation that the maximum weight limitation on bridges numbered 46 and 123 situated in Wabash County Indiana should be reduced from the maximum weight set in General Ordinance No. 80-7 dated the 14th day of October, 1980. Further that said reduction in weight is required and necessitated because engineering analysis shows the structural strength of said bridges to be substantially reduced in comparison to previous considerations.

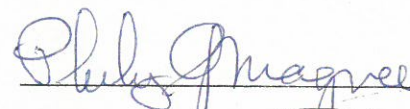

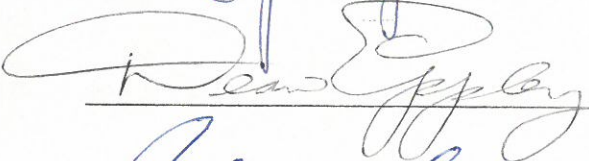

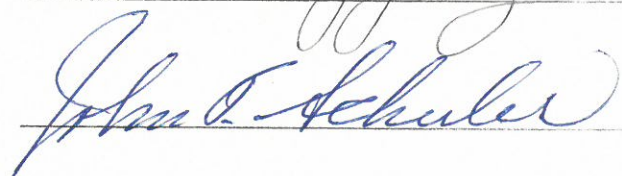

NOW, THEREFORE, General Ordinance Number 80-7 in reference to the following bridges are now limited to the maximum weight in tons as set out hereinafter. Further, because of an emergency the effective date of such ordinance shall be the date of passing by the Board of Commissioners, that being July 5th, 1983.

<u>Bridge Number</u>	<u>Maximum Weight in Tons</u>
46	3
123	3

All other maximum weights established by General Ordinance No. 80-7 are herein confirmed without modification or change as previously set. Further, violation of any provisions of this ordinance shall be the same as set out in General Ordinance No. 80-7, that being a misdemeanor, and upon conviction thereof, a fine levied in any sum not to exceed One Thousand Dollars (\$1,000.00) to which may be added imprisonment in the Wabash County Jail for a period of not more than ninety (90) days.

PASSED by The Board of Commissioners of Wabash County, Indiana, this 5th day of July, 1983.

THE BOARD OF COMMISSIONERS OF
WABASH COUNTY, INDIANA

ATTEST:

Auditor
