- B. If applicable, describe the nature and extent of your practice of law (present and former), and provide the names of your partners, associates, office mates, and employers.

Judge, St. Joseph Superior Court; 2021-Present: As a Judge in St. Joseph Superior Court, I am employed by the State of Indiana to preside over trials and manage a court docket. I spent three years presiding over a high-volume felony docket and now preside over a general civil docket. As part of my duties, I have presided over 35 jury trials and 7 bench trials. As well, I have the honor of presiding over our County's Drug Court and Commercial Court. I trained and implemented our county's first Drug Court dog to reduce anxiety of Drug Court participants. I have created procedures to streamline cases, increase communication between attorneys, and resolve cases efficiently. I also enjoy representing our Court when I speak with students at the grade schools, colleges, and Notre Dame Law School.

My associates include all of the judicial officers in St. Joseph County and the State, such as Jenny Pitts Manier, Steve Hostetler, and April Drake. My office mates are Carrie Piechocki, Marc D'Amore, and Jeanne Groth.

Corporation Counsel, City of South Bend Department of Law; 2015-2017: When I became Corporation Counsel, I was responsible for managing all legal affairs for the City of South Bend, which has a population of 101,000 people and over 1,100 employees. I also managed the City's Department of Law, working with eight Assistant City Attorneys, four Administrative Assistance, and outside counsel. I represented the City in mediation

and settlement conferences as well directed the City's defense in state and federal litigation. I reduced the City's litigation expenses by 50% and led a proactive litigation strategy to obtain over \$1,000,000 to aid the City in its environmental remediation efforts. Additionally, I provided ethics opinions and legal advice to City employees, department heads, and mayors.

My supervisors at the time were now-Secretary of Transportation Pete Buttigieg and Mayor James Mueller. My associates included Geneveive Miller, Mark Bode, Eric Horvath, and Chief Carl Buchanon. My office mates included Geovanny Martinez, Jeff Haupt, and April Goodson.

Assistant City Attorney, City of South Bend Department of Law; 2015-2017: As an Assistant City Attorney, I represented the South Bend Police Department, South Bend Fire Department, and South Bend Animal Control. My duties included analyzing state and federal law and recommending policies and procedures to minimize liability, recommending training, and providing general legal advice to those three departments. I also worked to update the policies and duty manuals for the departments. I had the privilege of participating in the union negotiations for both the Police and the Fire Departments. While I was the City's Chief Negotiator, we negotiated the City's first concurrent four-year agreements between the City and the unions representing the Police and Fire Departments.

My supervisor at the time was now-Judge Cristal Brisco. My associates included then-Chief Stephen Cox and Chief Scott Ruzkowski. My office mates included Dani Weiss and Aladean DeRose.

Deputy Prosecuting Attorney, St. Joseph County Prosecutors Office; 2011-2015: I began as a Misdemeanor Deputy and was promoted to Felony Deputy and assigned to the Special Victims Unit. I maintained a high-volume case load, gathered evidence, prepared witnesses, and conducted depositions. I organized and prepared hundreds of cases, representing the State in hearings, bench trials, and jury trials. As a Special Victims Deputy, I prepared child and adult survivors of violent and sex crimes to testify and face their abusers at trial. I also enjoyed training and working with detectives and street officers to help them better understand what to look for when deciding if a case was ready to submit for review. I was privileged to represent the office on the St. Joseph County Child Protection Team, the CASIE Center Case Review Sessions, and community outreach and awareness events.

The elected Prosecutors, Michael Dvorak and Ken Cotter, were my supervisors. My associates included the police officers throughout the county, but especially those assigned to the Special Victims Unit, such as Detectives Dave Sult and Jason Biggs. My office mates included Sean Towner, Linda Lawder, and Kristi Gates.

5. Trial/Judicial Experience

- A. Describe the extent of your jury trial experience, if any.

As a Deputy Prosecuting Attorney, I represented the State in many jury trials of offenses ranging from Strangulation to Rape. As a judge, I have presided over 35 jury trials of offenses ranging from Battery to a Public Safety Officer to Murder. Having been both a litigator and a judge, I have drafted and selected jury instructions and have participated in and conducted voir dire. I make a point of asking for jury feedback after trials. Jurors usually come into the courtroom unexcited about judging a trial, but once it is done, they usually tell me that they had a good experience and are glad they participated.

- B. Describe the extent of your bench trial experience, if any.

I have participated in numerous bench trials, both as an attorney and as a judge. As a Misdemeanor Deputy Prosecutor, I and three others would rotate weeks of trial duty in which several bench trials were scheduled each day and at least one would usually proceed. As a judge, I have presided over bench trials when the parties waive trying the matter before a jury. I have presided over approximately five bench trials.

- C. If applicable, describe the nature and extent of your judicial experience (including as a judge pro tempore). Include a description of your experience presiding over jury trials, if any.

I was appointed as a judge by Gov. Eric Holcomb in April 2021 and began presiding over a high-volume felony court. I presided over at least 35 jury trials in matters ranging from Battery to a Public Safety Officer to Murder.

I also served as judge pro tem in St. Joseph Traffic and Misdemeanor Court on September 15, 2020.

6. Professional Experience

As an Assistant City Attorney and as Corporation Counsel, I drafted many resolutions, was involved in drafting or amending ordinances, and drafted Executive Orders, including:

As a judicial officer, I worked with our chief judge to amend the local rule for our case allocation plan, LR71-AR1-107, in order to create an even distribution of cases among the felony courts.

- C. If applicable, list up to five of your contributions to legal journals or other legal publications. Provide titles, official citations, and a brief description of the subject matter.

Stephanie Steele & Paul Singleton, *Debtors, Defendants, Defenses & Dismissals: Dinner and Depositions with the Judges*, AM. BANKR. INST. J. June 2022. The article discusses the importance of judges and attorneys realizing the intersections between bankruptcy and criminal law, the Fifth Amendment, and notifications of rights. We were honored when it was included in the American Bankruptcy Institute's *Best of ABI 2022: The Year in Consumer Bankruptcy*.

- D. Identify the five most significant legal matters entrusted to you, whether as a judge or lawyer, and describe why you believe them to be so.

Drug Court: Drugs have had a huge impact on our community. Most of the cases in our felony courts involve drugs in some way. Our Drug Court was developed as a problem-solving court to help low-level non-violent felony offenders to find sobriety and earn a dismissal of their felony charges. Many times, these defendants are caught up in

detrimental cycles brought on by their drug abuse. They may have lost their homes, jobs, and children. They have trouble thriving after being charged with a felony. I own and trained our county's first service dog to work in our Drug Court. He sits with the participants and helps to reduce their anxiety during hearings. In Drug Court, we hold them accountable while helping them lay a foundation for success. We require them to engage in counseling and treatment therapy. We also require them to obtain a job and teach them the importance of healthy sober relationships. For those with open DCS cases, they must also comply with all DCS requirements. Once they comply with all requirements of Drug Court and maintain their sobriety, they earn a dismissal of their felony charges. For many, this means a brand-new start at life. But the effect reaches beyond them. For those with children, it means providing their children with the chance to know their parent as a sober stable adult. For their employers, it means having a productive reliable member of their workforce. For their families, it is an opportunity to reclaim relationships that, for many, were lost to addiction.

Commercial Court: Business is important in Indiana. Any opportunity to make companies choose to do business here or litigate here is important to our economy. When businesses have litigation, they want to know that their matter will be addressed swiftly and fairly. Our Commercial Courts encourage businesses to keep coming back to Indiana because they know that, should they face litigation, they will have a predictable process and a just outcome.

Mental Health Duty: Mental health continues to be a problem for our community. I am routinely on-call for mental health duty. When on mental health duty, I must review petitions to hold someone in a medical facility so that they may receive care, sometimes against their will. These are important evaluations and deal with some of the most vulnerable population. I take the duty very seriously and evaluate both the safety risk of the individual and the risk to the safety of the community members.

Search Warrants: As a felony judge, I participated in a rotation of search warrant and probable cause reviews. I received affidavits from officers and/or prosecutors and evaluated whether law enforcement had met its burden to search or seize someone's property without their permission. Protections against search and seizure are enshrined in both our State and US Constitutions. I have engaged in additional training, including the Digital Evidence for Judges course provided by the National Forensics Institute, to ensure that I remain current on best practices and have a deep understanding of the considerations to be made while reviewing warrants.

Jury Trials: Most people are not excited when they receive a jury summons. Those who respond to a jury summons are serving our community and giving up time with their families to ensure that our legal system works correctly. It is important that they understand their vital role and how to fulfill it. When potential jurors arrive at the courthouse, it is my job to make them comfortable and to explain to them their duty in plain English. I also monitor the voir dire process and make sure that the jury is selected

appropriately. I have a duty to make sure that each trial is conducted fairly. I have presided over at least 35 jury trials. I appreciate the questions jurors ask and the feedback they give. When they leave saying they were comfortable and appreciative of their experience, even though it was difficult, I know that the process has affirmed their faith in the judicial system.

7. Efforts to Improve the Legal System, Administration of Justice, or Society

- A. Describe your efforts, achievements, or contributions (including written work, speeches, or presentations) toward the improvement of the law, the legal system, or the administration of justice. Include a description of any management or leadership roles you undertook to achieve these goals, and describe any specific instances in which your collaborative efforts helped achieve these goals.

I have never been charged by any court or authority with misconduct or dishonest or unethical conduct. However, I, along with several other public officials, was listed as a defendant in a civil lawsuit in which a person convicted of rape in the 1990's claimed that he was wrongfully convicted and that all of the listed defendants were somehow involved. *Mario Sims v. Pete Buttigieg, et al.*, 71D06-2001-CT-000024. The Answer and subsequent filings point out that I and several others were not in any way involved in that case, and moreover, were in high school in the 1990's. The case was dismissed at the trial court level and the Court of Appeals affirmed the dismissal, although it reversed the award of attorney's fees. 20A-CT-02390.
