

Residential & Provider Meeting - 7/11/2024 Provider Meeting Notes

Background Check Power Point presentation

Reason for search parameters - we don't control the information that is being entered. Can be too narrow and will miss some information. It's about the safety of the children.

Waiver information – reinforced that the more information provided the better. Avoids have to request more information. Have applicants paint picture of what is different in their life and why there are changes that would effect the recommendation for a waiver.

Have 3 Supervisors in the unit

Email inboxes are monitored. Can add attention to a person or position.
