Fite asked if there were any questions on the delegated authority packet and there were none.

### 2. Financial Update

Parag Pandya, Deputy Director of Administration presented a financial update for the Department. Deputy Director Pandya stated that the projected revenue for the Fiscal year 2024 is expected to total \$10,365,932. Based on the current projections, the agency will generate \$2 million less in revenue compared to the appropriated expense budget of \$12.4M. The projected total expenditures for fiscal year 2024 are projected to be \$11,169,371. Deputy Director Pandya stated that the Department is on pace to end the year with a net deficit of (\$400k). This net loss will bring the Department's fund balance down to \$8,795,634. At this balance, the fund equates to approximately 9 months of projected 2025 operating expenses.

Deputy Director Pandya next presented financial projections for fiscal year 2025 stating that the revenue is projected to be \$11,061,786 and total expenditures are projected to be \$11,961,788, producing a deficit of \$900,000. The fund balance is projected to decrease to \$7,895,632 due to no fee increase, revenue being significantly lower than expected, and expenses continuing to increase.

Deputy Director Pandya stated that the projections for fiscal years '26 and '27 do not assume any new positions or any strategic plan positions being added. For '26 revenue is projected to be \$11.7 million, with a loss of \$498,000, reducing the fund balance to \$7.3 million. The '27 revenue is projected to be \$12.3 million, with expenses of \$12.6 million, resulting in a loss of \$300,000, reducing the fund balance to \$7 million.

Ben Bochnowski asked Deputy Director Pandya if the fund balance target is \$4 million. Director Fite stated that the Department usually targets to have 6 months of reserves and that he gets uncomfortable under that. Fite further stated that the other piece of the equation is that these projections assume the status quo and we currently do not have a full staffing head count. Director Fite stated that the Department would like to get the \$2 million worth of strategic plan items back and these projections do not allow for that. These projections are to continue operating at the current staffing level but stated that staying the course is not the operation we are trying to accomplish.

Deputy Director Pandya stated that in FY '25 the Department will have a 40% increase in payroll charges and will have additional increases over the next two years. Additionally, the Department is asked to hold a 2% reserve.

Deputy Director Christopher Dietz expanded by stating that current staffing levels are barely adequate, and the industry is continuing to grow. If fees stay static, the Department will have to strategically look at filling open positions. Indiana's general banking assets have grown 50% since 2019. Our financial institutions are getting bigger, and our staff needs to spend more time with the institutions. Holding staff steady over the next couple

of years will be a challenge for us to adequately supervise financial institutions.

Director Fite asked Deputy Director Dietz to confirm the number of community bank examiners and Deputy Director Dietz responded that the Department has 12, but that it will soon be 11. Deputy Director Dietz stated that Centier Bank is expected to have \$10 billion in assets soon which will necessitate a full-time examiner to be at the institution.

Ben Bochnowski asked at what point the Department would hire additional examiners when planning for large institution supervision. Deputy Director Dietz answered that the strategic plan states that once a bank hits \$8 billion in size the Department should hire two more people with the expectation that the institution will hit large bank supervision within a few years and the new hires will be used to supervise the institution.

Deputy Director Pandya also briefly reviewed the CSBS fund balance stating that in 2023, the Department used a portion of the fund to provide for the DFI staff seminar, which reduced the fund balance to \$1,155,836.19. Chair Wojtowicz asked staff to request that CSBS place the fund into an interest-bearing account.

Deputy Director Pandya introduced General Counsel Buskill to present the fees. Ms. Buskill stated that the Members have a copy of the fees in their packets and reminded them that they adopted the fees in February when they adopted the rule. Mrs. Buskill stated that historically staff have presented fees to the Members at the June meeting, which the Members then adopt for the future fiscal year. However, the Members adopted fees for fiscal year '25 in February via a rule. The fees are in effect for 5 years, unless superseded by a rule or legislation; however, the Members will acknowledge fees in June of each year as required by IC 28-11-3-5.

Ms. Buskill stated that for this meeting, there is a resolution for the Members regarding fees. The resolution expresses support for the strategic plan, includes a brief reiteration of recent fee history, and affirms that the Members are supportive of a fee structure that supports working towards and meeting the goals of the strategic plan so that the Department may provide adequate financial supervision.

Deputy Director Dietz provided context stating that the Department's fees are currently low because they were set three years ago at an artificially low rate to reduce the fund balance and have been left there. The Department did not expect to leave the fees there forever, but rather for only a year or two to reduce the fund balance.

Mr. Bochnowski asked if the fee schedule allows the Department to fill the strategic plan positions. Deputy Director Dietz answered that it does not, stating that even running at today's rate, which is close to being inadequate, the Department is losing money and that's with static staffing levels.

Mr. Bochnowski asked how to address this issue for the coming fiscal year. Director Fite answered that there is a process that involves Budget Committee and Budget Agency

approval. Once the Department receives approval from the Budget Committee and Budget Agency the Members can address the fees.

After reviewing the resolution, Chair Wojtowicz asked Ms. Buskill to amend the resolution to include a paragraph stating that the fees have not changed since 2022. Chair Wojtowicz if any of the Members had additional questions and then asked for a motion approving the resolution knowing that Ms. Buskill would add a paragraph that recites a brief history of the fees.

**Mr. Schroeder moved approval of the resolution; Mr. Goetz seconded the motion. Ms. Buskill called roll for the vote. Jean Wojtowicz, Don Goetz, John Kirk, Ben Bochnowski, Mark Schroeder, and Bryan Price all voted yes with Tom Fite abstaining from the vote. The resolution was approved 6-0.**

**OTHER BUSINESS:**

Chair Wojtowicz asked if there was other business. There being no further business, Chair Wojtowicz took action to adjourn the meeting.

**Delegated Authority**  
**Week of 5/27/2024 through 5/31/2024**

**Mortgage Loan Originator Applications**

Mortgage loan originator applicants must complete a criminal background check, a credit report, testing, and education as required by 750 IAC 9-3-2. The following fifty-four loan originator applications met the criminal background check, testing, education, credit report, employment status, and regulatory action licensing qualifications and were approved this week. Pursuant to 750 IAC 9-3-2(b), the Department licensing staff has reviewed the previously listed items and determined that the professional training and experience, financial responsibility, character, and fitness of each applicant is such as to warrant belief that the mortgage loan originator will operate honestly and fairly within the purposes of the article.
