## FEMA-STATE AGREEMENT

On March 5, 2009, the President declared that a major disaster exists in the State of Indiana. This declaration was based on damage resulting from a severe winter storm, during the period of January 26-28, 2009. This is the FEMA-State Agreement for this major disaster, designated FEMA-1828-DR, under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5207 (Stafford Act), in accordance with 44 CFR § 206.44.

1. No Federal assistance under the Stafford Act shall be approved unless the damage or hardship to be alleviated resulted from the major disaster that took place during the period of January 26-28, 2009; except that reasonable expenses that were incurred in anticipation of and immediately preceding such event may be eligible.

2. Federal assistance under the Stafford Act and this Agreement shall be limited to the following areas of the State and such additional areas as may be subsequently designated by FEMA:

Clark, Crawford, Dubois, Floyd, Gibson, Harrison, Jackson, Jefferson, Orange, Perry, Spencer, Switzerland, Vanderburgh, Warrick and Washington Counties for Public Assistance.

All counties in the State of Indiana are eligible to apply for assistance under the Hazard Mitigation Grant Program.

3. Any Federal funds provided under the Stafford Act for Public Assistance will be limited to 75 percent of total eligible costs in the designated area.

4. Funds are available on a 75 percent Federal cost share basis for hazard mitigation measures that could substantially reduce the risk of future damage, hardship, loss or suffering in any areas designated for hazard mitigation within the State, subject to meeting the local mitigation plan requirement at 44 CFR 201.6 and 206.434(b)(1). Total Federal contributions are based on the estimated aggregate grant amount to be made under the Stafford Act for this disaster (less any associated administrative costs), and shall be: 15 percent for the first \$2,000,000,000 or less of such amounts; 10 percent of the portion of such amounts over \$2,000,000,000 and not more than \$10,000,000,000; and 7.5 percent of the portion of such amounts over \$10,000,000,000 and not more than \$35,333,000,000.

5. Pursuant to 44 CFR § 206.208, if direct Federal Assistance is requested by the State, the Governor certifies that the State will: 1) provide without cost to the United States all lands, easements, and rights-of-ways necessary to accomplish the approved work; 2) hold and save the United States free from damages due to the requested work, and shall indemnify the Federal Government against any claims arising from such work; 3) provide reimbursement to FEMA for the

nonfederal share of the cost of such work; and 4) assist the performing Federal Agency in all support and local jurisdictional matters.

6. Pursuant to Sections 403 and 407 of the Stafford Act, 42 U.S.C. §§ 5170b & 5173, if debris removal is authorized, the State agrees to indemnify and hold harmless the United States of America for any claims arising from the removal of debris or wreckage for this disaster. The State agrees that debris removal from public and private property will not occur until the landowner signs an unconditional authorization for the removal of debris.

7. Attached and also made a part of this Agreement is:

Exhibit A, State Certification Officers (A list of State officials authorized to execute certifications and otherwise to act on behalf of the State),

Exhibit B, General Conditions,

Exhibit C, Disaster Grant Agreement Articles, and

8. This Agreement may be amended at any time by written approval of both parties.

### **GENERAL CONDITIONS**

FEMA and the State agree to take measures to deliver assistance to individuals, households, and governments as expeditiously as possible, consistent with Federal laws and regulations. To that end, the following terms and conditions apply:

1. Federal assistance will be made available, within the limits of funds available from Congressional appropriations for such purposes, in accordance with the Stafford Act, Executive Orders 12148, as amended, and 12673, and applicable regulations found in Title 44 of the Code of Federal Regulations (CFR), and applicable policy and guidance.
2. If necessary because of limited funds, FEMA will give first priority to assistance for individuals and households, emergency work for protection of public health and safety, and administrative costs for managing the disaster program. Public assistance recovery claims, hazard mitigation, and fire management assistance will be paid when, and if, funds become available and will be provided on a first come, first serve basis.
3. Pursuant to the regulations, the State agrees to be the grantee for all grant assistance provided under the Stafford Act, with the exception of the Individuals and Households Program – Other Needs Assistance when it is administered under the FEMA option. The State agrees to comply with the requirements of laws and regulations found in the Stafford Act and 44 CFR. The State hereby waives any consultation process under Executive Order 12372 and 44 CFR Part 4, for grants, loans, or other financial assistance under the Stafford Act for this major disaster.
4. Within his/her authorities, the Governor shall ensure, through the State agency responsible for regulation of the insurance industry, that insurance companies make full payment of eligible insurance benefits to disaster victims and other recipients of Federal disaster assistance. The State also shall take all responsible steps to ensure that disaster victims are aware of procedures for filing insurance claims, and are informed of any State procedures instituted for assisting insured disaster victims. Further, the State shall take all actions necessary and reasonable to ensure that all recipients of Federal disaster assistance are aware of their responsibility to repay government assistance that is duplicated by insurance proceeds.
5. The State agrees, on its behalf and on behalf of its political subdivisions and other recipients of Federal disaster assistance, to cooperate with the Federal Government in seeking recovery of funds that are expended in alleviating the damages and suffering caused by this major disaster against any party or parties whose intentional acts or omissions may have caused or contributed to the damage or hardship for which Federal assistance is provided pursuant to the Presidential declaration of this major disaster.
6. The State agrees, on its behalf and on behalf of its political subdivisions and other recipients of Federal disaster assistance, to seek recovery of all funds that are expended in alleviating the damages and suffering caused by this major disaster against any party or parties

whose negligence or other tortious conduct may have caused or contributed to the damage or hardship for which Federal assistance is provided pursuant to the Presidential declaration of this major disaster. FEMA will treat such amounts as duplicated benefits available to the Grantee in accordance with 42 U.S.C. § 5155 and 44 CFR § 206.191.

**ATTACHMENT C**  
**MAKING PURCHASES USING FEDERAL GRANT FUNDS**  
**Federal Procurement and Contracting Requirements**

**Federal Procurement and Contracting Requirements:** A Sub-grantee is required to follow its own procurement procedures **as long as those procedures meet or exceed the federal procurement standards** established in 44 CFR 13.36. A brief summary of some of these federal requirements is as follows:

**A. Procurement Methods (44CFR 13.36(d))**

**i. Small Purchase Procedure (44 CFR 13.36(d)(1))**

- To purchase services and supplies of \$100,000 or less
  - Relatively simple and informal method
  - Cannot exceed simplified acquisition threshold of \$100,000
  - Must obtain price or rate quotation from adequate number of qualified sources (usually 3)
- Awarded based on lowest documented price quote

**ii. Sealed Bids (Formal Advertising) (44 CFR 13.36(d)(2))**

- For sealed bidding to be feasible, all of the following conditions should be present (generally used for construction and debris removal contracts):
  - A complete, adequate and realistic specification or description of project is available.
  - Two or more responsible bidders are willing and able to compete effectively.
  - Bids publicly solicited and advertised and a firm-fixed-price contract (lump sum or unit price) awarded
  - The procurement lends itself to a firm fixed price contract.
- If the sealed bid procurement method is used, the following requirements are applicable:
  - The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids.
  - The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond.
  - All bids will be publicly opened at the time and place prescribed in the invitation for bids.
  - A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of
  - Any or all bids may be rejected if there is a sound documented reason
- Contract awarded to the responsible bidder whose bid conforms with invitation for bid and whose bid is lowest in price

**iii. Competitive Proposals (44 CFR 13.36(d)(3))**

Generally used to purchase Architectural, engineering or professional and personal services when conditions are not appropriate for the use of sealed bids.

- Requests for proposals will be publicized and identify all evaluation factors and their relative importance.
- Any response to publicized requests for proposals shall be honored to the maximum extent practical.
- Proposals will be solicited from an adequate number of qualified sources.
- The Sub-grantee must have a method for conducting technical evaluations of the proposals received and for selecting awardees
- Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered
- The Sub-grantee may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in

procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

iv. **Noncompetitive (Sole Source) proposals (44 CFR 13.36(d)(4))**

The following conditions are applicable to all sole source or noncompetitive procurements:

- (1) **Competitive Procurement must be infeasible:** A noncompetitive procurement can only be used when the award of a contract is infeasible under small purchase order procedures, sealed bids or competitive proposals and one (1) of the following circumstances apply:
  - (A) The item is available only from a single source;
  - (B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
  - (C) The awarding agency (IDHS) authorizes noncompetitive proposals; or
  - (D) After solicitation of a number of sources, competition is determined inadequate.
- (2) **Cost analysis required:** Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.
- (3) **Awarding agency review may be required:** A Sub-grantee is required to submit the proposed procurement to IDHS for pre-award review (in accordance with 44 CFR 13.36(g)).]

**B. General Federal Procurement Standards (44 CFR 13.36(b)):**

- Contracts must be monitored by the Sub-grantee to assure compliance with terms, conditions and specifications of contracts or purchase orders.
- The Sub-grantee must maintain written code of standards governing award and administration of contracts (conflicts of interest, selection and award, etc.) and the Sub-grantee must comply with the applicable federal conflict of interest requirements established in 44 CFR 13.36(b)(3)
- The Sub-grantee will review proposed procurements to avoid unnecessary or duplicate purchases
- Intergovernmental agreements for procurement are encouraged
- Use of excess and surplus property is suggested when feasible
- Use of value engineering clauses in construction contracts of sufficient size is encouraged
- Contracts will be awarded only to responsible contractors possessing ability to perform
- Supporting documents must be maintained and include - rationale for method of procurement, selection of contract type, contractor selection or rejection and basis for contract price
- Use of time and material contracts is limited to situations where 1) no other contract is feasible, and 2) includes a ceiling price. (This must be documented)
- The Sub-grantee will have responsibility for settlement of all contractual and administrative issues arising out of procurements
- The Sub-grantee must have protest procedures to handle and resolve disputes relating to procurements

**C. Competition (44 CFR 13.36(c)):**

- All procurement transactions will provide full and open competition. Examples of restrictive competition include:
  - a. Unreasonable requirements on firms in order for them to qualify
  - b. Requiring unnecessary experience or excessive bonding
  - c. Noncompetitive awards to consultants on retainer
  - d. Organizational conflicts of interest
  - e. Specifying only brand name products
  - f. Any arbitrary action in the procurement process
