FEMA-STATE AGREEMENT

On April 22, 2009, the President declared that a major disaster exists in the State of Indiana. This declaration was based on damage resulting from severe storms, tornadoes, and flooding, during the period of March 8-14, 2009. This is the FEMA-State Agreement for this major disaster, designated FEMA-1832-DR, under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5206 (Stafford Act), in accordance with 44 CFR § 206.44.

1. No Federal assistance under the Stafford Act shall be approved unless the damage or hardship to be alleviated resulted from the major disaster that took place on March 8-14, 2009; except that reasonable expenses that were incurred in anticipation of and immediately preceding such event may be eligible.

2. Federal assistance under the Stafford Act and this Agreement shall be limited to the following areas of the State and such additional areas as may be subsequently designated by the FEMA:

Allen, Carroll, DeKalb, Fulton, Jasper, Kosciusko, Lake, LaPorte, Marshall, Noble, Pulaski, White, and Whitley Counties for Individual Assistance.

All counties in the State of Indiana are eligible to apply for assistance under the Hazard Mitigation Grant Program.

3. Any Federal funds provided under the Stafford Act for Public Assistance will be limited to 75 percent of total eligible costs in the designated area.

4. The Governor has requested the Individuals and Households Program, and agrees that the State will make available its 25% share of any "Financial Assistance to Address Other Needs" that is provided to individuals and households under Section 408 of the Stafford Act. The Governor also agrees to abide by the Memorandum of Understanding between FEMA and the State for administration and management of Section 408, Federal Assistance to Individuals and Households.

5. Funds are available on a 75 percent Federal cost share basis for hazard mitigation measures that could substantially reduce the risk of future damage, hardship, loss or suffering in any area within the State. Total Federal contributions shall not exceed 15 percent of the estimated aggregate amount of grants to be made (less any associated administrative costs) under this Act for this disaster.

6. Pursuant to 44 CFR § 206.208 if direct Federal Assistance is requested by the State, the Governor certifies that the State will; 1) provide without cost to the United States all lands, easements, and rights-of-ways necessary to accomplish the approved work; 2) hold and save the United States free from damages due to the requested work, and shall indemnify the Federal Government against any claims arising from such work; 3) provide reimbursement to FEMA for the nonfederal share of the cost of such work; and 4) assist the performing Federal Agency in all support and local jurisdictional matters.

7. Pursuant to Sections 403 and 407 of the Stafford Act, 42 U.S.C. §§ 5170b & 5173, the State agrees to indemnify and hold harmless the United States of America for any claims arising from the removal of debris or wreckage for this disaster. The State agrees that debris removal from public and private property will not occur until the landowner signs an unconditional authorization for the removal of debris.

EXHIBIT B

GENERAL CONDITIONS

FEMA and the State agree to take measures to deliver assistance to individuals, households, and governments as expeditiously as possible, consistent with Federal laws and regulations. To that end, the following terms and conditions apply:

1. Federal assistance will be made available, within the limits of funds available from Congressional appropriations for such purposes, in accordance with the Stafford Act, Executive Orders 12148 and 12673, and applicable regulations found in Title 44 of the Code of Federal Regulations (CFR), and applicable policy and guidance.

2. If necessary because of limited funds, FEMA will give first priority to assistance for individuals and households, emergency work for protection of public health and safety, and administrative costs for managing the disaster program. Public assistance recovery claims, hazard mitigation, and fire management assistance will be paid when, and if, funds become available and will be provided on a first come, first serve basis.

3. Pursuant to the regulations, the State agrees to be the grantee for all grant assistance provided under the Stafford Act. The State agrees to comply with the requirements of laws and regulations found in the Stafford Act and 44 CFR. The State hereby waives any consultation process under Executive Order 12372 and 44 CFR Part 4, for grants, loans, or other financial assistance under the Stafford Act for this major disaster.

4. Within his authorities, the Governor shall ensure, through the State agency responsible for regulation of the insurance industry, that insurance companies make full payment of eligible insurance benefits to disaster victims and other recipients of Federal disaster assistance. The State also shall take all responsible steps to ensure that disaster victims are aware of procedures for filing insurance claims, and are informed of any State procedures instituted for assisting insured disaster victims. Further, the State shall take all actions necessary and reasonable to ensure that all recipients of Federal disaster assistance are aware of their responsibility to repay government assistance that is duplicated by insurance proceeds.

5. The State agrees, on its behalf and on behalf of its political subdivisions and other recipients of Federal disaster assistance, to cooperate with the Federal Government in seeking recovery of funds that are expended in alleviating the damages and suffering caused by this major disaster against any party or parties whose intentional acts or omissions may have caused or contributed to the damage or hardship for which Federal assistance is provided pursuant to the Presidential declaration of this major disaster.

6. The State agrees, on its behalf and on behalf of its political subdivisions and other recipients of Federal disaster assistance, to seek recovery of all funds that are expended in alleviating the damages and suffering caused by this major disaster against any party or parties whose negligence

may have caused or contributed to the damage or hardship for which Federal assistance is provided pursuant to the Presidential declaration of this major disaster. FEMA will treat such amounts as duplicated benefits available to the Grantee in accordance with 42 U.S.C. § 5155.

2. Grantee shall follow cost-sharing requirements per 44 CFR § 13.24.
3. The Grantee shall transfer to FEMA the appropriate share, based on the Federal support percentage, of any refund, rebate, credit or other amounts arising from the performance of this agreement, along with accrued interest, if any. The Grantee shall take necessary action to effect

prompt collection of all monies due or which may become due and to cooperate with FEMA in any claim or suit in connection with amounts due.

4. Prior to the start of any construction activity, the Grantee shall ensure that all applicable Federal, State, and local permits and clearances are obtained including FEMA compliance with National Environmental Policy Act, the National Historic Preservation Act, the Endangered Species Act, and all other environmental laws and executive orders.

5. The Grantee is free to copyright any original work developed in the course of or under the agreement. FEMA reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish or otherwise use, and to authorize others to use the work for Government purposes. Any publication resulting from work performed under this agreement shall include an acknowledgement of FEMA financial support and a statement that the publication does not necessarily reflect FEMA's views.

6. The Grantee shall submit financial status reports, SF269 FF 20-10 to the FEMA regional office 30 days after the end of the first federal quarter following the initial grant award. (This initial report may be waived by the Disaster Recovery Manager). The Grantee shall submit quarterly financial status reports thereafter until the grant ends. Reports are due on January 30, April 30, July 30, and October 30. The Disaster Recovery Manager or the Regional Director may suspend drawdowns if quarterly reports are not submitted on a timely basis.

7. If applicable, the Grantee shall submit performance/progress reports for Public Assistance and Hazard Mitigation programs to the FEMA regional office 30 days after the end of the first federal quarter following the initial grant award. (The initial report may be waived by the Disaster Recovery Manager). The Grantee shall submit quarterly performance/progress status reports thereafter until the grant ends. Reports are due on January 30, April 30, July 30, and October 30. The Disaster Recovery Manager or the Regional Director may suspend drawdowns if quarterly reports are not submitted on a timely basis.

8. Per 44 CFR § 13.50, when FEMA and the State have completed the agreed upon grant activities, the State shall submit within 90 days a (1) request to close the program, (2) final financial status report (SF269 or equivalent), (3) final performance report required by each program, (4) list of equipment purchased under each grant's funds, (5) list of Federally-owned property, (6) other required forms specified by program regulation, and certifications, including evidence that all conditions of the grant have been complied with. FEMA will evaluate Grantee reports, perform the necessary financial reconciliation, negotiate necessary adjustments between the Grantee's and FEMA's records, and closeout the grant.

9. The grant, including all projects and/or activities approved under the grant, shall be completed within the time period prescribed in FEMA regulations and on the obligating documents. Written request for an extension will include information and documentation to support the amendment and a schedule for completion. No subsequent grant agreements, monetary increase amendments, or time extension amendments will be approved unless all overdue final financial or performance reports have been submitted by the Grantee to the appropriate Regional Office.

Exceptions to this policy can be approved only by the FEMA Regional Director or Disaster Recovery Manager.

10. OMB Circular A-87 shall be used to determine costs for non-profit hospitals funded under FEMA grants.

11. The certifications signed by the State on the FEMA-State Agreement relating to maintenance of a Drug-Free workplace (44 CFR Part 17, Subpart F) and New Restrictions on Lobbying (44 CFR Part 18) apply to this grant agreement and are incorporated by reference.

12. Either the Grantee or FEMA may terminate grant award agreements by giving written notice to the other party at least seven (7) calendar days prior to the effective date of the termination. All notices are to be transmitted via registered or certified mail, return receipt requested, to the FEMA Regional Director/Disaster Recovery Manager or the Governor's Authorized Representative, as applicable. The Grantee's authority to incur new costs will be terminated upon arrival of the date of receipt of the letter or the date set forth in the notice. Any costs incurred up to the earlier of the date of the receipt of the notice or the date of termination set forth in the notice will be negotiated for final payment. Closeout of the grant award will be commenced and processed as prescribed under Article IV. 8.

13. Records shall be retained for 3 years (except in certain rare circumstances described in 44 CFR § 13.42) from the date the final financial status report is submitted to FEMA in compliance with 44 CFR § 13.42.

MAKING PURCHASES USING FEDERAL GRANT FUNDS
Federal Procurement and Contracting Requirements

Federal Procurement and Contracting Requirements: A Sub-grantee is required to follow its own procurement procedures **as long as those procedures meet or exceed the federal procurement standards** established in 44 CFR 13.36. A brief summary of some of these federal requirements is as follows:

A. Procurement Methods (44CFR 13.36(d))

i. Small Purchase Procedure (44 CFR 13.36(d)(1))

- To purchase services and supplies of \$100,000 or less
 - Relatively simple and informal method
 - Cannot exceed simplified acquisition threshold of \$100,000
 - Must obtain price or rate quotation from adequate number of qualified sources (usually 3)
- Awarded based on lowest documented price quote

ii. Sealed Bids (Formal Advertising) (44 CFR 13.36(d)(2))

- For sealed bidding to be feasible, all of the following conditions should be present (generally used for construction and debris removal contracts):
 - A complete, adequate and realistic specification or description of project is available.
 - Two or more responsible bidders are willing and able to compete effectively.
 - Bids publicly solicited and advertised and a firm-fixed-price contract (lump sum or unit price) awarded
 - The procurement lends itself to a firm fixed price contract.
- If the sealed bid procurement method is used, the following requirements are applicable:
 - The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids.
 - The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond.
 - All bids will be publicly opened at the time and place prescribed in the invitation for bids.
 - A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of
 - Any or all bids may be rejected if there is a sound documented reason
- Contract awarded to the responsible bidder whose bid conforms with invitation for bid and whose bid is lowest in price

iii. Competitive Proposals (44 CFR 13.36(d)(3))

Generally used to purchase Architectural, engineering or professional and personal services when conditions are not appropriate for the use of sealed bids.

- Requests for proposals will be publicized and identify all evaluation factors and their relative importance.
- Any response to publicized requests for proposals shall be honored to the maximum extent practical.
- Proposals will be solicited from an adequate number of qualified sources.
- The Sub-grantee must have a method for conducting technical evaluations of the proposals received and for selecting awardees
- Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered

- The Sub-grantee may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

iv. **Noncompetitive (Sole Source) proposals (44 CFR 13.36(d)(4))**

The following conditions are applicable to all sole source or noncompetitive procurements:

- (1) **Competitive Procurement must be infeasible:** A noncompetitive procurement can only be used when the award of a contract is infeasible under small purchase order procedures, sealed bids or competitive proposals and one (1) of the following circumstances apply:
 - (A) The item is available only from a single source;
 - (B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
 - (C) The awarding agency (IDHS) authorizes noncompetitive proposals; or
 - (D) After solicitation of a number of sources, competition is determined inadequate.
- (2) **Cost analysis required:** Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.
- (3) **Awarding agency review may be required:** A Sub-grantee is required to submit the proposed procurement to IDHS for pre-award review (in accordance with 44 CFR 13.36(g)).]

B. General Federal Procurement Standards (44 CFR 13.36(b)):

- Contracts must be monitored by the Sub-grantee to assure compliance with terms, conditions and specifications of contracts or purchase orders.
- The Sub-grantee must maintain written code of standards governing award and administration of contracts (conflicts of interest, selection and award, etc.) and the Sub-grantee must comply with the applicable federal conflict of interest requirements established in 44 CFR 13.36(b)(3)
- The Sub-grantee will review proposed procurements to avoid unnecessary or duplicate purchases
- Intergovernmental agreements for procurement are encouraged
- Use of excess and surplus property is suggested when feasible
- Use of value engineering clauses in construction contracts of sufficient size is encouraged
- Contracts will be awarded only to responsible contractors possessing ability to perform
- Supporting documents must be maintained and include - rationale for method of procurement, selection of contract type, contractor selection or rejection and basis for contract price
- Use of time and material contracts is limited to situations where 1) no other contract is feasible, and 2) includes a ceiling price. (This must be documented)
- The Sub-grantee will have responsibility for settlement of all contractual and administrative issues arising out of procurements
- The Sub-grantee must have protest procedures to handle and resolve disputes relating to procurements

C. Competition (44 CFR 13.36(c)):

- All procurement transactions will provide full and open competition. Examples of restrictive competition include:
 - a. Unreasonable requirements on firms in order for them to qualify

 - e. Specifying only brand name products
 - f. Any arbitrary action in the procurement process

- The Subgrantee will take all necessary affirmative action steps to ensure that minority firms, women’s business enterprises, and labor surplus area firms are used when possible

E. Contract Cost and Price: (44 CFR 13.36(f))

- The Sub-grantee must perform cost or price analysis in connection with every procurement action
- The Sub-grantee must negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed.
- Costs and prices based on estimated costs will be allowable only to the extent that they are consistent with Federal cost principles.
- Cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

F. State Review: (44 CFR 13.36(f))

- The Sub-grantee must make available to the State technical specifications on proposed procurements and, on request, make pre award documents available i.e. requests for proposals or invitations for bids, independent cost estimates.
- Review is required in all cases when a Sub-grantee’s procurement procedure fails to comply with standards, procurement exceeds simple acquisition threshold and is awarded without competition or only one bid or offer is received, or is awarded to other than low bidder or brand name is specified.
- The Sub-grantee may request that its procurement system be reviewed to determine whether its system meets these standards, or the Sub-grantee may self-certify its procurement system

G. Bonding Requirements: (44 CFR 13.36(h))

For construction or facility improvement contracts exceeding \$100,000, the State may accept the Sub-grantee’s bonding policy and requirements. If such a determination has not been made, the following are minimum bonding requirements

- A bid guarantee from each bidder equivalent to five (5) percent of bid price
- A performance bond from contractor for 100% of contract price
- Payment bond of the part of the contractor for 100% of the contract price.
