

## January 2022 EMS Training Report

NREMT pass rates are enclosed in this report. These statistics are for examinations taken between January 1, 2021 and January 1, 2022, We are below the National average at all three levels now plus the number of examinations taken has decreased at all levels not only in Indiana but nationally as well.

We have implemented site visits to assist struggling programs. We are concentrating on visiting those programs who have between at 60 - 69% pass rate over the past 3 years. In the last 12 months we have visited 25 training institutions giving them support and advice as well as checking to see how they are implementing the skills portfolios into their training programs. In addition, each new program gets a site visit with the EMS Training Coordinator and the appropriate District Manager. There have been 9 new programs start in 2021.

Currently there are 28 programs at the EMT level that have at least a 70% first time pass rate and an additional 18 programs who reach at least 70% after 3 attempts at the NREMT. That leaves 38 programs who do not reach 70% within 3 attempts.

During 2021 there were 19 paramedic programs with students testing and of those 11 had at least an 80% pass rates within 3 attempts.

Also included is the 2020 course wrap-up. We had 147 adult courses and 47 high school for a total of 194. From those 194 courses 700 students passed the NREMT and became certified. The percentage figures represent the number of students passing verses the number eligible to test not the number that tested. Only 42% of the students eligible to test passed the NREMT.

Our 118 EMS Training Institutions put on 228 EMT courses in 2021 compared to 194 in 2020. There were 25 paramedic courses started in 2021 compared to 24 in 2020. The number of courses does not take into account the 2 areas where the School of EMS is currently holding classes.

National Registry Pass Rates January 1, 2021 to January 1, 2022

National or State	Level of Certification	Initial	3d Attempt	6 <sup>th</sup> Attempt	Total Attempts
