

DNR 30-DAY PUBLIC NOTICE

The Department of Natural Resources serves the DNR 30-Day Public Notice in order to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3.

The DNR 30-Day Public Notice is published weekly to serve notice of the latest permit applications received at the DNR, Division of Water. This Notice can be viewed on the web at <http://www.in.gov/dnr/water/> and can be provided by email upon written request. To receive the DNR 30-Day Public Notice as a weekly email attachment, email your full name and a valid email address to DNRPublicNoticeRecipient@dnr.IN.gov.

The permit applications and supporting documentation is available for public viewing on-line at <https://downunity.dnr.in.gov/#>. For questions concerning a permit application, contact the Division of Water, Technical Services Section, at (317) 232-4160 or toll free at 1-877-928-3755 and select 1 during the recorded menu narrative.

Petition for Public Hearing

A pre-action public hearing on an application may be requested by filing a written petition. For a petition to be considered valid it must:

1. contain the typed or legibly printed name and complete mailing address of each petitioner;
2. be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. affirm that each signatory to the petition satisfies the requirements of item 2; and
4. identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted. To request a pre-action public hearing, send the petition by email to water_inquiry@dnr.in.gov or by mail to:

IDNR, Division of Water
Technical Services Section
402 West Washington Street, Room W264
Indianapolis, Indiana 46204-2641

Notification of Department Action

A person may request that the Department notify them when a Department Action is issued. To be notified of a Department Action, send a request that includes the permit application number or the applicant name, project description and county to email address water_inquiry@dnr.in.gov or by mail to the address above.

Permit Application Numbers with a prefix of:

FW are being reviewed under the Flood Control Act, IC 14-28-1 and the Flood Plain Management Rule, 312 IAC 10

DNR 30-DAY PUBLIC NOTICE

Date: 6/12/2024

Application #: FW-32691-0

Received Date: 4/5/2024

Waterbody: Fall Creek

County: Marion

Applicant: CWA Authority Inc, John Trypus, 2020 North Meridian Street, Indianapolis, IN, 46202

Project Description: Consolidated sewer pipes, drop shafts, and a tunnel will be placed underground. The pipe will be 84" in diameter and extend a total of 343'. Surrounding an existing retrieval shaft will be concrete pavement and a chain-link fence. In addition, a three-sided structure will be constructed to house electrical components. It will be 22' long, 22' wide, and have a concrete foundation. An existing concrete access road will be removed and replaced.

Project Location: Approximately 200' west of the intersection of 39th Street and Orchard Avenue at Indianapolis

Application #: FW-32692-0

Received Date: 4/5/2024

Waterbody: East Fork White Lick Creek

County: Morgan

Applicant: TKC Properties LLC, , 6910 North Shadeland Avenue, Suite, 200, , Indianapolis, IN, 46220

Project Description: A drive-thru, parking area, and patio will be constructed.

Project Location: Approximately 550' southeast of the intersection of North State Road 67 and Southbridge Street at Mooresville

Application #: FW-32742-0

Received Date: 5/9/2024

Waterbody: Goose Creek

County: Morgan

Applicant: Morgan County Commissioners, Norman Voyles, 180 South Main Street, Martinsville, IN, 46151

Project Description: The existing 22' culvert crossing carrying Ballinger Road over Goose Creek will be replaced with a 19' 10" by 7' 8" aluminum structural plate arch structure. The existing structure has a low chord elevation of 638.86' NAVD 88 and the new structure will have a low chord elevation of 639.77' NAVD 88. Also, approximately 1060' of Ballinger Road will be realigned and straightened, with approximately 520' being within the floodway.

Project Location: The culvert replacement will occur at the Ballinger Road crossing with the road realignment within the floodway extending approximately 185' to the east and 345' to the west near Martinsville

Application #: FW-32754-0

Received Date: 5/20/2024

Waterbody: East Fork Sly Run

County: Hamilton

Applicant: City of Noblesville, , 16 South 10th Street, , Noblesville, IN, 46060

Project Description: The existing 84" diameter corrugated metal pipe culvert carrying Mill Creek Road over Sly Run will be replaced with a 10' x 8' concrete box culvert to accommodate a new trail. The culvert will be sumped 3' and will be extended beyond the original culvert length to accommodate the sidewalk to the west of Mill Creek Road.

Project Location: At the Mill Creek Road crossing at Noblesville

Application #: FW-32770-0

Waterbody: South Fork Blue River
Applicant: Jeff Quyle, 1504 I Street, Bedford, IN, 47421

Received Date: 6/4/2024
County: Washington

Project Description: The bridge carrying a railroad on the Monon South Trail over the South Fork Blue River will be converted into a bicycle and pedestrian bridge (Structure No. 10-010). Permanent impacts total approximately 0.018 acres for the placement of approximately 62.2 cubic yards of riprap that will be used as scour protection. The riprap will be placed within the existing scour areas around the piers with maximum dimensions of 37.7' long by 3' wide by 2' deep and will be shaped to match the existing stream contours. Temporary impacts total approximately 0.06 acres for the use of two sandbag cofferdams and dewatering equipment that will be placed for approximately 45 days. Temporary impacts will be restored to pre-construction conditions at the end of construction.
Project Location: At the stream crossing of the Monon South Trail and the South Fork Blue River, just upstream of the State Road 60 stream crossing near New Pekin

Application #: FW-32771-0

Waterbody: Highland Creek
Applicant: Jeff Quyle, 1504 I Street, Bedford, IN, 47421

Received Date: 6/4/2024
County: Washington

Project Description: The bridge carrying a railroad on the Monon South Trail over Highland Creek will be converted into a bicycle and pedestrian bridge (Structure No. 10-018). Permanent impacts total approximately 0.01 acres for the placement of approximately 33.5 cubic yards of riprap that will be used as scour protection. The riprap will be placed within the existing scour areas around the piers with maximum dimensions of 49.5' long by 5' wide by 2' deep and will be shaped to match the existing stream contours. Temporary impacts total approximately 0.06 acres for the use of two sandbag cofferdams and dewatering equipment that will be placed for approximately 45 days. Temporary impacts will be restored to pre-construction conditions at the end of construction.
Project Location: At the stream crossing of the Monon South Trail and Highland Creek, just south of the State Road 56 stream crossing near Salem

Application #: PL-24978-0

Waterbody: Webster Lake
Applicant: Phil Lavelle, 834 North 8th Street, Anderson, IN, 46016

Received Date: 3/12/2024
County: Kosciusko

Project Description: An underwater beach will be installed across 42' of shoreline on Webster Lake. The underwater beach will extend 50' lakeward and consist of a uniform layer of pea gravel.
Project Location: 307 North Stanley Street near North Webster

Application #: PL-25009-0

Waterbody: Cedar Lake
Applicant: Jeff and Linda Jenkins, 54310 Ridgeview Drive, Utica, MI, 48316

Received Date: 5/15/2024
County: Whitley

Project Description: A 18' by 18' underwater beach will be constructed across 18' of the approximate 50' frontage by placing a uniform layer of pea gravel on the lakebed.
Project Location: 1886 East Linker Road near Columbia City
