To claim your reservation, you must check in at the property office before 5:30 a.m. CT (6:30 a.m. ET) on the day of your hunt. Each managed dove field at Goose Pond FWA will be marked with evenly spaced and numbered stakes. Hunters who have been awarded a reservation may pick their preferred field and stake in order of their given draw number. If you do not claim your reservation by the times indicated above, your spot will be given to another hunter or forfeited entirely. You may bring one hunting partner with you during your hunt. You and your hunting partner will draw a single hunting stake and sit together.

You must carry with you and return the one-day access permit received upon drawing a unit. Each permit has an area to indicate your harvest records and additional information. Please fill your permits to the best of your ability. Permits can be returned at the property office or at any self-service kiosk around the property.

Hunters must stop hunting by 1 p.m. and be out of the field by 2 p.m. Sept. 1-3.

Area Information:

Goose Pond Fish & Wildlife Area (FWA), located 2 miles south of Linton, Indiana, provides quality outdoor recreation opportunities for both hunters and wildlife viewers. The 9,098-acre property is comprised mostly of wet marshland habitat in low lying areas and native prairies on the upland sides. Each year, hunters successfully harvest several species including deer, turkey, waterfowl, and quail.

The property has several managed dove fields available and will award reservations to 40 hunters each of the first three days of season. Most of our dove fields can be accessed by a brief walk and all fields will have parking nearby. We always attempt to leave standing cover near each stake for hunter concealment. The dove fields will differ in quality and size given the many factors that may affect the outcome of sunflower plantings. Accurate field maps will be posted to the property webpage when we can determine the success of each field. Maps can be found here around one month before season opens: [DNR: Fish & Wildlife: Goose Pond Fish & Wildlife Area](#).

The first three days of dove season are very popular at Goose Pond FWA we ask that each sportsman do their part to keep litter contained and showcase ethical hunting to help preserve our natural resources for generations to come.
