Area Information:

Kingsbury Fish & Wildlife Area is located south of La Porte, Indiana. Kingsbury is dedicated to providing quality outdoor recreational opportunities while maintaining 7,280 acres of grasslands, crop fields, thick brush, marsh areas and a 30-acre lake. The Kankakee River forms the south boundary. Kingsbury is located 4 miles east of U.S. 35 and is accessible from county road 500 South. It is 5.5 miles south of La Porte. Kingsbury is a remnant of the old Kingsbury Ordnance Plant which produced shells, cartridges and mortar rounds for World War II and the Korean conflict. The land was deeded to the State of Indiana in 1965 by the federal government, and wildlife management began at that time.

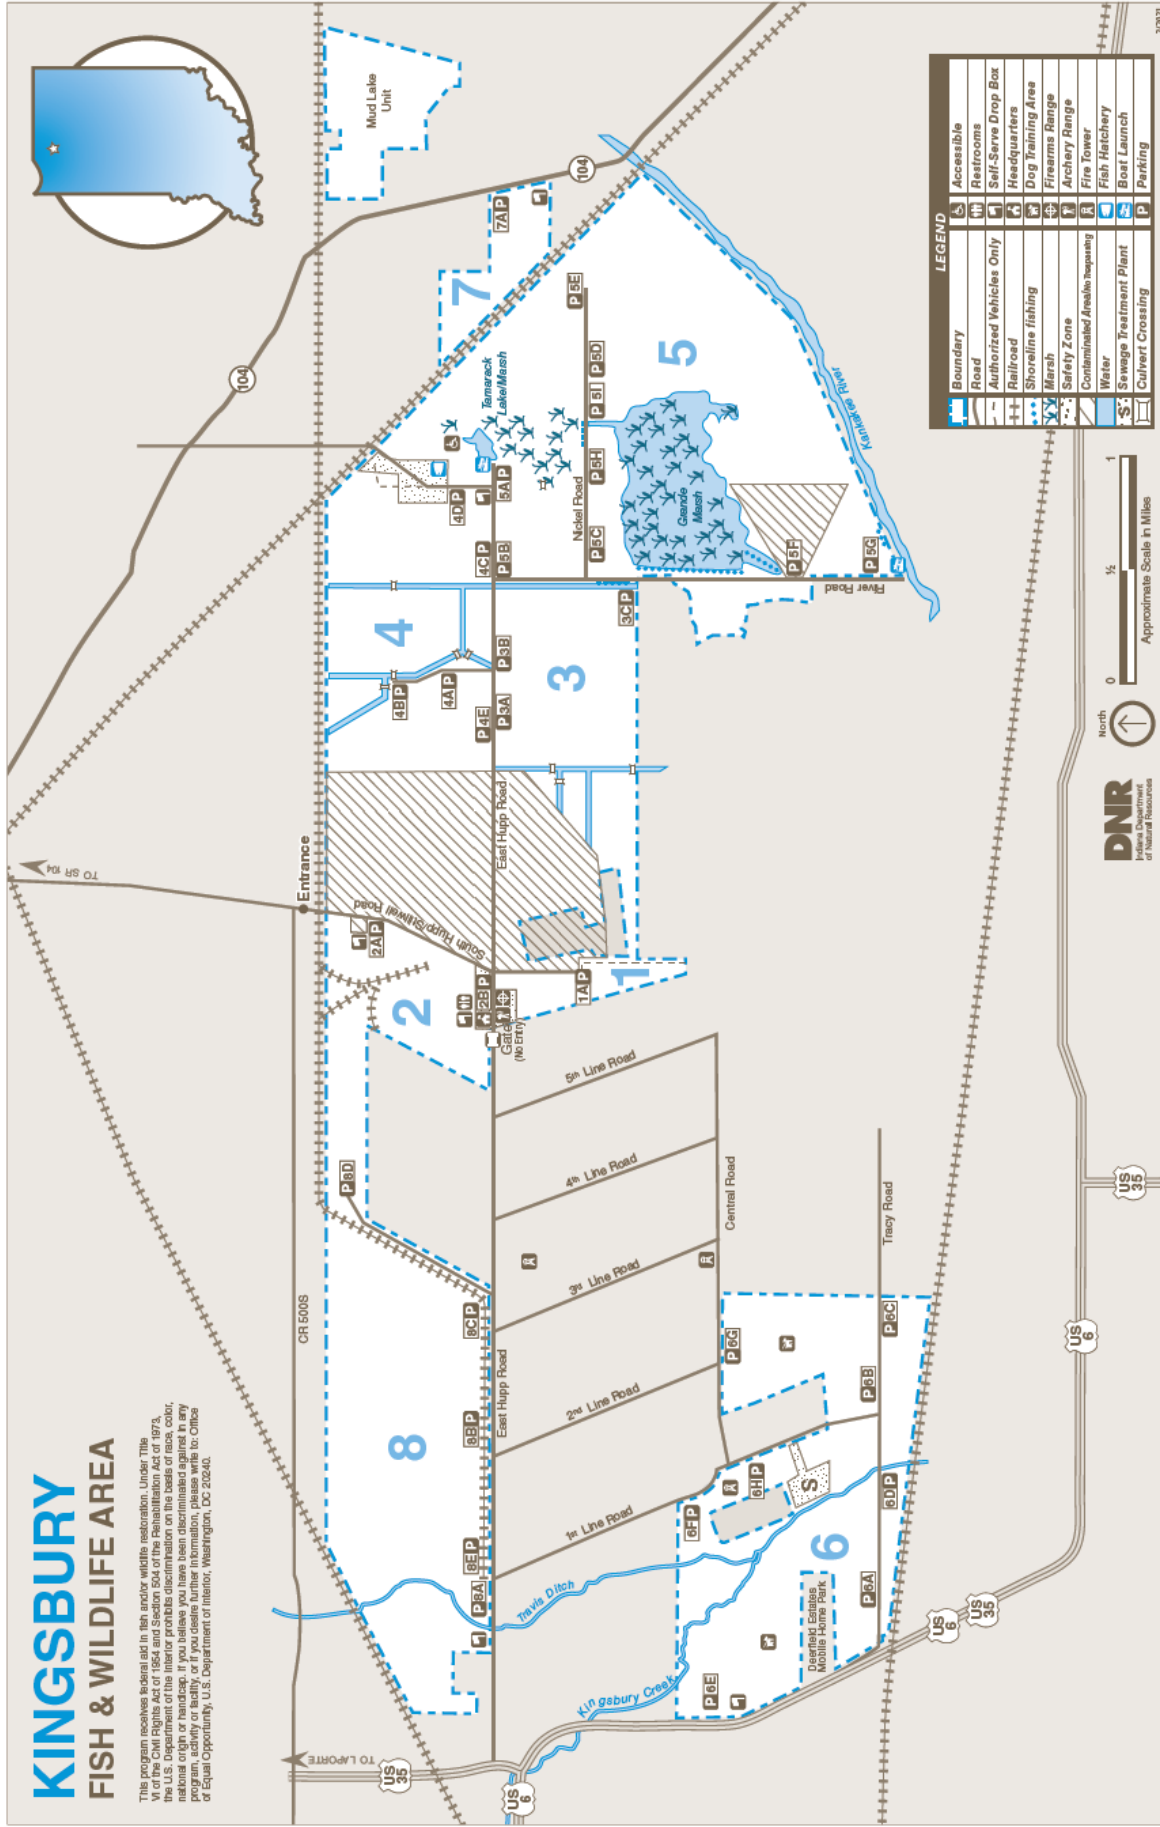

Kingsbury has reservations on Sundays for 5 hunting parties. A drawing is held each morning of the waterfowl season at 4:30 am central time.
