

**Provider:** Indiana Online

**Course Code:** 4524

**Content Area:** CTE: Business, Marketing, Information Technology, Entrepreneurship

**Course Delivery:** Online

**Enrollment Type:** Continuous

**Enrollment Deadline:** None

**Course Description:**

Accounting Fundamentals Semester 1 introduces students to the language of business and introduces the basic principles of accounting, focusing on Generally Accepted Accounting Principles (GAAP) and the procedures used for businesses in the service industry. Students will learn double-entry accounting and how to manage financial records manually. Emphasis is placed on accounting principles as they relate to both manual financial systems. Key topics include understanding, analyzing, and recording business transactions, as well as preparing, analyzing, and interpreting financial reports to support business decision-making.
