

NOTICE OF REQUEST FOR QUALIFICATIONS

The Indiana Department of Transportation ("INDOT") is requesting interested teams ("Proposers") to submit a statement of qualifications ("SOQs") to design and build the I-65/I-70 North Split Project (the "Project") in Marion County, Indiana, as described below and in the Request for Qualifications ("RFQ"), through a public-private partnership agreement ("PPA") with INDOT.

I-65 and I-70 are nationally significant corridors, serving the Midwest and United States in four directions. The I-65/I-70 North Split is the second-most heavily traveled interchange area in Indiana, accommodating about 214,000 vehicles per day. The Project involves reconstruction of the I-65/I-70 North Split. The Project will improve the safety and operations of the interchange and includes replacement or rehabilitation of all bridges and replacement or construction of approximately 27 lane-miles of pavement.

The RFQ has been posted on the INDOT website at <https://www.in.gov/dot/div/contracts/NorthSplit/NorthSplit.htm>.

INDOT will evaluate the SOQs submitted by Proposers in response to the RFQ as more fully described therein. If an SOQ is found responsive, INDOT will then evaluate the SOQ on the criteria described in the RFQ and determine a short-list of Proposers qualified to submit Proposals for the Project. Only short-listed SOQ Proposers will be eligible to respond to a Request for Proposals ("RFP") to act as Design-Build Contractor of the Project expected to be issued by INDOT.

All responses to the RFQ must be filed with INDOT no later than 12:00 p.m., noon, (EST) on May 17, 2019 as more fully described in the RFQ posted on the INDOT website.
