STEP 2: After selecting the link, you should be taken to a screen that looks like the following:

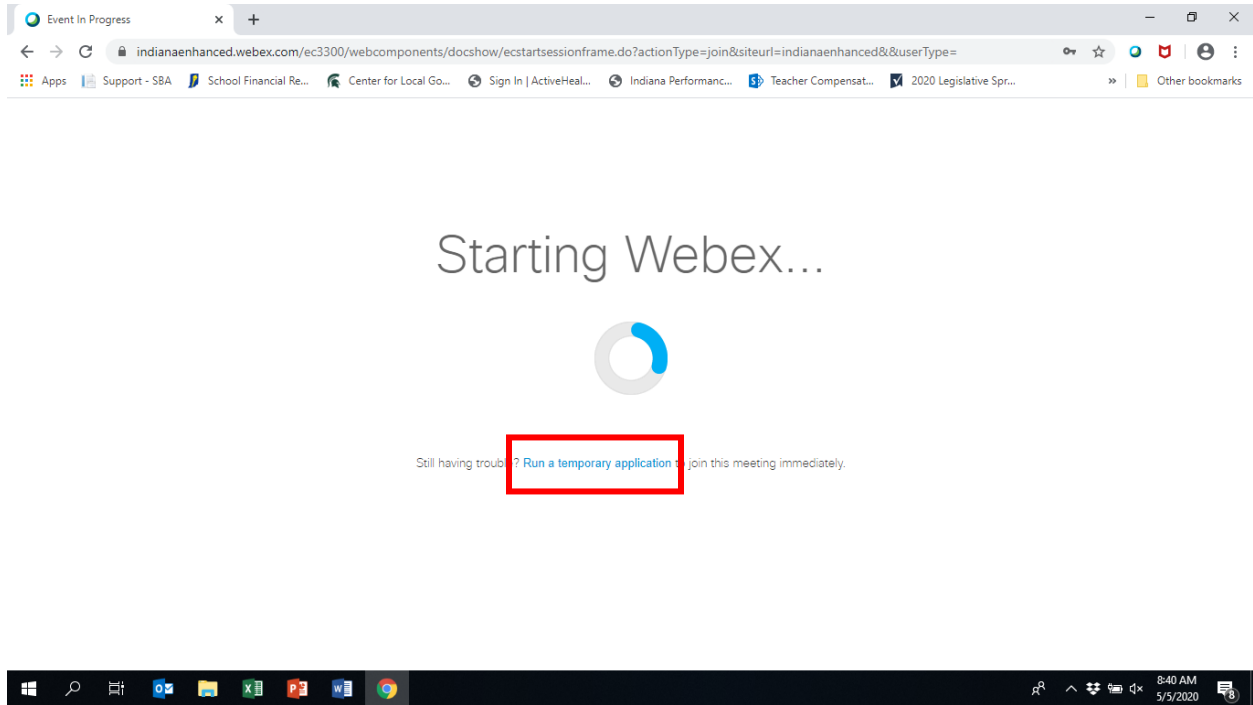

Fill out the Join Event Now information (in the red square above). You will need to enter your email address and the Attendee password (see below).

Attendee Password: DUAB

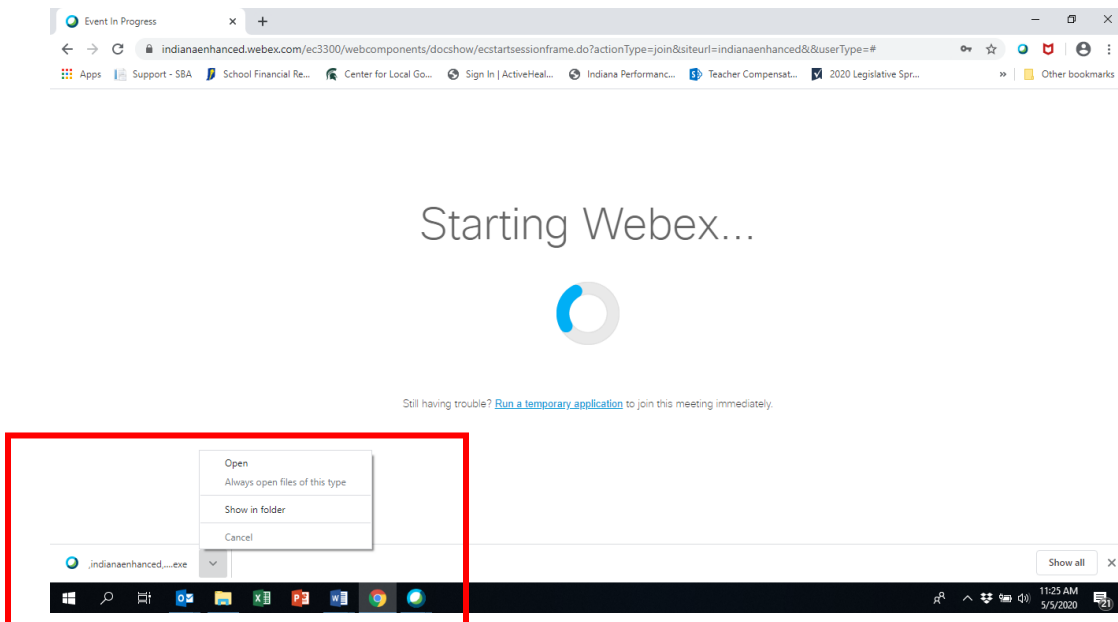

Hit Join Now.

STEP 3: You should be taken to a screen that looks like the below. For most people, this screen will move on to the next screen after 10-15 seconds. If it moves to the next screen, then skip to Step 4 below.

If the screen does not automatically advance, you can click the “Run a temporary application” button to advance to the meeting. If you do this, follow the steps

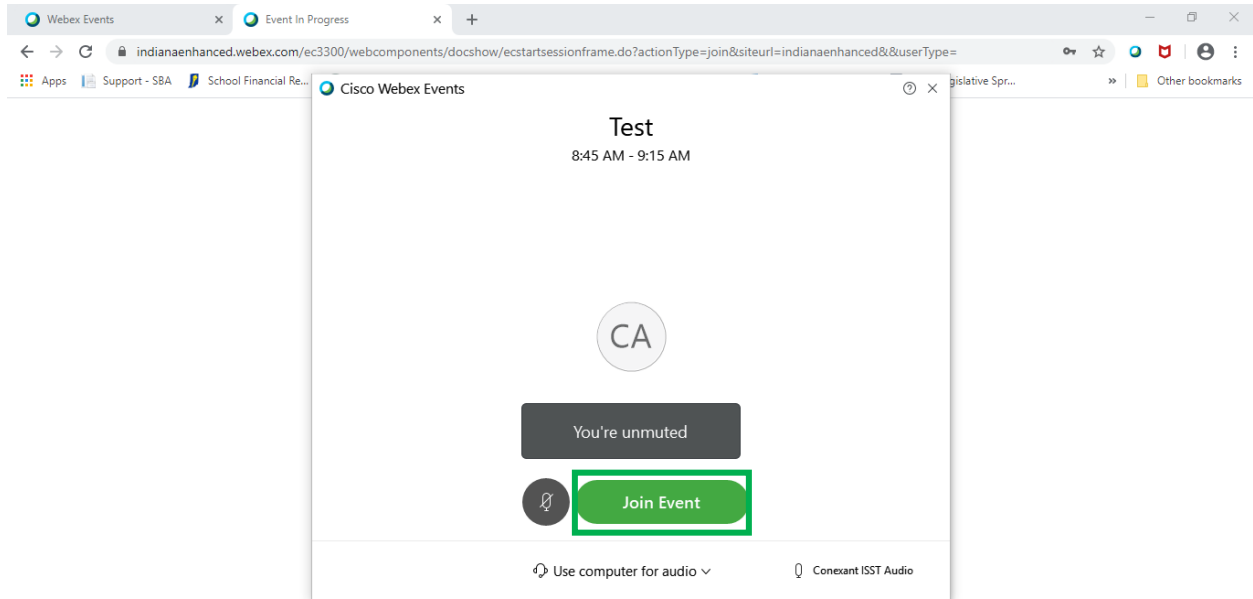

A file should show up in your download bar at the bottom of the screen. Select the arrow next to the file name and select Open.

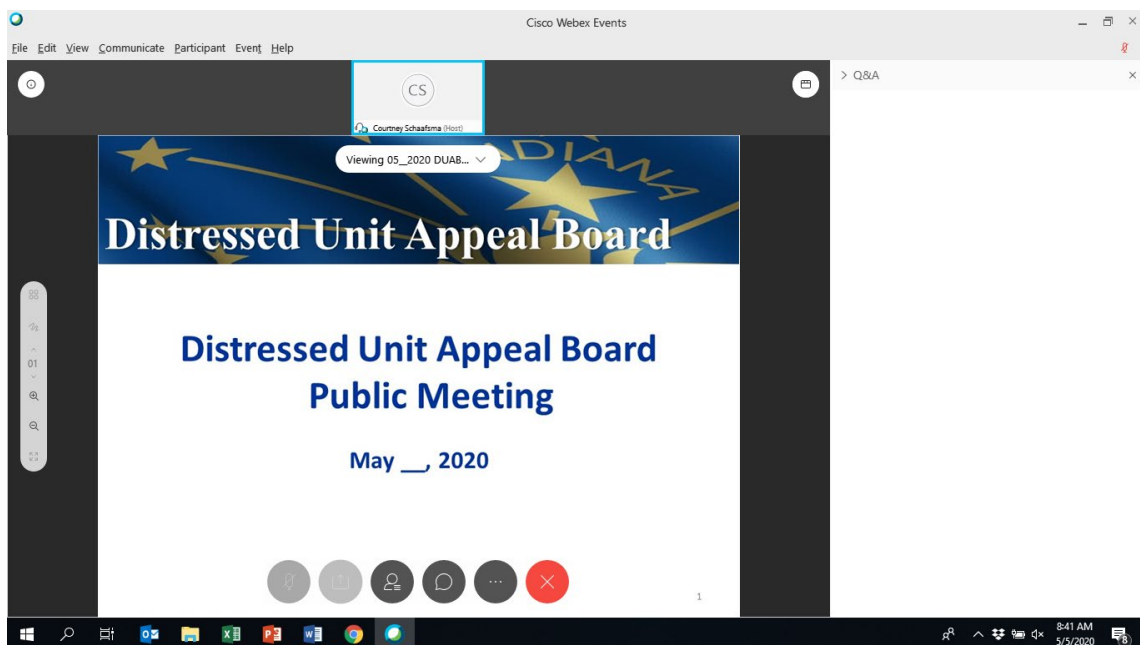

STEP 4: You should then see something similar to the screen below. Attendees will be muted during the meeting and will not be able to display video.

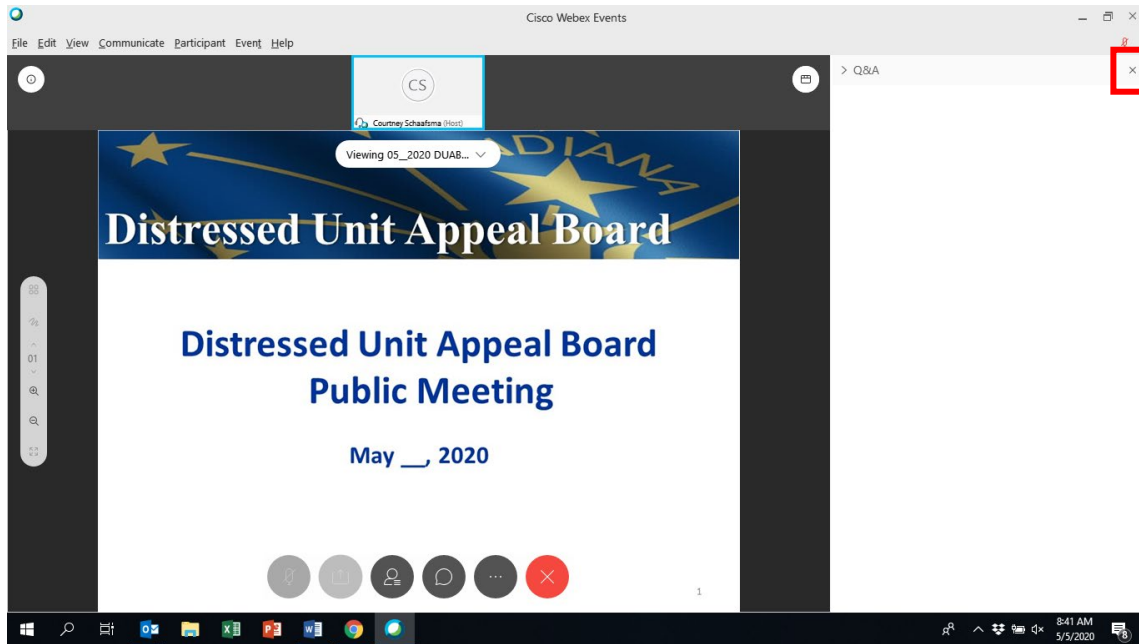

Press Join Event (in green box below).

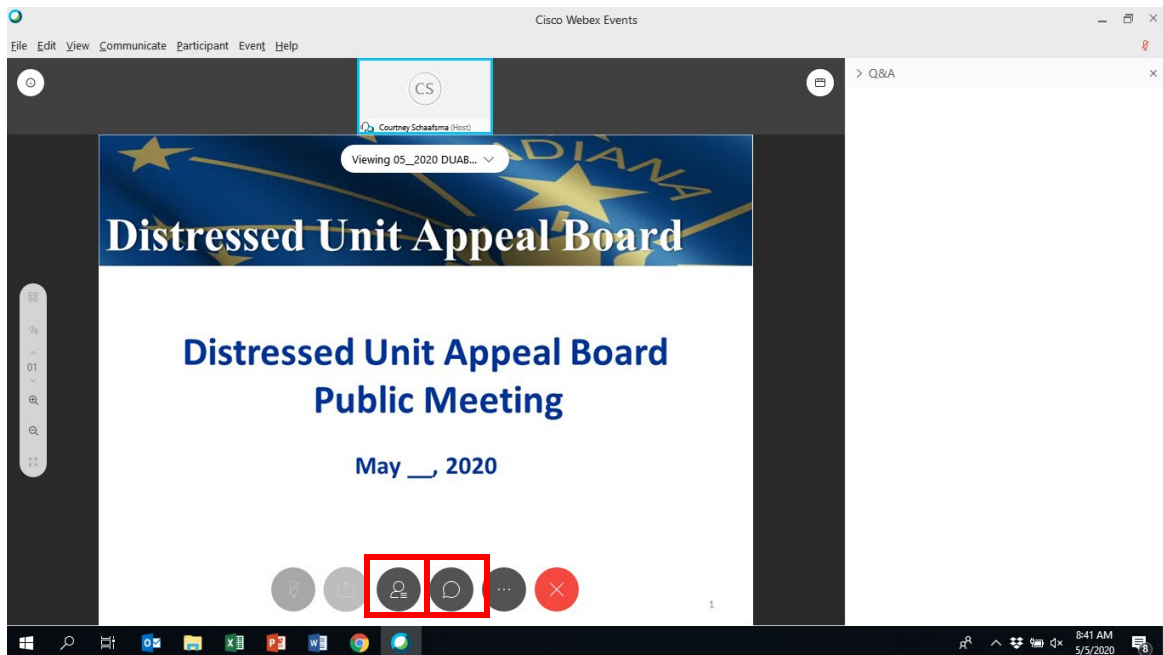

It may take a few seconds, but you should then be connected to the meeting and see a screen that looks similar to the screen below.

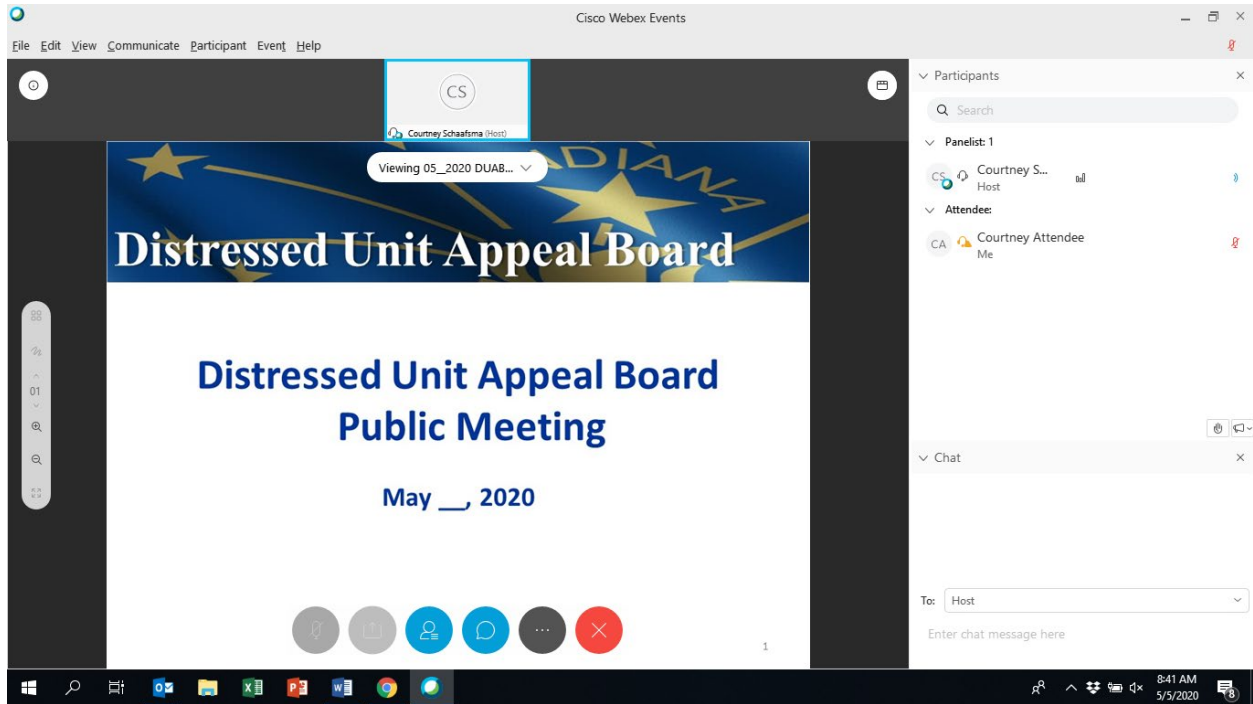

STEP 5: During the meeting, if any issues arise, we will use the Chat function, rather than the Q&A function. So, it is easiest to close the Q&A panel. To do so, click on the “x” next to Q&A (in red box on image below).

STEP 6: Now, open the participant and chat windows. To do so, drag your cursor on the screen until a bar of icons pops up towards the bottom of the screen. Select the two buttons that are in red squares below.

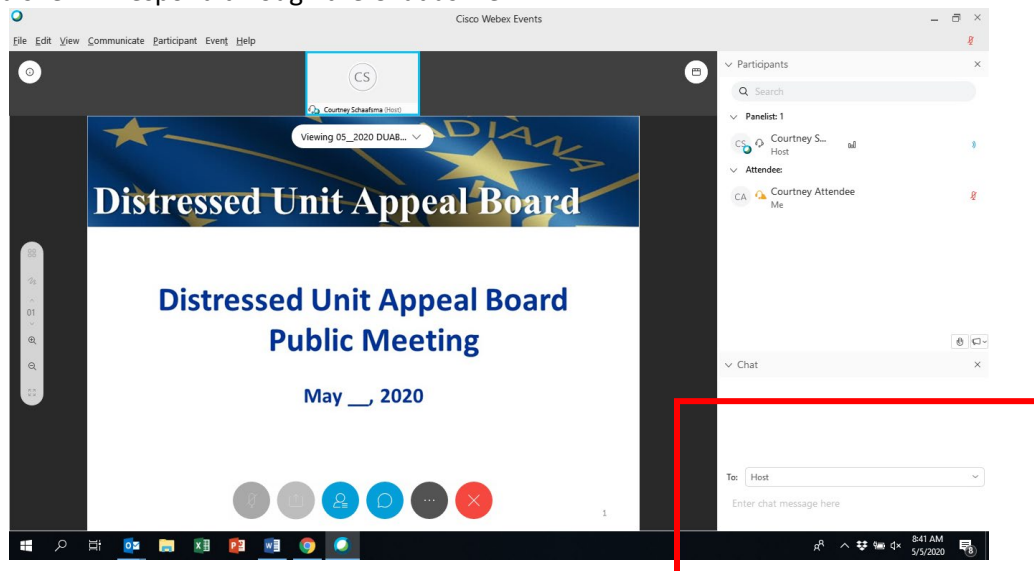

Your screen should now look like this:

STEP 7: Be sure your computer speakers are turned on in order to hear the panelists/presenters talking.

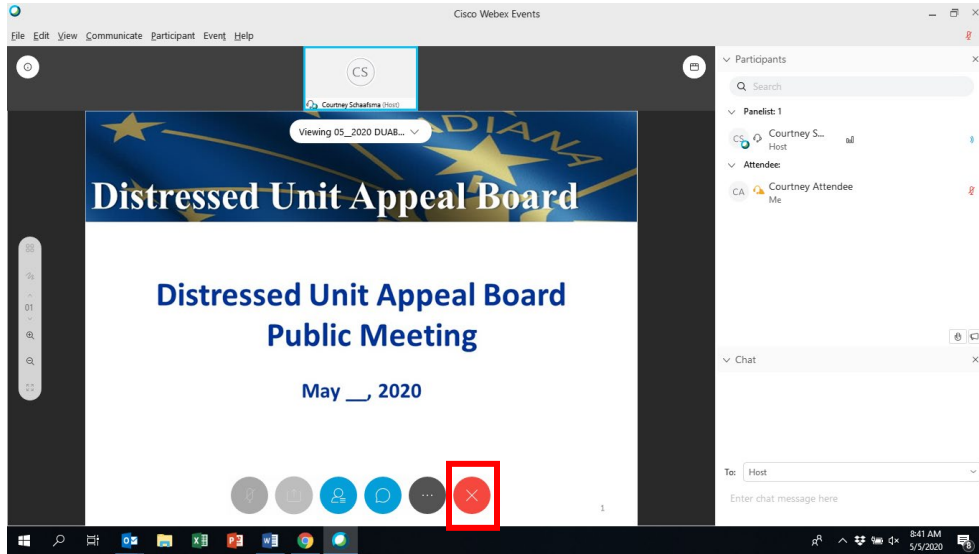

DURING THE MEETING

CHAT: During the meeting, if you encounter any issues, you can chat with the host of the event. To do so, type your message at the bottom of the Chat panel and hit Enter. Your message will go to the host directly and she will respond through the Chat as well.

LEAVING THE MEETING

To leave the meeting, select the red X towards the bottom of the screen.

After you leave, the following survey will pop up. This survey is auto-generated by WebEx. Responses to the survey will not go to DUAB. If you have comments for DUAB, please email them to duab@duab.in.gov.
