

MEMORANDUM

TO: Area Vocational Directors

FROM: Chris Deaton, Director
Adult/Career & Technical Education

DATE: July 22, 2014

SUBJECT: Fall Data Eliminated Fields

We will no longer require some of the fields in the fall data that have been required in past years.

- Student's Gender
- Race/Ethnic
- Spec Cons (Special Considerations)
- Dis Adv (Disadvantaged Code)

We will get this information from DOE and will get it back to you sometime between October and January. The timelines will become clearer after we complete one year receiving this data from DOE.

If you need any information from these fields before January 1, 2015 (to be safe), you will need to collect it as you always have.
