Upcoming Building Bridges events

The Bureau of Disabilities Services is excited to announce that we will be hosting another round of Building Bridges events.

Building Bridges events are opportunities for individuals with disabilities and their families to meet and speak with the Bureau of Disabilities Services staff. These events will allow for individuals and families to ask questions and share their feedback as well as discuss any other concerns or successes with bureau services. These meetings are solely for families and individuals with disabilities to provide a forum for constructive and valuable conversations on successes and concerns, as well as providing suggestions or input for positive change.

It is the desire of BDS that these meetings will allow for meaningful conversations that result in positive outcomes and stronger relationships. We hope you will consider joining us!

Following are the dates, times and locations for the next in person meetings.
