

# MEDICAID STATE HEALTH PLAN SERVICES VS. MEDICAID WAIVER SERVICES

## MEDICAID STATE PLAN:

A health insurance plan that provides coverage for medically necessary services. For more information, see the [IHCP Home Health Module](#). **Some examples of services offered under Medicaid state health plan:**

- » Chiropractic services
- » Dental services
- » Durable and home medical equipment and supplies
- » Early and periodic screening services
- » Emergency services
- » Home health services
- » Hospice services
- » Hospital services
- » Medical supplies and equipment
- » Mental health and addiction services
- » Nursing facility services
- » Physician services
- » Prescription drugs and some over-the-counter drugs
- » Transportation services
- » Wellness visits and well-child visits
- » Vision services

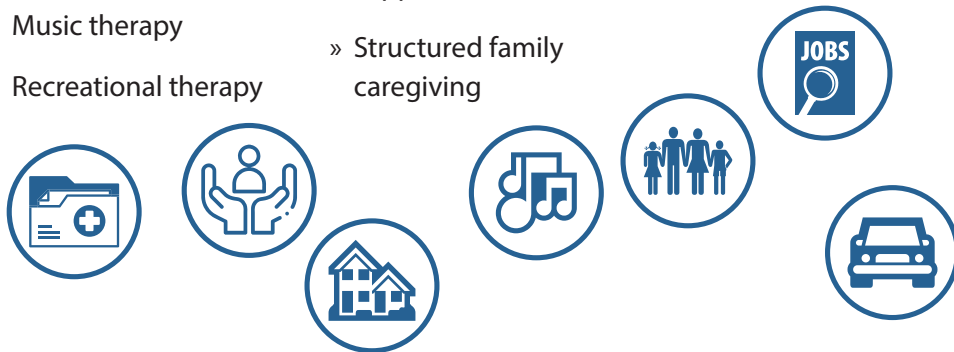

## WAIVER SERVICES:

An array of home and community-based services that promote community living for Medicaid beneficiaries. Waiver services complement and/or supplement the services that are available through the Medicaid state plan and other federal, state and local public programs as well as the supports that families and communities provide to individuals. Waiver services are the payer of last resort. For more information, see the [DDRS HCBS Waivers Module](#).
