INDIANA HORSE RACING COMMISSION
1302 North Meridian Street, Suite 175
Indianapolis, IN 46202

1	I. Call to Order	4
2	II. Approval of Memorandum from March 26, 2024, Meeting and Executive Session memorandum	4

3 AGENDA

4	1. Consideration of Settlement Agreement between the IHRC Commission Staff and Brad H. Cox	5
5	2. Consideration of the ALJ's Nonfinal Order of Parties' Cross Motions for Summary Judgment dismissing 6 Petitioner's appeal in the matter of Bobby Brower v. IHRC Staff	7
7	3. Review of 2024 Year-To-Date Commission Rulings as of June 15, 2024	31
8	4. Review of 2024 Year-To-Date HISA Rulings as of June 15, 2024 and HIWU Rulings as of June 30, 2024	31
9	5. Ratification of Executive Director's probationary approval of Churchill Downs Technology Initiatives 10 Company request to suspend the majority of its live operator assisted wagering capacity	32
11	6. 2024 Community Giving Report - presentations from Harrah's Hoosier Park and Horseshoe Indianapolis	34
12	7. Recap of Eclipse Day at Horseshoe Indianapolis that took place on April 8, 2024	39
13	8. Seasonal race meet updates from racetracks	42
14	9. Request from Standard Breed Development Advisory Committee to Amend 2024 approval	52
15	10 Consideration of Request from QHRAI to transfer ADW funds to supplement Quarter Horse purse account	57
16	11. Rulemaking Update	59
17	12. HISA Update	65
18	13. Review and consideration of Racing Capital Fund Committee expenditures approved and submitted by Fund committee members as well as Community Center update	79
19	14. Delegation of authority to conduct racing business to Executive Director	89
20	15. Upcoming VICI public comment deadlines and date	91
21	ADJOURNMENT	92

1 CHAIRMAN BORST: Okay. Thank you all for
2 being here. I think we'll call this meeting of the
3 Indiana Horse Racing Commission to order. First we
4 want to swear in our good court reporter.

5 (At this time the oath was administered to the
6 court reporter by Chairman Borst.)

7 CHAIRMAN BORST: I want to thank Eric, Joe,
8 and everybody for hosting us again here. It's
9 always nice. And I think all the horse people like
10 to be here too because it's good parking, and it's
11 a nice place. And Hoosier is too, Rick. We like
12 going there too.

13 RICK MOORE: Thank you, Chairman.

14 CHAIRMAN BORST: Didn't want you to feel bad.

15 COMMISSIONER LEVENGOOD: Didn't want you to be
16 left out.

17 CHAIRMAN BORST: Okay. So we have three
18 commission members present, and we have
19 Commissioner Estes and Commissioner McCarty on the
20 phone. So we have a quorum. We have everybody.

21 First on the agenda is the approval of
22 memorandum of March 26, 2024, meeting and executive
23 session memorandum. I think we do need a motion
24 and a vote, don't we?

25 MR. EGGIMAN: Yes.

1 COMMISSIONER LEVENGOOD: So moved.

2 COMMISSIONER MCCARTY: Second.

3 CHAIRMAN BORST: Been moved and seconded. Any
4 discussion? Seeing none, all those in favor say
5 "aye."

6 THE COMMISSION: Aye.

7 CHAIRMAN BORST: Whoops, got a roll car.

8 Whoops, hold on. Roll call vote, I caught myself.

9 MR. EGGIMAN: Chairman Borst.

10 CHAIRMAN BORST: Aye.

11 MR. EGGIMAN: Commissioner McCarty.

12 COMMISSIONER MCCARTY: Aye.

13 MR. EGGIMAN: Commissioner Estes.

14 COMMISSIONER ESTES: Aye.

15 MR. EGGIMAN: Commissioner Levengood.

16 COMMISSIONER LEVENGOOD: Aye.

17 MR. EGGIMAN: Commissioner McCuaig.

18 COMMISSIONER MCCUAIG: Aye.

19 CHAIRMAN BORST: We passed the minutes
20 unanimously. We got one good thing done.

21 Next on the agenda is the consideration of the
22 settlement agreement between the Indiana Horse
23 Racing Commission Staff and Brad H. Cox.

24 MR. EGGIMAN: I can take this one, Chairman
25 Borst.

1 CHAIRMAN BORST: You got this.

2 MR. EGGIMAN: Commissioners, you have in your
3 packet the settlement agreement that was fully
4 executed in March of 2024 between Commission Staff
5 and trainer Brad Cox in regard to an administrative
6 complaint issued in 2023 for an alleged medication
7 violation. Mr. Cox agreed to pay a fine of \$500
8 for the violation alleged in the administrative
9 complaint. He also agreed to disqualification of
10 the horse and to forfeit the purse for the race in
11 question.

12 At this time, Commission Staff respectfully
13 requests approval of the settlement agreement
14 between Commission Staff and Mr. Cox.

15 CHAIRMAN BORST: Anybody have any questions
16 after reading the briefs and all? Seeing none, I
17 guess, we'll accept a motion.

18 COMMISSIONER MCCARTY: I move for approval of
19 the settlement agreement.

20 COMMISSIONER LEVENGOOD: Second.

21 CHAIRMAN BORST: It's been moved and seconded.
22 Any further questions? Seeing none, we will do the
23 roll call.

24 MR. EGGIMAN: Chairman Borst.

25 CHAIRMAN BORST: Aye.

1 MR. EGGIMAN: Commissioner McCarty.

2 COMMISSIONER MCCARTY: Aye.

3 MR. EGGIMAN: Commissioner Estes.

4 COMMISSIONER ESTES: Aye.

5 MR. EGGIMAN: Commissioner Levengood.

6 COMMISSIONER LEVENGOOD: Aye.

7 MR. EGGIMAN: Commissioner McCuaig.

8 COMMISSIONER MCCUAIG: Aye.

9 CHAIRMAN BORST: It passes unanimously.

10 Next on the agenda is consideration of
11 Administrative Law Judge's Nonfinal Order on
12 Parties' Cross-motions for Summary Judgment
13 Dismissing Petitioner's Appeal on the matter of
14 Bobby Brower verse the Indiana Horse Racing
15 Commission Staff, Administrative Cause No. and all
16 that. I think, Matt, would you like to introduce
17 the subject and how we're going to handle it?

18 MR. EGGIMAN: I can. Yes, thanks, Chairman
19 Borst. For this agenda item, Deputy Attorney
20 General Clarence Leatherbury will act as the
21 Commission's counsel. Commission Staff is and has
22 been represented by general counsel David
23 Rothenberg. Mr. Brower is represented by Pete
24 Sacopulos, who is present today.

25 In January and February of this year, both

1 parties filed motions for summary judgment in this
2 matter. And both parties filed responses to each
3 other's original motions. On April 17, 2024, ALJ
4 Tracey Yeager issued her nonfinal order, which
5 recommends entering summary judgment in favor of
6 the IHRC Staff and against Petitioner, Mr. Brower.

7 In accordance with Indiana Code
8 4-15-10.5-12(b) and pursuant to Indiana Code
9 4-21.5-13-29(d), Mr. Brower was given 15 calendar
10 days from receipt of the recommended order to file
11 written exceptions with the Commission. Mr. Brower
12 filed a written exception, and both parties filed
13 briefs on the subject.

14 The Commission has granted each side up to ten
15 minutes for oral presentation followed by questions
16 by the Commission. As the party filing written
17 exceptions with the Commission, Mr. Sacopulos will
18 present first followed by Mr. Rothenberg.

19 Following any questions from the Commission, the
20 Commission will vote to accept, reject, or modify
21 ALJ Yeager's nonfinal order.

22 Mr. Sacopulos, the mic is yours.

23 MR. SACOPULOS: Good morning. And thank you
24 for this opportunity. I'm here on behalf of Bobby
25 Brower. I think that in presenting this to you

1 today, I would like to take a moment to give a
2 little historic perspective because this is not the
3 normal matter that comes before this Commission.
4 This dates back to 2016 when Mr. Brower received a
5 complaint that was filed against him for
6 mistreating a horse. Mr. Brower then filed an
7 answer to that complaint and filed it timely.

8 The staff at the time, which is not the
9 current staff, was not the current staff, moved to
10 default Mr. Brower. Mr. Brower had timely filed an
11 answer and objected to the default, but the ALJ
12 entered the default order against him. Mr. Brower
13 then appealed to this Commission, which affirmed
14 the ALJ's position in defaulting him. And so
15 Mr. Brower was in the position of seeking judicial
16 review.

17 He went to an Indiana trial court. The court
18 heard the arguments and found that the
19 administrative law judge, not the administrative
20 law judge that has issued the order that's here
21 before you today, had abused his discretion and
22 reversed the decision and sent it back for a
23 hearing on the merits.

24 When it got sent back, Mr. Brower was stuck
25 with the same administrative law judge, the one

1 that had abused his discretion and ruled against
2 him. He felt that he had been prejudiced and asked
3 for a different administrative law judge. That was
4 rejected. He then asked that the administrative
5 law judge that he was assigned to be disqualified.
6 That administrative law judge ruled on that very
7 motion and denied it, not surprising.

8 Mr. Brower was then in a very precarious
9 situation. He ended up striking a deal with the
10 Indiana Horse Racing Commission for a four-year
11 suspension. He served that suspension without
12 incident. And that agreement contained a provision
13 that prohibited him from reapplying for seven
14 years. When Mr. Brower's four years was up, he was
15 going to move to Ohio. He never intended to come
16 back to Indiana and race. But when he went there,
17 they said you have to get a license in Indiana
18 first. So when he attempted to do that, the
19 problem was he needed to get an Indiana license
20 first. So he went to other jurisdictions and
21 tried, again, the same problem.

22 So finally at that point his only option was
23 to apply here to try to get this license. So he
24 filed an application. He had a hearing before the
25 judges. The judges heard evidence, heard

1 testimony. Mr. Brower testified. IHRC licensed
2 veterinarian Keith Hollendonner testified on his
3 behalf as to the treatment to his horses. Hundreds
4 of pages of exhibits were admitted. And the judges
5 at the conclusion of that matter denied his
6 application, and his application has been denied.

7 He then appealed that decision. And then an
8 ALJ Judge Yeager was assigned to the matter. And
9 as Mr. Eggiman said, summary judgments were filed
10 for both sides, cross summary judgments. The judge
11 ruled in favor of the race commission.

12 We believe that that ruling is an error for
13 three main reasons. One is is that subsequent to
14 the original agreement that was entered into, the
15 Indiana Horse Racing Commission and its attorneys
16 and I were trying to work out some type of an
17 agreement to get Mr. Brower back in the race. He
18 had served his four years.

19 So there was ultimately a subsequent ruling by
20 the Indiana judges at Hoosier Park. And that
21 ruling rescinded, the words were rescinded and
22 superseded the prior agreement. And it contained
23 language that he had served his four years, and
24 that this seven-year provision was voluntary.

25 When the judge made her ruling, she did not

1 consider the April 12, 2022, subsequent ruling. So
2 she was considering a ruling that had been
3 superseded and rescinded. So we believe that to be
4 an error.

5 We also believe to be an error the fact that
6 the reason that Mr. Brower's license was denied was
7 because of the seven-year period not to reapply.
8 If you look at the statutory provision in Indiana
9 that governs whether someone's license when they
10 apply can be kept out of horseracing can be denied,
11 it's found statutorily at 4-31-6-6.

12 If you look there, there's a whole list of
13 reasons why the race commission can deny a license,
14 18, 19, 20 different reasons. But nowhere in that
15 list is a reason that says a person voluntarily
16 said I won't reapply. That's not a sanction. So
17 it's not there.

18 There were depositions taken in this case.
19 Depositions of Executive Director Deena Pitman and
20 the chief or the head judge at Hoosier Park, Kevin
21 Gumm. Both of them testified that the sole reason
22 that they denied this license was because of the
23 seven-year provision. A provision that does not
24 appear in that statutory list of reasons why a
25 license can be denied. So we take exception with

1 the recommended order for that reason as well.

2 The third reason is is that the Indiana Trial
3 Rule 56 governs summary judgments. Both people in
4 this case filed summary judgments, cross summary
5 judgments. Trial Rule 56(e) talks about what can
6 be used to support a summary judgment. Those are
7 affidavits. We submitted on behalf of Mr. Brower
8 an affidavit of his own and one of Howard Taylor,
9 an attorney licensed in the state of Pennsylvania
10 as an equine lawyer and has appeared before this
11 Commission.

12 The administrative law judge found both of
13 those affidavits despite the fact they comply to
14 Trial Rule 56; sworn under oath, made of personal
15 knowledge, set forth facts that are specific to
16 this case, found both of them to be hearsay and did
17 not consider those. For these reasons, we believe
18 this rule to be, this ruling to be wrong, and we
19 are opposing that.

20 I want to make this as short as I can, but I
21 want to conclude with one thing. I have appeared
22 before this Commission many times. One of the
23 things that has constantly been said by this
24 Commission is that they want to enforce these rules
25 consistently and fairly. I think that is one of

1 the driving forces of why we have HISA, the
2 Horseracing Integrity and Safety Act; talked about
3 uniformity, talked about fairness, talked about
4 consistency; consistency in medication, consistency
5 in testing in medication, consistency in labs,
6 consistency in enforcement, consistency in
7 penalties. It's that fairness and consistency that
8 I want to talk to in concluding.

9 There has been somebody before this commission
10 very recently that was accused of abusing a horse.
11 That person got 30 days and a \$1500 fine.

12 Mr. Brower has been out of the game for seven
13 years. No one ever on either side of this aisle
14 thought that he was going to be suspended for more
15 than seven years. No one thought -- there was no
16 meeting of the minds he would be suspended for 11
17 years. That was never considered.

18 So that individual that I spoke to is
19 different also from Mr. Brower. He currently is
20 licensed by the Commission. He's also different
21 because Mr. Brower when this happened was turned
22 into the Indiana State Police and the local
23 authorities in Anderson. No charges were filed
24 against him, not one. He was investigated and no
25 charges at all. Conversely, the other individual

1 that you have licensed and that appeared before you
2 is facing a criminal trial within the next 30 days.

3 Mr. Brower has suffered a severe penalty,
4 probably one of the most severe in the history of
5 the Indiana Horse Racing Commission. We ask that
6 this ruling by the administrative law judge be
7 rejected. Mr. Brower's summary judgment be
8 granted, and that Mr. Brower have an opportunity in
9 the alternative to be able to present his case,
10 which he has not been able to do at all since 2016
11 and be heard on the merits of this case. He has
12 been out of work for seven years.

13 That's what we're asking for today. If you
14 have any questions, I'm glad to try to answer
15 those.

16 CHAIRMAN BORST: I think I've got some, but I
17 think we'll go ahead and hear the other side, and
18 then we'll give you a chance, five minutes for
19 rebuttal and then we'll give our folks five minutes
20 too. How's that?

21 MR. SACOPULOS: Thank you.

22 CHAIRMAN BORST: Okay. David, I think you're
23 next.

24 MR. ROTHENBERG: Good morning, Commissioners.
25 This case is pretty simple. The question is:

1 Should Brower be held to the terms of the agreement
2 that he signed in 2018. Commission Staff feels
3 that, yes, he should. OALP agrees with the
4 Commission Staff that, yes, he should.

5 There was an administrative complaint filed in
6 2016, as Mr. Sacopulos said. That complaint asked
7 for a 15-year suspension and a \$40,000 fine.
8 Eventually it was entered in 2018 with no fine and
9 a suspended time from March 7, 2018 to March 8,
10 2021. As part of that agreement, there was a
11 clause that said that Mr. Brower would not seek
12 licensure through March 7, 2028.

13 That was a voluntary. That was voluntary.
14 The whole agreement is voluntary because he is not
15 forced to enter into the agreement to begin with,
16 but that particular clause has to be looked at in
17 light of being part of a contract, an agreement as
18 part of a contract.

19 Now, sort of going back to the history -- and
20 I'm not going to go through the whole history
21 because I think Mr. Sacopulos outlined it pretty
22 well -- Mr. Brower could have adjudicated this. He
23 could have adjudicated it. And even if they felt
24 we've got no chance to win, that could have been
25 taken to judicial review in front of an independent

1 judge, but that's not what happened. He entered
2 into this agreement. He entered into this
3 voluntary contract.

4 So the question is: Was this a valid
5 contract, and, number two, should this contract be
6 voided. He did agree to seek licensure, as we
7 said. In 2023, he decided he would apply for a
8 license. Was it a valid contract? Well, anybody
9 who knows a little bit about contracts knows that
10 there has to be an offer. There has to be capacity
11 or legality. Mr. Brower has said that he was of
12 the right mind. He knew what he was signing. He
13 wasn't intoxicated, all those things.

14 There has to be a meeting of the minds. And
15 typically meeting of the minds means that both
16 parties sign it, and they both understand and agree
17 to it. And then there has to be consideration
18 given. In this case the consideration was the
19 initial complaint was for a \$40,000 fine and a
20 15-year suspension, which was reduced to the terms
21 that I spoke about earlier.

22 Let me address whether or not the following
23 ruling was superseded by the subsequent ruling.
24 And it was. The ruling was, but the agreement was
25 not. The agreement or the contract stayed in

1 place. So there are really two ways to be released
2 from a contract. And that is a voluntary release
3 by both parties or something that's written in the
4 contract allowing you to do that and a breach of
5 contract.

6 The real issue here, as Mr. Sacopulos states,
7 is the ancillary effects of the contract. He has
8 stated that Ohio told him, told Mr. Brower or
9 somebody -- I don't think it was Mr. Brower, but it
10 might have been one of his agents -- that you have
11 to get licensed in Indiana before we will license
12 you. In all the evidence that was turned in in
13 this particular hearing, it was only one
14 application that was made, and that was to
15 Kentucky. I believe the results of that were
16 Kentucky asked Mr. Brower to withdraw his
17 application. And there was no reason given for
18 that.

19 So anything about any other jurisdiction
20 turning down Mr. Brower because of our agreement,
21 because of the agreement he signed, there's no
22 proof of that other than people's words, in other
23 words hearsay. Somebody told somebody. And
24 somebody then wrote an affidavit saying I was told
25 by somebody.

1 The agreement or the ruling later was revised
2 to reiterate the fact that these seven years of
3 non-application, I guess you'd call it, was not
4 part of a sanction. It was a contract. It was an
5 agreement.

6 Now, we can't predict what any other
7 jurisdiction is going to do with any of our
8 rulings. And there was no evidence of intent on
9 the horse racing commission, as Mr. Sacopulos says,
10 none of us were present at that time, that we were
11 doing or revising a ruling or anything trying to
12 help him get licensed in other jurisdictions.
13 That's really up to Mr. Brower. That's really up
14 to his attorney.

15 There is a matter of the fact that there's a
16 paragraph in there that says if you breach this,
17 the remedy is that this get litigated. Mr. Brower
18 has stated that, hey, by applying, I breached it.
19 Therefore, the contract is invalid, and you have to
20 litigate it. But what Judge Yeager said was that
21 you can't self-breach a contract to benefit
22 yourself. Now, anybody who's been involved in any
23 type of litigation knows that a lot of times it's
24 not easy to litigate a case to begin with, but it's
25 even more difficult to litigate a case eight years

1 after the fact; witnesses' memories aren't as
2 sharp, witnesses disappear, all of that. We have
3 not looked into that because we believe that this
4 contract can't be breached to begin with to his own
5 benefit.

6 Mr. Sacopulos went into the nuances of Trial
7 Rule 56. And, honestly, it's my opinion that, you
8 know, that should be taken up on judicial review.
9 That's more of a, that's more of a legal argument.

10 Very simply concluding here, number one, we
11 believe that when you sign a contract, you should
12 honor what you signed. Any research that should
13 have been done, should have been done at that time
14 prior to the signature. And number two, if you
15 have an issue with another jurisdiction licensing
16 you, it should be taken up with that jurisdiction
17 and not an attempt to revise the contract that you
18 entered in prior.

19 At this time, I would be happy to answer any
20 questions.

21 CHAIRMAN BORST: Why don't we do our
22 five-minutes rebuttal. I don't know if you have
23 anything you would like to say, Mr. Sacopulos, any
24 rebuttal on anything.

25 MR. SACOPULOS: Yes, I do briefly.

1 CHAIRMAN BORST: You were both very good,
2 gosh, both under ten minutes.

3 MR. SACOPULOS: I have three points I would
4 like to make in response to David's argument. One
5 is is that the judges' ruling of April 12th of
6 2022 does rescind and does supercede the prior
7 agreement. The point of that that is important
8 here today is is that you have the administrative
9 law judge did not consider that decision at all in
10 this opinion. If you review the opinion, there is
11 no reference to the April 12, 2022 ruling. So she
12 is arguably ruling and basing this on a decision
13 that has been superseded and rescinded. That's
14 point number one.

15 Point number two is that counsel says there
16 was really no proof that he was denied elsewhere.
17 He had to withdraw the application in Kentucky, but
18 there were affidavits. And you'll remember that
19 was a point that I brought up as one of our three
20 points that we took issue with with the
21 administrative law judge. That she did not
22 consider these affidavits, but the affidavits that
23 were presented and offered in support and
24 designated as evidence in support of Mr. Brower's
25 motion for summary judgment clearly set forth his

1 efforts in other jurisdictions to obtain a license.
2 But they were told -- he was told that we would not
3 consider an application until you have been
4 licensed in Indiana.

5 So there is, I don't want to get too far into
6 the weeds legally, but there's what's called the
7 Doctrine of Futility. You're not required to do
8 something that is going to be futile if the effort
9 is expended.

10 And then third, the remedy. This provision in
11 the agreement if we look back to the 2018
12 agreement. That was not something that was
13 negotiated by Mr. Brower. That was a term
14 required, demanded, and included we were told in
15 every agreement by the Indiana Horse Racing
16 Commission. That if you do anything, step one inch
17 out of line on this agreement, then you breach, and
18 we litigate this. Everything comes back into play.

19 So Mr. Brower was at a point where he had no
20 choice left but to apply here because he needed the
21 license to get back into the game. No one ever
22 thought that this was going to be an 11-year
23 suspension, not anybody at the time this was
24 entered into. And so he did. And the remedy is if
25 he applies, it is a breach arguably. And if it's a

1 breach, then you have a hearing.

2 And so I understand Mr. Rothenberg's position,
3 but the fact is that's a provision that his
4 predecessor requested and a remedy that they
5 selected, and that Mr. Brower had to agree to. So
6 those are the points I have in rebuttal.

7 COMMISSIONER LEVENGOOD: Can I ask a question
8 now?

9 CHAIRMAN BORST: Do you have anything you
10 would like to?

11 MR. ROTHENBERG: Go ahead.

12 COMMISSIONER LEVENGOOD: In the agreement
13 under A12, it says, has the right to consult with
14 counsel. Were you his counsel at the time of this
15 signature that was placed on here?

16 MR. SACOPULOS: 2018?

17 COMMISSIONER LEVENGOOD: This has a date of --

18 MR. SACOPULOS: The original agreement you're
19 talking about?

20 COMMISSIONER LEVENGOOD: Yes.

21 MR. SACOPULOS: Yes, sir, I was.

22 COMMISSIONER LEVENGOOD: Okay. You were.

23 MR. SACOPULOS: Yes, sir, I was.

24 COMMISSIONER LEVENGOOD: Did he consult with
25 you before he signed it?

1 MR. SACOPULOS: Yes, sir, he did.

2 COMMISSIONER LEVENGOOD: Okay. That's all.
3 So he had the right. You were the counsel. And he
4 did consult with you before he signed it?

5 MR. SACOPULOS: Yes, to all those questions.

6 CHAIRMAN BORST: I guess I will follow-up on
7 that as one of the questions that I had, why
8 wouldn't you have told him or why wouldn't he know
9 that there would be other consequences by signing a
10 seven-year addition? Somebody should have told
11 him, well, this could affect Ohio, Kentucky even
12 though, you know, that wasn't.

13 MR. SACOPULOS: Yes, and not that it's
14 specific to this, but what Mr. Brower did was he
15 consulted independent counsel in foreign
16 jurisdictions. This proposal was submitted to that
17 foreign counsel for review to see at the conclusion
18 of four years if he would be able to get licensed
19 in Ohio and was told yes.

20 CHAIRMAN BORST: What's a foreign counsel? Is
21 that another state?

22 MR. SACOPULOS: A lawyer in Ohio.

23 COMMISSIONER LEVENGOOD: Does that counsel
24 have DNO insurance?

25 MR. SACOPULOS: That, I don't know. I don't

1 know.

2 CHAIRMAN BORST: Back to your Trial Rule 56,
3 why wouldn't there be evidence, a copy of something
4 or an email or something that says, no, we're not
5 going to -- an affidavit is okay. You can do an
6 affidavit until you're blue in the face, and it
7 doesn't mean much. But if you have something from
8 another jurisdiction, huh-uh, we're not going to do
9 you.

10 MR. SACOPULOS: If you review the affidavit,
11 what it states is is that Mr. Brower secured
12 counsel in other states, the states there. And he
13 had that person, those lawyers look into getting
14 him a license there, and they were all told that.

15 CHAIRMAN BORST: But they didn't have a letter
16 to him saying, no, you can't? There's no proof. I
17 mean, this is the easiest part of the whole
18 agreement.

19 MR. SACOPULOS: Well, there's proof from
20 Howard Taylor who attempted to help him in
21 Pennsylvania.

22 CHAIRMAN BORST: Why wouldn't he have -- there
23 should have been a letter. There should have been
24 something saying, no, you can't do it. That's the
25 easiest thing of this whole process, I would think.

1 MR. SACOPULOS: Well, there's his statement
2 under oath, which is consistent with Trial 56(e).

3 CHAIRMAN BORST: I know, but you know how that
4 goes sometimes.

5 MR. SACOPULOS: I would also for the record
6 say is there any evidence that he didn't do it.
7 The only evidence before you is that he did.

8 CHAIRMAN BORST: It's so easy to have the
9 absolute thing. The other question that I had, you
10 keep mixing agreement and ruling and sanctions.
11 They're not the same. The agreement contains some
12 sanctions and rulings and his voluntary agreement
13 not to have the seven. So the voluntary part has
14 nothing to do with the April 22 let him off the
15 hook, I guess, for the other, for the four years.
16 He'd served the four years and all that. So you
17 can't keep mixing those same words. The agreement
18 contains a lot of stuff.

19 MR. SACOPULOS: I understand. But that is the
20 sole -- if you review the deposition testimony of
21 Executive Director Pitman and Presiding Judge Gumm,
22 that is the sole reason that this application in
23 Indiana was denied.

24 CHAIRMAN BORST: Well, yeah, because he
25 voluntarily signed that he would do an extra seven

1 years. Why he did that, who knows. You know but
2 nobody else knows.

3 MR. SACOPULOS: Yeah, but statutorily that's
4 not a reason to deny an application.

5 CHAIRMAN BORST: But this is a legal document.
6 It supersedes it. He signed it. He did it on his
7 own. It's like me saying I'm not going to get a
8 driver's license for seven years. And I tell them
9 that and sign it, well, I'm not going to get one in
10 seven years. Okay. That was it. You answered the
11 big questions. Thank you.

12 COMMISSIONER MCCUAIG: I just have one
13 additional.

14 MR. SACOPULOS: Certainly.

15 COMMISSIONER MCCUAIG: So there was a
16 component where the hearing happened. There was
17 added clarification regarding other jurisdictions.
18 So it seems like there was an opportunity there.
19 And that was the language that was added and
20 nothing else.

21 So you have this kind of additional time when
22 you're considering these facts. And instead of
23 saying, no, this contract was a breach and
24 everything else, we're, oh, we're just going to add
25 this little piece and keep going. And so it seems

1 like there was an opportunity for objection to the
2 initial kind of contract at that point. Those
3 facts weren't added into any other order.

4 So I think if there was a recognition and a
5 desire to preserve those as objections, that would
6 have been an opportunity to start documenting it.
7 And that wasn't clarified. The only thing that was
8 clarified was that component about the
9 jurisdiction.

10 MR. SACOPULOS: And to be clear, we did ask
11 that the seven-year provision be removed from the
12 April 12, 2022, ruling by the judges at Hoosier
13 Park, but they did not do that.

14 CHAIRMAN BORST: They didn't have
15 jurisdiction. It wasn't a sanction or a fine. It
16 was a voluntary agreement. They had nothing to do
17 with it. They couldn't rescind it. Only, only the
18 Commission itself could rescind it, I guess.

19 COMMISSIONER MCCUAIG: And so as far as that
20 document, it's kind of clear at that point that
21 where the jurisdiction lies.

22 MR. SACOPULOS: I respectfully disagree with
23 you, but I understand your question.

24 CHAIRMAN BORST: That's what lawyers do
25 though. Any other questions from Commissioners

1 McCarty or Estes at all?

2 COMMISSIONER ESTES: No, sir.

3 COMMISSIONER MCCARTY: No questions.

4 MR. SACOPULOS: Thank you for your time.

5 CHAIRMAN BORST: Anybody, any our Commission
6 members with questions? Anything else to add?

7 MR. ROTHENBERG: I guess I would only
8 reiterate what's already been said. This is kind
9 of an unusual case because it's a contract. You're
10 dealing with a contract unlike an approval of an
11 agreement. It's a contract that you entered into.
12 And you should be held in good faith dealing with
13 the terms that you signed on the contract.

14 The contract never had to be signed. Nobody
15 forced anybody to sign the contract. It could have
16 been litigated, as I said before. I mean, not only
17 that, but I would also point out that paragraph
18 number ten of the original agreement states that
19 Mr. Brower concedes that the horse racing
20 commission has sufficient evidence to provide by a
21 preponderance of the evidence that he has committed
22 one or more of said violations. So he signed an
23 admission that he violated one or more of these and
24 that the Commission can prove it. To void this
25 agreement would be voiding that admission as well,

1 which I don't think is fair.

2 CHAIRMAN BORST: Okay. Does our -- anything
3 else from Mr. Leatherbury?

4 MR. LEATHERBURY: I think we can close the
5 hearing.

6 CHAIRMAN BORST: So we have three
7 possibilities; one, we can accept the nonfinal
8 order, or we can affirm it, or we can deny it, or
9 we can modify it. Those are the three. So if
10 somebody would have a motion ready to go, we can
11 have a motion and vote on it.

12 COMMISSIONER MCCUAIG: I make a motion to
13 affirm the nonfinal order of the administrative law
14 judge in its entirety.

15 COMMISSIONER LEVENGOOD: Second.

16 CHAIRMAN BORST: Been moved and seconded. Any
17 further comments? Anybody from the public who's
18 not involved with the case have any comments,
19 testify? Seeing none, we'll do the roll call vote.

20 MR. EGGIMAN: Chairman Borst.

21 CHAIRMAN BORST: Aye.

22 MR. EGGIMAN: Commissioners McCarty.

23 COMMISSIONER MCCARTY: Aye.

24 MR. EGGIMAN: Commissioner Estes.

25 COMMISSIONER ESTES: Aye.

1 MR. EGGIMAN: Commissioner Levensgood.

2 COMMISSIONER LEVENGOOD: Aye.

3 MR. EGGIMAN: Commissioner McCuaig.

4 COMMISSIONER MCCUAIG: Aye.

5 CHAIRMAN BORST: The ayes have it unanimously.
6 The ruling has been affirmed.

7 Okay. Moving on to the next couple, we've got
8 the review of the 2024 year-to-date Commission
9 rulings as of June 15th, 2024 and review of the
10 2024 year-to-date HISA rulings as of June 15th and
11 the HIWU rulings as of June 30th. Matt, do you
12 want to handle those?

13 MR. EGGIMAN: I can, yes.

14 CHAIRMAN BORST: I mean, there's nothing to
15 vote on. We're just reviewing them.

16 MR. EGGIMAN: No vote required on these two
17 agenda items, information provided for review. We
18 can certainly be happy to answer any questions you
19 might have.

20 The HISA rulings are sort of new for these
21 meetings. They involve the racetrack safety rules.
22 And it just happened to be for this particular
23 meeting, they happen to be all jockey riding crop
24 rule violations.

25 The HIWU rulings involve the anti-doping and

1 medication rules. There are two such rulings that
2 have been adjudicated by HIWU so far in 2024 from
3 positive drug tests at Horseshoe Indianapolis. One
4 was for a controlled therapeutic medication, and
5 one was for the banned substance, hence the
6 different in penalties. All of these rulings are
7 published on the HISA and HIWU websites for public,
8 for the public.

9 CHAIRMAN BORST: Any Commission members have
10 any questions about either sets of rulings?

11 Seeing none, then we will move to item five,
12 ratification of Executive Director's probationary
13 approval of Churchill Downs Technology Initiatives
14 Company, request to suspend the majority of its
15 live operator assisted wagering capacity. Dale,
16 you got that one?

17 MR. PENNYCUFF: Yes, Chairman. Commissioners,
18 on May 14, 2024, Churchill Downs Technology
19 Initiatives Company, herein referred to as
20 Churchill, emailed Commission Staff of their intent
21 to suspend the majority of its live operator
22 assisted wagering capacity. On May 16th,
23 Commission Staff sent a letter to Churchill
24 requesting further information about the proposed
25 change and its effect on Churchill's Indiana

1 account holders.

2 On May 20th, Churchill's response noted that
3 they had a small subset of players who heavily
4 utilized live operator wagering for whom Churchill
5 would continue to offer live operator wagering.
6 Other than this small subset, live operator
7 wagering would no longer be available.

8 This change only effects wagering by using a
9 live operator. It does not affect customer service
10 or making withdrawal or deposit by using a live
11 operator. Churchill also noted the implementation
12 date would be moved sometime past their original
13 date of May 21st. And they stated that since
14 January 1st of 2023, only a fraction of a percent
15 of Indiana account holders have used a live
16 operator. And more than half of those account
17 holders have used other methods.

18 Based on the information provided by
19 Churchill, Executive Director Pitman issued
20 Churchill probationary license approval on
21 May 24th, 2024. At this time Commission Staff
22 respectfully requests the Commission ratify the
23 Executive Director's probationary approval of
24 Churchill's requested license amendment to suspend
25 the majority of its live operator assisted wagering

1 capacity.

2 CHAIRMAN BORST: Any questions by Commission
3 Members? Seeing none, we'll accept a motion.

4 COMMISSIONER LEVENGOOD: So moved.

5 COMMISSIONER MCCUAIG: Second.

6 CHAIRMAN BORST: Somebody. Been moved and
7 seconded. No further questions, I guess we'll do
8 our roll call vote.

9 MR. EGGIMAN: Chairman Borst.

10 CHAIRMAN BORST: Aye.

11 MR. EGGIMAN: Commissioner McCarty.

12 COMMISSIONER MCCARTY: Aye.

13 MR. EGGIMAN: Commissioner Estes.

14 COMMISSIONER ESTES: Aye.

15 MR. EGGIMAN: Commissioner Levengood.

16 COMMISSIONER LEVENGOOD: Aye.

17 MR. EGGIMAN: Commissioner McCuaig.

18 COMMISSIONER MCCUAIG: Aye.

19 CHAIRMAN BORST: The motion passes
20 unanimously. Next on our agenda is the 2024
21 community giving report presentation from Harrah's
22 Hoosier Park and Horseshoe Indianapolis. Do we
23 have a fight who goes first?

24 COMMISSIONER LEVENGOOD: Come on, let's go.

25 CHAIRMAN BORST: You both get an opportunity.

1 BRIAN LEWIS: Yeah, right. He always goes
2 first. So I get to go first this time. Just a
3 quick update, we are on pace to meet our
4 \$525,000 --

5 CHAIRMAN BORST: You might want identify
6 yourself.

7 BRIAN LEWIS: Apologies. Brian Lewis,
8 Director of Marketing, Horseshoe Indianapolis. On
9 pace to meet our spend goal of 525,000 for the
10 year. We're currently at 250,800 in spend, and
11 82 percent of that spend is in Shelby County. I've
12 got more notes if you need more details, but that's
13 just kind of the high level what I had prepared
14 today. Any questions for Horseshoe?

15 COMMISSIONER LEVENGOOD: What's the newest
16 thing this year?

17 BRIAN LEWIS: We have a few things. Most
18 recently in racing --

19 COMMISSIONER LEVENGOOD: Just one.

20 BRIAN LEWIS: PDJF was a recent one.

21 EXECUTIVE DIRECTOR PITMAN: You'll have to let
22 them know what those acronyms stand for.

23 BRIAN LEWIS: Sure. I will need my notes as
24 well. I know what it means. The Permanently
25 Disabled Jockey Fund, and that was one was 2500 in

1 June.

2 COMMISSIONER LEVENGOOD: Was it requested or
3 you did it on your own?

4 BRIAN LEWIS: That one, this piece I believe
5 was requested, but we also have another portion
6 that we do on our own. Yeah. Any other questions?

7 CHAIRMAN BORST: I'm glad the way you
8 distribute them so we know where they went, whether
9 they were the county or outside the county or city.

10 BRIAN LEWIS: Yeah, we keep a spreadsheet for
11 equine spend, for total property spend. Anything
12 else?

13 CHAIRMAN BORST: They're on target, halfway
14 through. Any other questions? Anything,
15 Commissioner McCarty or Commissioner Estes?

16 COMMISSIONER ESTES: No, sir.

17 BRIAN LEWIS: Thank you.

18 CHAIRMAN BORST: Nobody calls me sir, but
19 thanks.

20 COMMISSIONER ESTES: Top that.

21 JEREMY MEDLEY: Jeremy Medley, Director of
22 Marketing for Harrah's Hoosier Park. To date for
23 our \$430,000 required community spend, we have
24 spent \$214,000, \$214,850, of which 183,000 has been
25 spent in Madison County with \$124,000 of those

1 dollars spent in Anderson, Indiana specifically.
2 Obviously, Anderson, Indiana is a big focus for us
3 taking care of our local community.

4 Just kind of a high level view of what our
5 focuses this year have been, health and medical
6 needs, resources, awareness in the community.
7 We've spent \$42,000 in that area; education,
8 \$59,500; social equity, \$41,000. We have a number
9 of equine spends coming up as we move into sort of
10 the meat of our meet.

11 The stakes races that we have coming up, I
12 feel very excited. We have very, very big things
13 to come for the Standardbred Transition Alliance,
14 very big things to come for that. That is our next
15 really big event that we will be holding on
16 July 27th. Empire of Hope is an absolutely massive
17 effort that I am very proud of. That's kind of
18 where we are at right now. I can answer any
19 questions that you all may have.

20 COMMISSIONER LEVENGOD: How did you do with
21 the eclipse?

22 JEREMY MEDLEY: The eclipse, we spent \$20,000
23 on our eclipse. I was very, very happy with it.
24 We were not as central as some locations were, but
25 it was a very, very fun day. We had great

1 attendance. We had a lot of -- there's some
2 pictures that I would like to, I wish I had on me
3 right now of our attractions that we had out that
4 day. We had a light up slide, a light up teacup
5 ride, a bunch of things like that.

6 COMMISSIONER LEVENGOOD: If you had to do it
7 again, what would you do differently.

8 JEREMY MEDLEY: If we did it again --

9 COMMISSIONER LEVENGOOD: Because it's not
10 coming back for a long time.

11 CHAIRMAN BORST: Chances are good he's not
12 going to be there when it comes back.

13 COMMISSIONER LEVENGOOD: But marketing guys
14 like are always like da, da, da, and then a guy
15 like me goes, all right, we spent a bunch of money.
16 Did we make any money? Oh, by the way, what would
17 we do differently. Briefly, quickly, what would
18 you do differently?

19 JEREMY MEDLEY: I guess it would have been
20 nice to maybe have captured some more and engage --
21 something that we've done since then is engaging on
22 social media with that and really getting stuff out
23 there in front of people. That is something we've
24 been pushing really hard since then. We have a new
25 marketing team member who one of her biggest

1 responsibilities is capturing those moments.

2 EXECUTIVE DIRECTOR PITMAN: Do you want to let
3 the Commission know -- I don't want to steal
4 anybody else's thunder, but I do know that you had
5 a really big turnout on July 4th.

6 JEREMY MEDLEY: Fourth of July was tremendous.
7 We had fireworks, of course. And we had, I would
8 say, a good 3,000 to 4,000 people out in our yard
9 at one point. Some of that was circumstantial
10 because we were, I think, one of the only places
11 doing fireworks that particular day. It was on the
12 4th.

13 We did an American flag giveaway where you had
14 to show proof that you wagered to get an American
15 flag with our property. We had a temporary tattoo
16 artist and a number of attractions out there for
17 the kids. And it was shoulder to shoulder. I
18 really have not seen anything like it in many, many
19 years. Very proud of that.

20 COMMISSIONER LEVENGOD: Cool.
21 Congratulations.

22 JEREMY MEDLEY: Thank you.

23 CHAIRMAN BORST: Thanks.

24 JEREMY MEDLEY: Thank you all.

25 CHAIRMAN BORST: Eric, I don't know if there's

1 anything left of the eclipse, but come on up.
2 Jeremy may have stolen all of your thunder there.

3 ERIC HALSTROM: Yeah, thanks, Jeremy. Eric
4 Halstrom, GM of racing here at Horseshoe. I
5 actually do have some other stuff to talk about
6 because we had racing that day. Kind of going back
7 to what the plan was, we had a short day, only
8 eight races, six Thoroughbreds, two Quarter Horses.
9 We had a heck of a day. It was a lot of fun like
10 Jeremy mentioned.

11 Where you're sitting right now is, like,
12 almost on the exact path of where this thing went.
13 We were about exactly on the line. Fairland is
14 where it hit so we were about as close as you were
15 going to get.

16 You know, we had a really interesting day. We
17 had a really good crowd on track. Tammy and Brian
18 did a super job on entertainment. We had bands
19 throughout the early part of the day under the
20 awning, and then we had a really good band, local
21 band that played during the break. We took an
22 hour-long break.

23 And so I'm going to preempt something,
24 Commissioner Levensgood, one thing I found out, and
25 I made notes for 134 years from now when the guy

1 with my job has it, don't take an hour break, take
2 40 minutes.

3 COMMISSIONER LEVENGOOD: Too long.

4 ERIC HALSTROM: Too long. It was a little bit
5 too long. However, I wasn't prepared for the fact
6 that two minutes before the total thing, it was
7 still light out. Anyway but we had fun. Joe and I
8 stood on the apron with a bunch of customers
9 wearing funny glasses. Joe was smoking cigars. We
10 were all wishing we could drink beer. We were
11 still working so we couldn't.

12 It was one of those days, but, you know, I
13 think when it comes around, one of the things we
14 did really stumble into was that opening a day when
15 it was we were kind of celebrating Indiana horses
16 and horsemen was really cool. We had a lot of fun
17 that day. All the races were either Indiana bred
18 or sired. We had two stakes races for the
19 Thoroughbreds on that side; the Dark Side of the
20 Moon Handicap and the Total Eclipse of the Heart
21 Handicap. And it was a fun day.

22 I think as it comes around, there's something
23 to be learned that's not eclipse related, but maybe
24 we're going to start kicking something off with of
25 something Indiana-ish going forward because it was

1 a really fun day to have people around.

2 CHAIRMAN BORST: Good. Well, you're not going
3 to be here for the next one. There will be some
4 partials coming. Maybe you can do something with
5 those.

6 ERIC HALSTROM: The time capsule that we
7 planted right out by the Winner's Circle will be
8 full of information for 134 years from now for the
9 next eclipse.

10 CHAIRMAN BORST: Tell them do not open for 134
11 years. Thank you.

12 Next is our seasonal race meet updates from
13 Rick Moore and Eric Halstrom. So, Eric, you're
14 there so you get to go first.

15 ERIC HALSTROM: Yes. Fifty-four days into the
16 meet as of yesterday. We're sitting in really good
17 shape. We have not gotten any breaks from the
18 weather. I'll tell you that right now. We've lost
19 two major days to rain, just copious amounts of
20 rain. Our Caesars Stakes Day, which was in May,
21 one of our biggest days last year, our handle was
22 \$5 million on that day, wiped out. We had four
23 inches of rain that day, just not a safe place to
24 be. And then we lost July 4th. Jeremy mentioned
25 we had a lot of plans. We had some really good

1 things. The weather came in through early, and we
2 raced early. And that kind of got us there too.

3 We've lost almost over a third of our turf
4 racing so far, but that will come back. In a
5 120-day meet, weather kind of evens itself out. So
6 there have been some headwinds. However, right now
7 we're eerily close to the exact numbers of last
8 year. We're down about 15 races at this point. So
9 on a per-race basis, our handle is up a few
10 percent. That was over last year's record, you
11 know, our smashing record. So I feel very good
12 about that. We'll be getting those races back as
13 we get through the end of the meet and whatnot.
14 We've over half of that to go.

15 Some of that, I mentioned we're down about 15
16 races. You know, over the winter we also talked --
17 we're significantly impacted by HISA in the sense
18 that we lost about a million dollars out of our
19 purse funds from HISA, which is only central to the
20 Thoroughbred account. It's not Quarter Horse or
21 Standardbred related.

22 But over the winter, and there's folks in this
23 room we were with too; Joe Davis, Brian Elmore, Tim
24 Glyshaw, and then Chris Duke on the Quarter Horse
25 side. We were very careful in how we approached

1 our purse fund this year. And it's paid off. One
2 of the goals was to use races that we're going to
3 stick together, not use stuff that we were worried
4 about falling apart on us. I think for that
5 reason, we're sitting in really good shape in both
6 purse funds, the Thoroughbred and Quarter Horse
7 side to go.

8 And we have some cushion, especially on the
9 Thoroughbred side, to make up some races as we go
10 along. But I feel good about that because that was
11 the breed where we were having the difficulty with
12 with the HISA impact with just about a million
13 dollars coming out of that purse fund this year.

14 We had a great Indiana Derby week, other than
15 the July 4th washout. These numbers are just for
16 comparative to show you how strong our business has
17 been when we've got a good product out there. 2023
18 for the whole week, we averaged about \$330,000 per
19 race wagered. This year it was 370. That tells us
20 a lot that when we can get something out there, get
21 some good weather, we've got a lot to offer.

22 Indiana Derby Day itself, I'm going to use
23 Brian Elmore's words, the biggest crowd he's ever
24 seen for an Indiana Derby. He's seen 30 of them.
25 I've seen five now. And obviously since the

1 pandemic, this was the best one of all time.

2 Set a handle record just shy of \$8.2 million
3 in handle. That doesn't include the international
4 handle, which we think would probably inch that
5 number closer to about 9 million the way that
6 business is growing. Smooth day. A really good
7 horse won. Excited the more often you can get
8 really good horses coming to your races and
9 winning, it just keeps, seems to pile on itself.
10 We'll root for that horse down the road, Dragoon
11 Guard, because he seems to be a really, might have
12 a future with some of the really good horses at the
13 end of the year.

14 So, you know, I think as you come along
15 Indiana Derby, you learn stuff every year, but
16 we've really found a great location in the
17 calendar. It's a perfect time for TVG and Fox
18 Sports was back out again. We had nine races
19 broadcast on Fox Sports nationally that day. They
20 brought their own crew out there to host it. It
21 seems to be that it was a lot of respect now for
22 our racing and especially on that week, which has
23 turned out to be a really good time. And the
24 weather, we did catch a break that day. It was
25 about the nicest day we've had in five months here.

1 I'll wait for any questions but good start to
2 the meet. We're cruising right along.

3 CHAIRMAN BORST: Derby Day was great. It was
4 fun. It was fun to see all those people out there,
5 had a lot of kids. I was amazed at the kids, which
6 is what you want. Keep the families coming.

7 EXECUTIVE DIRECTOR PITMAN: That playground
8 gets used, doesn't it?

9 ERIC HALSTROM: I'm not sure whose idea that
10 was before that.

11 EXECUTIVE DIRECTOR PITMAN: I don't know.

12 ERIC HALSTROM: It's come in handy over the
13 years.

14 EXECUTIVE DIRECTOR PITMAN: I can't imagine.

15 ERIC HALSTROM: Love that thing.

16 EXECUTIVE DIRECTOR PITMAN: I did want you to
17 mention though, I don't have any of the numbers,
18 but isn't this, like, the third Derby, at least the
19 third Derby in a row where you have set a record
20 over a record over a record?

21 ERIC HALSTROM: Actually, this is the fifth,
22 but thanks for bringing that up.

23 CHAIRMAN BORST: Even better.

24 ERIC HALSTROM: Just for what it's worth, in
25 2019, a record was set. Handle was \$4.1 million

1 that day. And we've incrementally got it up to the
2 point now where included all, it's pushing
3 9 million. It definitely changed the level of
4 horses coming too. It's been a really
5 transformation of a really great event into
6 something nationally prominent. So it's great.

7 CHAIRMAN BORST: Any questions? Thank you.

8 ERIC HALSTROM: Thank you.

9 CHAIRMAN BORST: Okay. Rick, tell us about
10 Hoosier Park.

11 RICK MOORE: Mr. Chairman, members of the
12 Commission, staff, Rick Moore, vice president of
13 general manager of racing Harrah's Hoosier Park.
14 As we enter our 70th day of racing of our 160-day
15 meet, I'm pleased to report that our race meet has
16 performed very, very well.

17 As you know over the last four years, we've
18 establish a handle record each and every year for
19 the last four years. We are just over 1 percent
20 off of last year same time period. So we're
21 performing almost at record pace as last year. So
22 we're very pleased with that.

23 We're averaging 13.3 races per day compared to
24 13 races last year. So the racing opportunities
25 have been aplenty for the horsemen. We're

1 averaging 8.5 runners per race compared to 8.38
2 last year, another indicator of a robust race meet.

3 As I believe you had seen, I submitted a
4 history of Harrah's Hoosier Park purses since 2019.
5 I'm pleased to say that we have raised purses three
6 times since the COVID year of 2020. We did just
7 recently reduce purses by 5 percent on June 1st
8 to ensure that our purse account would be in a
9 financially healthy position at the end of our race
10 meet.

11 This was a decision that was made collectively
12 by Harrah's Hoosier Park and the Indiana
13 Standardbred Association. We decided to be
14 proactive in our approach to our purse account as
15 we operate in a challenging economic environment.

16 Our biggest nights of the season are still in
17 front of us. Jeremy mentioned our Empire of Hope,
18 our fifth annual Empire of Hope that will take
19 place on Saturday, July 27th. We have lofty
20 goals. I probably shouldn't paint myself into a
21 corner, but we're hoping to raise over \$50,000 for
22 the aftercare of Standardbred racehorses, something
23 that's near and dear to our hearts.

24 We've got our Dan Patch Stakes coming up on
25 August 9th, Friday, August 9th, and the Caesars

1 Trotting Classic on September 20th. And I'm
2 pleased to say that both those nights will be
3 broadcast on Fox Sports 2 as part of a three-hour
4 broadcast span duration. Then right after that,
5 we'll have our Hoosier Champions Night coming up
6 that features the very, very best of our Indiana
7 sired and bred horses. We've already talked about
8 the Fourth of July.

9 I wanted to let you know that our new Hoosier
10 Outdoor Patio, still rather new, Hoosier Outdoor
11 Patio, commonly known as The Hop, has become a big
12 hit particularly on Saturday nights where folks can
13 enjoy racing, live entertainment, and food trucks,
14 and a very relaxed environment. I go down there
15 for a couple races every Saturday just to kind of
16 hang out and listen to some music. We've been --
17 and speaking of The Hop, Joe Morris has some
18 exciting news that he will be sharing with you in a
19 few minutes regarding The Hop.

20 We've been busy with capital investments.
21 We've just completed an almost \$200,000 WiFi
22 project that now features complimentary WiFi
23 service in all of our backside buildings in our two
24 barns that make up our paddock. So we're pleased
25 with that.

1 We've added \$175,000 LED lighting project
2 throughout our barn, all our barns giving more
3 light to every stall in every barn in our barn
4 area. We've added another section of radiant
5 heating to both of our paddocks. So, you know,
6 we've been busy. We now have a new equine
7 ambulance and new starting gate truck. And I'll go
8 on record as saying that our barn area, our
9 backside is the very best in harness racing. I
10 feel confident when I tell you that.

11 I also want to mention last, but certainly not
12 least, I want to thank the ISA Board of Directors
13 and particularly the ISA leadership team of John
14 DeLong and Tony Renz. You know, we've worked
15 collectively and, you know, as partners in making
16 Harrah's Hoosier Park the best place you can
17 possibly race as far as harness racing is
18 concerned.

19 So I thank you for your time today. I would
20 be glad to answer any questions you may have.

21 COMMISSIONER LEVENGOOD: Anecdotally, we have
22 this inflation issue.

23 EXECUTIVE DIRECTOR PITMAN: Gus, I think you
24 need to get closer to the mic.

25 COMMISSIONER LEVENGOOD: Hi, there. My sense

1 is that you're, both parks because of much that you
2 provide is complimentary. And you don't have to
3 answer this today, but I would like you to send me
4 a note privately or whatever.

5 RICK MOORE: Okay.

6 COMMISSIONER LEVENGOOD: But my guess is that
7 you're not promoting that you have done well by not
8 raising the cost to your patrons. Anecdotally, I
9 think that's true, such as parking concessions and
10 the cost to show up. I mean, obviously a
11 two-dollar bet is a two-dollar bet. But what are
12 your thoughts as it relates to that? Have you all
13 noticed that or not?

14 RICK MOORE: Commissioner Levensgood, you know
15 what I've noticed -- and our marketing team is
16 here. And they can tell you. I mean, these guys
17 and gals, they kill themselves on programs to get
18 people to come to the racetrack, but it's become
19 more and more challenging ever since, particularly
20 COVID I think exacerbated the fact that now people
21 are comfortable wagering on their phones, wagering
22 from home. So it makes it -- it's a challenge.

23 Our big days, like Eric's Indiana Derby, are
24 days that we need to take advantage of and our Dan
25 Patch and our Caesars Trotting Classic night.

1 Those are nights and days that we have to take
2 advantage of to get people out here to expose them
3 to, you know, just a great atmosphere. And that's
4 incumbent upon us to do that. You know, we have
5 Jeremy and Jacob Rheinheimer here. And that's
6 their charge to get people to our big nights. I'm
7 a firm believer if you get people to your big
8 nights, they'll come back because they'll see it's
9 a fun place to come.

10 COMMISSIONER LEVENGOOD: Thank you.

11 CHAIRMAN BORST: Any other questions? Thanks.

12 RICK MOORE: Thank you, Chairman.

13 CHAIRMAN BORST: Okay. Next is the request
14 from the Standardbred Breed Development Advisory
15 Committee to amend the 2024 approved program. That
16 would be Jessica Barnes. Here you get it all done
17 and then you have to go amend it.

18 JESSICA BARNES: Amend it, yeah. We're always
19 adjusting. So I like to say that this entire
20 industry is always just, it's a delicate puzzle.
21 If one thing changes, it changes everything else.
22 So that's what we're always doing is looking at
23 these numbers and looking at how we can have a
24 healthy racing industry.

25 So the Standardbred Breed Development

1 Committee works closely with the racetrack
2 management and the horsemen. And we've always had
3 the belief that it's not only important to have a
4 healthy breed development program in Indiana, you
5 also have to have a healthy open program to have
6 both of those. You have to have both of those
7 things be healthy to have the quality racing
8 program that we have here in Indiana.

9 So recently when looking at the racing program
10 and talking with racetrack management and the ISA,
11 we saw an area that the breed development program
12 could come in and provide some assistance just to
13 ensure that healthiness stays for the rest of this
14 meet. So what we were looking at is when you look
15 at our racing programs, you have fixed components.
16 You have the stake races. Those purses are fixed.
17 You have the late closers. Those purses are fixed.
18 The fair purses and what we spend at the fairs is
19 fixed. What the track spends for their open stake
20 races, that is a fixed component.

21 The component that has the moving part has
22 always been our overnight program. And these are
23 the races that horsemen enter three to four days
24 before. You don't know whether they're going to go
25 or not, but we have always allocated a lump sum

1 amount of money from the breed development program
2 for the overnights. That money goes to
3 Indiana-sired races. So our breed development
4 dollars can never be used for the open program. It
5 has to be earmarked for Indiana-sired horses.

6 So as Indiana-sired races fill, they bill us
7 for that until they reach the cap of what we've
8 allocated, which has been \$3.5 million in the past.
9 Typically that cap is met September, October,
10 depending on when that is. And so then the purse
11 account picks up those races. So we stop paying
12 when we reach that \$3.5 million from the breed
13 development program. And the open purse account
14 picks up those races. With the revenues being
15 where they're at, it has been put a little bit of
16 strain on the racing program.

17 So when we sat down and talked with the ISA
18 and racetrack management, we felt like breed
19 development is setting here with some money in
20 reserves, and reserves can be a curse and a
21 blessing depending on how you use them because
22 we're always very cautious to put reserves. When
23 you're putting reserves into the program, you
24 don't, you want to put it into an element of the
25 program that is not going to have an impact if it's

1 declined the next year. So, you know, if we were
2 going to boost up our sire stakes purses, which are
3 set purses, and then all of a sudden we had to pull
4 that money back out, and we didn't have that money
5 from reserves, you would certainly see a decline in
6 those purses.

7 So one area where we can put those reserves in
8 and not have an impact because the overnight races
9 is such a variable section of the program, we
10 believe we could add in some money to keep the
11 program healthy for the remainder of the year. So
12 we're asking to utilize an additional 500,000 from
13 our reserves to move the overall budget for
14 Indiana-sired overnights from \$3.5 million to
15 \$4 million for the remainder of the program.

16 COMMISSIONER LEVENGOOD: What's the total
17 reserves that you're taking that from?

18 JESSICA BARNES: Right now we have about 5.6,
19 depending. We're in the middle of the year. So
20 it's hard to say that. My estimation at the end of
21 the year, and this is also taken into account the
22 decline from the revenue. We've seen a little bit
23 of a dip in revenue. We should have about 4.1 left
24 in reserves.

25 COMMISSIONER LEVENGOOD: So you're taking

1 10 percent out?

2 JESSICA BARNES: Yeah. So the Commission
3 years ago, so this has been about 12, 10, 12 years
4 ago, kind of gave the breed development program
5 guidelines of what they would like us to keep in
6 reserves. And Standardbred has always been between
7 2.1 and 2.3 so it leaves us with 4.1, which is a
8 real comfortable number that we still have the
9 ability to utilize some reserves to the program
10 next year.

11 COMMISSIONER LEVENGOOD: So I think I hear you
12 are recommending that we do this.

13 JESSICA BARNES: Yes. Yes. I think it would
14 benefit the overall racing program, not only the
15 Standardbred Breed Development program.

16 EXECUTIVE DIRECTOR PITMAN: And, Jessica,
17 you've already had a meeting with your breed
18 development committee?

19 JESSICA BARNES: Yes, we had a meeting with
20 the Standardbred Breed Development Advisory
21 Committee, and they actually approved this
22 recommendation to forward onto the Commission.

23 COMMISSIONER LEVENGOOD: So you need a motion
24 for this?

25 MR. ROTHENBERG: Yes.

1 COMMISSIONER LEVENGOOD: So moved.

2 COMMISSIONER MCCUAIG: Second.

3 COMMISSIONER MCCARTY: Second.

4 COMMISSIONER LEVENGOOD: Third.

5 CHAIRMAN BORST: So that would make the total
6 budget then 15,111,000.

7 JESSICA BARNES: You are correct.

8 CHAIRMAN BORST: Okay. Okay. Any -- no
9 further questions? Motion's been made and
10 seconded. Roll call.

11 MR. EGGIMAN: Chairman Borst.

12 CHAIRMAN BORST: Aye.

13 MR. EGGIMAN: Commissioner McCarty.

14 COMMISSIONER MCCARTY: Aye.

15 MR. EGGIMAN: Commissioner Estes.

16 COMMISSIONER ESTES: Aye.

17 MR. EGGIMAN: Commissioner Levengood.

18 COMMISSIONER LEVENGOOD: Aye.

19 MR. EGGIMAN: Commissioner McCuaig.

20 COMMISSIONER MCCUAIG: Aye.

21 CHAIRMAN BORST: It passes unanimously.

22 JESSICA BARNES: Thank you.

23 CHAIRMAN BORST: Thanks, Jessica. Okay.

24 Next is consideration from the Quarter Horse
25 to transfer ADW funds to supplement Quarter Horse

1 purse account. Chris. Chris, he's there. He
2 wants his money.

3 CHRIS DUKE: Thanks, Chairman Borst,
4 Commissioners. Yeah, QHRAI is asking, requesting
5 to transfer the ADW funds for the purse account.

6 CHAIRMAN BORST: You might identify yourself.

7 CHRIS DUKE: President of Quarter Horse
8 Racing, Chris Duke. As we continue to grow our
9 program, we feel like this will give us the
10 opportunity to add races and at least maintain our
11 race count. With the growth of Quarter Horse
12 racing in Indiana, our audience has grown as well
13 as our handle. And we will feel like these funds
14 should help us continue to promote our industry.

15 CHAIRMAN BORST: Do we know about how much
16 that is, or is that too early to ask that?

17 CHRIS DUKE: About 250,000, I think.

18 CHAIRMAN BORST: I didn't know if it was too
19 early to ask that. Any questions, Commissioners?
20 Any motions?

21 COMMISSIONER LEVENGOOD: I move to approve.

22 COMMISSIONER ESTES: I second.

23 CHAIRMAN BORST: Thank you. Been moved and
24 seconded. Roll call vote.

25 MR. EGGIMAN: Chairman Borst.

1 CHAIRMAN BORST: Aye.

2 MR. EGGIMAN: Commissioner McCarty.

3 COMMISSIONER MCCARTY: Aye.

4 MR. EGGIMAN: Commissioner Estes.

5 COMMISSIONER ESTES: Aye.

6 MR. EGGIMAN: Commissioner Levengood.

7 COMMISSIONER LEVENGOOD: Aye.

8 MR. EGGIMAN: Commissioner McCuaig.

9 COMMISSIONER MCCUAIG: Aye.

10 CHAIRMAN BORST: Passes unanimously. Thanks.

11 Okay. Next we have a rulemaking update. We
12 have to keep talking about this every meeting, I
13 guess, don't we?

14 MR. ROTHENBERG: Yeah. So people are probably
15 wondering, hey, whatever happened with those rules
16 you circulated back in September of 2023? Well,
17 good news. They're being posted to the Register on
18 July 31, 2024. So there's two sets of rules out
19 there that have been circulated. One is our fines
20 and fees, which basically put in the rule the fines
21 and fees that we're now using anyway so there's
22 really no change.

23 The other rule out there updates the external
24 reference to ARCI rule, version, and latest date.
25 So that really has very little effect, other than a

1 technical revision of the date.

2 So basically after July 31st, there will be 30
3 days of public comment. And then we will have a
4 September 3rd public comment hearing. And people
5 can attend that via Teams or via live. That will
6 be downtown. All of this will be on the website so
7 everybody knows how to do it. And if there is a
8 second public comment period necessary, that will
9 push that after that 30 days. But, hopefully,
10 there won't be, and we can adjust anything based on
11 public comments.

12 After that, it will be go to the AG's office
13 where it can spend up to 45 days. Then it will go
14 to the Governor's office where it will spend up to
15 30 days. So hopefully these rules that we started
16 back in September of last year will get passed in
17 the middle of December. I already told you that
18 there would be a little bit of delay and change
19 from our emergency rule making, which was basically
20 one day.

21 I did want to outline a statutory change
22 that's important, House Enrolled Act 1003,
23 Administrative Law Act. Today you heard
24 Mr. Sacopulos and I arguing on a nonfinal order
25 issued by OALP for your approval. That will no

1 longer be occurring. Part of this enrolled act
2 makes OALP the actual final authority in any
3 adjudicative decisions that they may make. So it
4 will not require your approval. Once the ALJ makes
5 that decision, that's the decision. It won't go
6 before the Commission to give the thumbs up or the
7 thumbs down.

8 CHAIRMAN BORST: But the only other remedy
9 would be the courts?

10 MR. ROTHENBERG: Right. After that, it could
11 get appealed to the courts, which is interesting
12 because that also takes the deferens, part of this
13 enrolled act takes the deferens out of the court.
14 So basically the court does not have to rely or
15 give deferens to OALP's decision. They can try it
16 all on their own.

17 You still will need, looking at, looking at
18 the new law, to approve any agreements though
19 because that's not adjudicated by OALP. So that's
20 where we are sort of on rules and statutes. Pretty
21 soon we will start working with the legislature on
22 statutory changes that you'd like to make, some
23 technical stuff in the 2025 session.

24 CHAIRMAN BORST: Any Commissioners have
25 questions? Keeps on going. Like you said maybe --

1 COMMISSIONER MCCARTY: I do.

2 CHAIRMAN BORST: Yes.

3 COMMISSIONER MCCARTY: I have some questions.

4 The decision of the administrative judge, is it
5 goes to the courts?

6 MR. ROTHENBERG: Right. So...

7 CHAIRMAN BORST: Could go.

8 MR. ROTHENBERG: If Judge Yeager decides and
9 makes a decision, it is the final decision. That's
10 the final decision that will get appealed if
11 necessary on judicial review. So that's what goes
12 to the courts. No longer does the Commission
13 approve. There is no nonfinal decision in other
14 words from OALP. It is a final decision, and
15 that's what would get appealed.

16 COMMISSIONER MCCARTY: The appeal to the
17 courts, it goes to the trial court presumably in
18 Marion County?

19 MR. ROTHENBERG: It can go to the trial court
20 either in Marion County or it can go to the trial
21 court in the county in which, actually probably the
22 county in which one of the tracks is or the county
23 in which the person this actually affects lives or
24 resides.

25 And, again, the only difference in that

1 judicial review is in the past you gave deferens to
2 the agency decisions. That was removed so the
3 trial court can rule, whichever. They no longer
4 have to rely on OALP's or the decision of the final
5 authority's decision.

6 COMMISSIONER MCCARTY: Is this going to
7 increase the level of activity at the trial court
8 level?

9 MR. ROTHENBERG: I don't know. That's a
10 question for those who are appealing. There is
11 something that is also in this rule or in this new
12 statute. Basically it states that if the state
13 appeals an OALP decision, and it goes to court and
14 would lose at court in the judicial review, the
15 state has to cover the attorney fees for the
16 petitioner, I guess you would call it in most
17 cases.

18 So that's probably a better question for
19 Mr. Sacopulos than it is for me whether this will
20 increase activity or not. I mean, from our point
21 of view, it's going to be business as usual, I
22 guess.

23 CHAIRMAN BORST: Any comments or too early to
24 tell?

25 MR. SACOPULOS: I think this is a case-by-case

1 basis on, I think, each case.

2 CHAIRMAN BORST: Come up to the mic.

3 MR. SACOPULOS: Thank you.

4 COMMISSIONER LEVENGOOD: Reintroduce yourself.

5 MR. SACOPULOS: Yes, sir. I'm Pete Sacopulos.
6 I'm now commenting on what the rule updates that
7 Mr. Rothenberg was discussing. In terms of whether
8 that will increase appeals, I think that that, at
9 least from my standpoint and my experience, would
10 be done on a case-by-case basis. Each situation
11 would be determined based on the ALJ's finding and
12 strength or weakness and thought be available on
13 appeal.

14 CHAIRMAN BORST: You don't have to mess with
15 us anymore, I guess. You're lucky there, I guess.
16 We don't enjoy doing that, believe me.

17 MR. SACOPULOS: Can I -- I would prefer not to
18 answer that or not respond to that comment.

19 CHAIRMAN BORST: You don't have to say a word.

20 COMMISSIONER LEVENGOOD: Wise man.

21 CHAIRMAN BORST: Okay. Anything else, Bill?
22 Did that get them all answered? Guess so.

23 Okay. Why don't we move on to the HISA
24 update, which this is quite a report here. Did you
25 do this, or did they do this?

1 MR. EGGIMAN: I did the agenda item, yeah.
2 But not the -- that's all HISA and HIWU.

3 CHAIRMAN BORST: With all the charts?

4 MR. EGGIMAN: All the charts are there from
5 HISA.

6 CHAIRMAN BORST: Those are their numbers.

7 MR. EGGIMAN: Those are their numbers.

8 EXECUTIVE DIRECTOR PITMAN: Chairman, I would
9 like to comment.

10 CHAIRMAN BORST: Yes.

11 EXECUTIVE DIRECTOR PITMAN: Both Matt and
12 Dr. Peterson are going to weigh in on this item,
13 but as you have seen in your book, they have made
14 great progress on the IT side of things with HISA.

15 CHAIRMAN BORST: Oh, yeah.

16 EXECUTIVE DIRECTOR PITMAN: So we now have a
17 database that we can go to and pull rulings, okay,
18 for this racetrack. It looks like they're still
19 doing screenshots on the positives, but I feel like
20 they're getting there with all the other data that
21 you're seeing in your books. I'm really, I'm happy
22 that they're able to move forward with their IT
23 process.

24 CHAIRMAN BORST: I am too. I thought Matt did
25 this. I didn't think they had the capability to do

1 it. I mean, you would.

2 EXECUTIVE DIRECTOR PITMAN: I guess we see
3 where the millions of dollars are going.

4 CHAIRMAN BORST: Yeah, right.

5 MR. EGGIMAN: Okay. So just a few items here
6 for HISA. And I'll start with rulemaking, like
7 David was speaking about, and the length of time
8 it's taking for rules to get through.

9 At the last Commission meeting, I had
10 discussed that HISA had submitted several pages of
11 rule changes to the Federal Trade Commission
12 regarding their racetrack safety rules. And they
13 had also submitted nearly 400 pages of rule changes
14 regarding their medication and anti-doping rules.

15 Well, last month, the FTC did approve the
16 racetrack safety rule changes. And those went into
17 effect on July 8th. Our equine medical director,
18 Dr. Kerry Peterson, she'll speak more here in a bit
19 on how those changes have affected the IHRC staff
20 at the tracks. It's also affected the tracks
21 themselves. The proposed medication rule changes,
22 they're still awaiting decision by the FTC.

23 Dr. Peterson will also highlight HIWU's 2023
24 annual report. It was fairly lengthy. That's why
25 it wasn't included in your booklet. She'll

1 highlight obviously those portions that affect
2 Indiana. The HISA and HIWU 2024 Q1 reports are
3 provided in your booklets for informational
4 purposes.

5 Because the Thoroughbred race meet didn't
6 start until April, there's very little information
7 in there regarding Indiana and Horseshoe
8 Indianapolis. So we'll await the Q2 reports, which
9 have not come out yet. We'll get those in the
10 next, the booklets for the next meeting and have a
11 little bit more to talk about with those.

12 But before I turn it over to Dr. Peterson, I
13 do want to make a quick update on the federal
14 litigation that's challenging the constitutionality
15 of HISA. I feel like I make a little bit of an
16 update at each one of our meetings. We've had
17 basically two cases, one in the Fifth Circuit,
18 well, combined cases, but there's cases in the
19 Fifth Circuit and Sixth Circuit Court of Appeals.
20 In June of this year, the Supreme Court declined to
21 review the Sixth Circuit's decision that declared
22 the HISA Act constitutional. So that decision
23 remains in place.

24 Then less than two weeks ago, the Fifth
25 Circuit Court of Appeals found HISA

1 unconstitutional. I won't go into the reasons why
2 at this point just to save time. But what it means
3 is that we now have two conflicting opinions out
4 there from two different Circuit Courts of Appeals.
5 So as far as the IHRC is concerned, at this time
6 HISA still has jurisdiction over racetrack safety
7 and anti-doping and medication rules for
8 Thoroughbreds. The Supreme Court can resolve it,
9 but they don't have to. So and it likely -- and
10 nothing would happen for at least another year or
11 two anyway. So we're kind of again in a holding
12 pattern regarding the constitutionality of the HISA
13 Act.

14 I'd be happy to take any questions before I
15 turn things over to Dr. Peterson, who will speak
16 about the annual report.

17 CHAIRMAN BORST: Questions? Not yet, I guess.

18 MR. EGGIMAN: And there will be no vote
19 required for this one.

20 DR. PETERSON: Hi. Thank you, Mr. Chairman,
21 Commissioners. I think it was --

22 EXECUTIVE DIRECTOR PITMAN: Identify yourself.

23 DR. PETERSON: Oh, I'm sorry. Dr. Kerry
24 Peterson, Equine Medical Director for the Indiana
25 Horse Racing Commission. So it's been a little

1 over a year, I think, since I came up here and
2 talked to you guys about the early implementation
3 of HIWU. I think we had raced 16 days at my last
4 update for you guys. So it was really new. So I
5 just want to kind of follow that same update that I
6 gave you there at that time and, you know, kind of
7 tweak where things have improved and how things
8 have changed along the way.

9 So, again, all testing under the ADMC program
10 is conducted by HIWU trained and certified sample
11 collection personnel. We had repeat blood
12 collection officers that worked last year and were
13 certified. We all had to get recertified for the
14 2024 meet. We've added several additional
15 certified blood collection officers in total. We
16 have ten veterinarians that are certified by HIWU
17 as blood collection officers; seven of those
18 veterinarians are Horseshoe regulatory
19 veterinarians, and three of them are IHRC
20 veterinarians, including myself.

21 We also have four trained RVTs that are able
22 to collect blood as well under HIWU, namely
23 Stephanie Adams. She's our test barn administrator
24 and our HIWU testing liaison. And she does a
25 fantastic job. She's all over the place collecting

1 blood and running that test barn and making sure
2 that the collection personnel, the test barn
3 attendants are following HIWU guidelines. She
4 keeps a straight ship. She does a great job.

5 And then we have about ten sample collection
6 personnel, the pee catchers, in the test barn, a
7 lot of repeat folks, but they did repeat the
8 training again for 2024. They are doing really
9 well. We've got a couple new people.

10 COMMISSIONER LEVENGOOD: Let me interrupt you.
11 Do they have to do that recertification, even
12 yourself, on an annual basis?

13 DR. PETERSON: Yeah, so if you've had time
14 off -- like, the regulatory veterinarians that
15 didn't take time off over the winter that went to
16 other jurisdictions and kind of kept up with their
17 certification, they don't have to do the refresher.
18 But it's online now so we did kind of a Teams call.
19 The team didn't come out here like they did
20 initially with us. So it's pretty easy.

21 And the new veterinarians that we've hired for
22 the test barn, they get sent a link and are able to
23 do the training online. So it's very efficient for
24 them and expeditious so we can get these vets in
25 our test barn.

1 COMMISSIONER LEVENGOOD: Thank you.

2 DR. PETERSON: The first day of racing this
3 year was on eclipse day. And that was the day that
4 two HIWU members came. They were here to help us
5 with the first day of racing. We said are you
6 sure. It's eclipse day. It's going to kind of
7 crazy traveling here. They were, like, no, that's
8 why we want to come. They had a blast too. They
9 were a huge help with us and were really happy with
10 how things are here in Indiana.

11 As I previously stated last year to you guys,
12 in 2023, the hiccups that we had initially, I think
13 I talked about the software and some glitches with
14 the software, the tablets, that has been improved
15 markedly. They took our suggestions, other racing
16 jurisdictions suggestions to improve the modalities
17 of the tablets. And it has been awesome.

18 And it's increased efficiencies in the sample
19 collection process. You know, we can do things
20 much more efficient and get the horses sampled and
21 move on to the next.

22 They've also provided more support documents
23 and handouts. You guys see the beautiful handouts
24 that they provided for the Q1 report. The annual
25 report that they did is fantastic. They provided

1 similar documents for support materials for our
2 test barn attendants, our test barn administrator,
3 as well as trainers and veterinarians as well. So
4 it's been nice. They've got great resources.

5 As it was last year, there continues to be an
6 open line of communication with HIWU. We have a
7 really great working relationship with them. And
8 we can call them if we have any questions or
9 concerns.

10 And I know I complimented them last year. I'm
11 going to compliment them again. The test barn
12 staff, they work so hard and Stephanie Adams as
13 well. And the horsemen too. I mean, it's a
14 collaborative effort. We kind of have to do this.
15 And if we all work together, it can be successful.

16 As Matt mentioned, the HIWU released their
17 annual report. We just got it, I think,
18 April 11th of this year. Specifically, I think
19 they said that they did over 50,000 sample
20 submissions or sessions for the country, the tracks
21 that were under HISA and HIWU in '23. For Indiana
22 specifically, May 22nd through November 16th,
23 which was about 105 race dates, we had 2,057 sample
24 collection sessions. Breaking that down because we
25 saw that, we were, like, what does that mean

1 because we tested so many different. We did post
2 race. We did blood gas. We did out of competition
3 so I wanted them to break that down, which they
4 did.

5 So post race we collected 1,470 blood samples,
6 1,276 urine samples. We collected 375 blood gas or
7 TCO2 samples. And we did 110 out of competition
8 tests. Dr. Hershey's team here at Horseshoe
9 performed 134 vets list biologic sample collection.
10 And then there was a separate category that HIWU
11 said that they included in those numbers I just
12 provided you of any fatalities or injuries that we
13 had, which was 33. Eleven of those were race
14 related or training fatalities. And hair was also
15 collected on those fatalities as well. So that was
16 from May 22nd to November 16th under HIWU.

17 Under IHRC in early 2023, we sampled 187
18 horses post race. Again, that was 16 race days.

19 I know I talked last year about results
20 management. And we were frustrated because it felt
21 like it was taking longer for us to receive the
22 results. That has been improved markedly. We're
23 receiving results on average in 10 to 14 days. And
24 then the vets list samples we sometimes get back in
25 as soon as five days. So that has been improved

1 and consistent.

2 In 2023, Matt included one in your booklet
3 that was adjudicated and finalized in 2024, but
4 that was actually our first HIWU positive here in
5 Indiana in 2023. In total, we had six medication
6 violations in Thoroughbreds under HIWU. Four of
7 those were banned substances. I know two have been
8 adjudicated. Two of the other ones I think were
9 medications that they're still working on that may
10 be a human substance of abuse. And those cases
11 have been put on hold. We had two controlled
12 therapeutics and one atypical finding, which the
13 atypical findings was that category that those are
14 substances that may be caused from exposure or, you
15 know, something inherent with the animal that they
16 just look into further. And it just triggers an
17 investigation from the HIWU team.

18 That atypical finding we had actually was a
19 testosterone positive. And it turned out that
20 horse was a ridgling. So he was producing his own
21 testosterone. So that case was resolved.

22 And just to compare from when we did our
23 medication oversight, in 2022, we had nine
24 medication violations in Thoroughbreds. And we
25 used the ARCI drug classification and penalty

1 guidelines. So we had five Class 2 or 3, penalty B
2 positives. And two of those were testosterone in
3 ridglings so those cases were resolved. And then
4 we also had four Class 4 penalty Cs.

5 So it's about the same as far as what we found
6 a little bit more than what HIWU did in the first
7 year. But, again, it was a shorter year than it
8 was for us in 2022. And then Matt shared with you
9 the 2024 violations so far. And we've had no
10 post-race violations under HIWU so far.

11 I'm going to change course here a little bit
12 and talk about those new safety rules that HISA had
13 approved by the FTC in June and then implemented on
14 July 8. There's a lot. So I'm just going to go
15 over some highlights, some critical changes that
16 were approved.

17 I think one of the biggest ones is for fetlock
18 intra-articular injections. Intra-articular
19 injections in any joint prior to this rule change
20 was 14 days for racing, seven days for training.
21 For fetlocks only is now a 30-day standdown time
22 for racing and 14 days for works. So just
23 specifically for the fetlock and specifically for
24 corticosteroids. Any other joint injections has
25 the 14-day standdown time for racing and seven days

1 for timed works.

2 The other big change is that all non-racetrack
3 veterinarians or veterinarians practicing on the
4 racetrack on a covered Thoroughbred racehorse now
5 has to be registered with HISA, and they have to
6 report treatments into the HISA portal. So that
7 kind of gray area gap in treatment records and
8 medical records that was missing, hopefully, those
9 veterinarians will comply and put that data in
10 moving forward.

11 There's also several new rules regarding
12 claims. Standdown times were changed for shock
13 wave therapy. Before it was 30 days to return to
14 racing or training. Now it's 30 days return to
15 racing and 14 days to return to work. And then
16 HISA safety committee, the racetrack safety
17 committee, which I serve on -- it was called that
18 in 2023. Now it is called the Racetrack Risk
19 Management Committee. It's essentially the same
20 thing. They just felt like that it needed a
21 different name when the rules were changed.

22 We continue to meet monthly. We discuss
23 safety concerns, fatalities, human injuries,
24 anything that we need to improve as far as safety
25 for our racetrack and for the athletes, human and

1 equine. That committee is headed by Dr. Andy
2 Hershey, the chief association veterinarian here.
3 And he's also the safety director in our
4 voluntarily agreement.

5 And I have to give him amazing credit. He's
6 doing an amazing job. It's a big task to take on
7 being the chief lead veterinarian here at
8 Horseshoe, have the responsibility that he has in
9 addition to doing the safety director role. He's
10 been great to work with. We collaborate. It's
11 been a great relationship. And I think the world
12 of him. He's doing a fantastic job.

13 And along those lines, I have to say that
14 currently we're 50-plus race dates in, Horseshoe
15 Indianapolis has had zero race-related fatalities
16 so far. So this is by far one of the safest
17 seasons here. Q1 for HISA, the race-related
18 fatality rate is .84. That has dropped from their
19 2023 rate of 1.23 per 1,000 starters.

20 In 2023, we had a fabulous year for safety.
21 Horseshoe Indianapolis race-related fatality rate
22 was .89 per 1,000. So we were below the national
23 average. And then if you take out some of the
24 sudden deaths and focus on musculoskeletal
25 catastrophic, we were at .77 last year. So really,

1 really great numbers. I mean, obviously we want to
2 continue to keep them lower and lower.

3 And it's just a testament to all the hard work
4 with the racetrack, employees that work on the
5 track surface, the veterinarians, the trainers, the
6 cooperation with these new protocols, our safety
7 steward Michelle. I think it's kind of a
8 collaborative effort. And I think it's paid off,
9 and we're seeing the results of that hard work.

10 Anybody have any questions?

11 COMMISSIONER LEVENGOOD: Wow.

12 CHAIRMAN BORST: Can you go over all that
13 again?

14 DR. PETERSON: This was pared down.

15 CHAIRMAN BORST: Our Indiana fatality is how
16 much, .89?

17 DR. PETERSON: So in '23, it was .89 per
18 thousand starters. And the national average under
19 HISA on HISA-regulated racetracks for 2023, again,
20 that wasn't the full year. It was from -- well,
21 that was for the full year for HISA, it was, 1.23.
22 So when they announced Q1's data, which we really
23 weren't much of a factor because I think we just
24 raced a handful of days in Q1, they had dropped
25 quite a bit from that.

1 CHAIRMAN BORST: That's where I was going. I
2 didn't see us in there, but I guess we didn't.

3 COMMISSIONER LEVENGOOD: What's the best you
4 ever dream for?

5 CHAIRMAN BORST: Zero.

6 DR. PETERSON: The best would be zero. I
7 think, I think in kind of .7, .8. I think
8 anything, you know, as low as possible is what we
9 strive for.

10 COMMISSIONER LEVENGOOD: Sure. Sure.

11 CHAIRMAN BORST: Okay. Any clarifications
12 needed or anything from Commissioner Estes and
13 Commissioner McCarty? Do you know what a fetlock
14 is? Okay. I guess we have no other. Thank you.

15 DR. PETERSON: Thanks.

16 CHAIRMAN BORST: Anything else, Matt, on your?

17 MR. EGGIMAN: No.

18 CHAIRMAN BORST: Okay. That's good to keep
19 apprised because it sounds like things are getting
20 a little better anyway.

21 Okay. Next on our agenda is review and
22 consideration of racing capital fund committee
23 expenditures approved and submitted by fund
24 committee members as well as Community Center
25 update. Joe Morris has had to sit here and

1 couldn't say anything, but now it's your turn.

2 JOE MORRIS: I needed to stand up.

3 CHAIRMAN BORST: We would have called on you
4 earlier.

5 JOE MORRIS: Joe Morris with Caesar's
6 Entertainment Racing. Good afternoon everybody.

7 I'll start with Hoosier. We met the RCFAC
8 committee, I think it was the beginning of June.
9 We reviewed 2024, which is year four of that
10 committee. We would like to ask -- we voted for
11 approval, and we would like to ask for approval of
12 an addition to The Hop, that's the area on the
13 apron that we built last year. We put 372,000 into
14 it. It's been extremely popular. We have bands
15 out there pretty much every Saturday, food trucks.
16 It's turned into an exciting area.

17 And in meeting with the RCFAC committee, which
18 is John DeLong from the ISA, Rick, and myself, we
19 would like to do phase two of that, which is
20 \$150,000. So we would like to have consideration
21 for approval on that.

22 That would bring this year's expenditures --
23 we have eight other projects. I think they're all
24 complete at this time, but that would put us at
25 710,000 for year four. And then that's been voted

1 by the ISA board also.

2 For year five, the RCFAC always tries to keep
3 a two-year rolling schedule going forward. So we
4 put some potential projects there, but I'd actually
5 like to have approval on one of them. The ISA
6 board voted in favor, the RCFAC and the board voted
7 in favor of the tote board video wings. So you
8 notice the board we have here with the high
9 definition screen in the middle and the two video
10 wings to either side. That tote board at
11 Hoosier -- the track's 30 years old. The board
12 might not be that old, but it's probably 25 anyhow.
13 We replaced the middle part of it a year ago. We
14 would like to replace the two wings so it resembles
15 this one here. And we've got a price of 650,000
16 for that. So that would be a 2025 project.

17 Then as you see, we put two other projects
18 that are in discussion with the ISA on that.
19 Number of, the first one, backside paving actually
20 happens if the sanitary sewer lines happens because
21 we would have to rip up the sewers. Currently it's
22 the only system I've ever seen like this in my many
23 years in the industry. But every horse that's
24 washed on the back stretch, that water goes down
25 into a drain and is pumped into a plastic tube,

1 tank. And then we have to every day go empty those
2 tanks in the sewer on the other side of the
3 facility. And we'd like to hard plumb all that in
4 so we didn't need to do that anymore.

5 If we do that, it will be a significant amount
6 of trenching, and we would need to repave the back
7 stretch. Just have those as potentials. We're
8 still discussing those with the horsemen.

9 But I would like, if we could, to get
10 consideration for that tote board for next year.
11 We would probably do that late February, beginning
12 of March so we have the board ready for the
13 beginning of our '25 meet and for The Hop
14 improvement, which we would complete for later on
15 this year.

16 CHAIRMAN BORST: So for now, you're looking
17 for approval for the 150,000 for The Hop.

18 JOE MORRIS: For this year. And then if you
19 could vote the 650 for next year, the RCFS approved
20 it. And we'll just get that done, and we can start
21 planning it and putting the dates to it. With
22 that, if we do the 650, the five years after 2025,
23 we would have 814,000 a year still available within
24 the fund.

25 CHAIRMAN BORST: How much? That seems awful

1 high.

2 MR. ROTHENBERG: Is that including the
3 sanitary sewer lines though?

4 JOE MORRIS: No, that would be without the
5 sanitary sewer lines and without the backside
6 paving. If those all go in, it would be around
7 300,000.

8 MR. ROTHENBERG: I think that's what's in the
9 book.

10 CHAIRMAN BORST: Okay. If '25 gets done,
11 you're down to 300,000.

12 JOE MORRIS: If all three of the projects go.

13 CHAIRMAN BORST: Okay. That's what I thought.
14 It sounds high.

15 JOE MORRIS: No, that would be just the 650.
16 We would have 314 if it all goes, but the RCFAC
17 board has not approved the other two projects yet.

18 CHAIRMAN BORST: Okay. Any questions on that?
19 I guess we need a motion to approve the 150,000 for
20 this year.

21 JOE MORRIS: Right.

22 CHAIRMAN BORST: And then the 650,000 for 2025
23 so they can get on it at the beginning of the year.

24 JOE MORRIS: Correct.

25 CHAIRMAN BORST: Such a motion out there?

1 COMMISSIONER MCCUAIG: So moved.

2 COMMISSIONER MCCARTY: I move.

3 CHAIRMAN BORST: How about a second? I got
4 two.

5 COMMISSIONER ESTES: Second.

6 CHAIRMAN BORST: Okay. We've got two
7 movements and a second. Any other questions? I
8 guess we'll do the roll call vote.

9 MR. EGGIMAN: Chairman Borst.

10 CHAIRMAN BORST: Aye.

11 MR. EGGIMAN: Commissioner McCarty.

12 COMMISSIONER MCCARTY: Aye.

13 MR. EGGIMAN: Commissioner Estes.

14 COMMISSIONER ESTES: Aye.

15 MR. EGGIMAN: Commissioner Levensgood.

16 COMMISSIONER LEVENGOOD: Aye.

17 MR. EGGIMAN: Commissioner McCuaig.

18 COMMISSIONER MCCUAIG: Aye.

19 CHAIRMAN BORST: Passes unanimously. So do
20 you have an update on the Community?

21 JOE MORRIS: I do. Let me do Horseshoe. I
22 don't need a vote on Horseshoe, but we have a
23 couple of items on that update, and then we'll do
24 the Community Center. So also we met that
25 committee in June to look at 2024 and then to look

1 out at 2025.

2 For 2024, there's two adds we would like to
3 put in. They are both under 50,000 so we don't
4 need Commission approval, but with transparency
5 everything we've ever done, we've put before this
6 board. We winterized a barn last year, the Quarter
7 Horse barn. And we did a very good job with it.
8 It's so airtight we need to put some exhaust fans
9 in it. It's getting too hot. I would say I missed
10 that on the original design because when you do
11 that. We would like to add exhaust fans on each
12 end. That is, I want to say that's \$36,000 so the
13 committee did approve that to put those in.

14 And then the other thing, there's a viewing
15 stand that the trainers come up to where they can
16 watch their morning workouts. It's old. It's
17 probably 20-plus years old. We have winter
18 training now. It's just not a very good structure.

19 So we'd like to put what I would call a proper
20 track viewing stand in with the benches. It's got
21 sliding windows. There's no heat in there, but it's
22 got places to stand out of the wind, out of the
23 rain, out of the elements. And that would be just
24 under \$40,000. So the committee voted to do that
25 also so the trainers can view their horses.

1 Remember earlier this year we built one of
2 those for the horse, the outriders there so he can
3 get out of it. We need to do the same for the
4 trainers. So those two we want to add to this
5 year. And we will get those done. And those don't
6 need to be voted because they are both under 50,000
7 but wanted you to know the board was unanimous on
8 both of those as we were on the Hoosier vote. So
9 that's that.

10 Then we go to the Community Center. If you
11 remember at the last meeting we were approved for
12 200,000 to start the architectural drawings.
13 Nothing moves very fast in this world anymore. We
14 did put it out to bid. We got two bids. We're in
15 the process of accepting one of them. We've had
16 agreements going back and forth even this week. It
17 should be signed by the end of the week. It will
18 be just short, shy of 50,000 so that we were happy
19 with that bid. So that will go under. So then the
20 documents will be drawn.

21 The other piece of that is we did run it
22 through the DNC at Caesars. We have a building
23 department that does that. And their budget number
24 was a million-four so that's pretty close to the
25 million-three that we had talked about the last

1 time. So I was pleased with that on the gut check
2 so to speak. We won't know until we get the
3 drawings out to bid. So we're in the process of
4 getting the agreement done.

5 And it will be Chris Duke will be overseeing
6 that project as far as getting the right architect,
7 and the right civil. He's been to the town a
8 couple times on the annexation already. So we're
9 going forward with that part of it.

10 COMMISSIONER LEVENGOOD: Will you act as a CM
11 or will you hire a CM?

12 JOE MORRIS: Well, his company will be the CM,
13 but he'll be working directly with us on it, yeah.
14 So we'll get that out and go forward. The town
15 part on the annexation, his first few visits have
16 been good and positive there. Hopefully those
17 agreements will be signed this week. And we'll get
18 those drawings rolling.

19 COMMISSIONER LEVENGOOD: Will the architect
20 have the engineers under their contract, or will
21 you separately contract with them?

22 JOE MORRIS: It's all going to go under the
23 umbrella that Chris Duke's company, he's a builder.
24 So it will go under his building company, and then
25 the architect and engineers will fall under that

1 umbrella. And on the first part of it, the
2 agreement can extend to the whole project, but the
3 first part is the narrow scope just for the
4 architectural design, civil, and the annexation
5 process.

6 COMMISSIONER LEVENGOOD: So you can get a, so
7 you can get a price.

8 JOE MORRIS: That's right. And send it to bid
9 actually where we can get the price. Once we get
10 that, we will be back in front of you knowing what
11 the numbers are.

12 COMMISSIONER LEVENGOOD: Can I suggest that
13 you build in some add and deduct alternates to be
14 able to land this thing within your budget.

15 JOE MORRIS: Yeah.

16 COMMISSIONER LEVENGOOD: Okay. Because what
17 will happen is it will come in over budget. You'll
18 come to us, and I'm going to say what about the
19 deducts that you built in to get it back to budget.

20 JOE MORRIS: Back to budget.

21 COMMISSIONER LEVENGOOD: Do you follow that?

22 JOE MORRIS: I do, yeah. We're building a
23 track in Nebraska right now. So I've seen how that
24 kind of works also.

25 COMMISSIONER LEVENGOOD: A two by four is over

1 seven bucks for eight-footers.

2 JOE MORRIS: Even just getting trades to show
3 up is a challenge.

4 COMMISSIONER LEVENGOOD: Can't get people to
5 bid right now. It's an interesting time.

6 CHAIRMAN BORST: Okay. Any other questions
7 for Mr. Morris? Seeing none, no more votes needed.
8 Thank you.

9 JOE MORRIS: Thank you.

10 CHAIRMAN BORST: Next and last on the agenda,
11 well, not last, I guess, delegation of authority to
12 conduct racing business to the executive director,
13 which is a cleanup thing we always do. Dale, you
14 look like you're ready to say something.

15 MR. PENNYCUFF: Thank you. Commissioners,
16 each year there are matters that arise during the
17 race meeting that require quick turnaround and
18 quick decision making. Because the Commission may
19 not meet often enough for those immediate matters
20 to be handled, Commission staff routinely requests
21 that the Commission delegate authority to Executive
22 Director Pitman to handle matters that arise
23 between Commission meetings. Pursuant to 71 IAC
24 2-2-1, the Commission may delegate authority to the
25 executive director to implement and execute the

1 duty of regulating each race meeting and persons
2 participating in each meeting.

3 At this time Commission staff respectfully
4 requests delegation of authority to Director Pitman
5 to make race meet decisions as required, including
6 but not limited to equipment, race calendars, ADWs,
7 SPMOs that cannot be delayed until the next
8 Commission meeting.

9 COMMISSIONER LEVENGOOD: So moved.

10 COMMISSIONER MCCARTY: Second.

11 CHAIRMAN BORST: Moved and seconded. That's
12 good. Roll call vote.

13 MR. EGGIMAN: Chairman Borst.

14 CHAIRMAN BORST: Aye.

15 MR. EGGIMAN: Commissioner McCarty.

16 COMMISSIONER MCCARTY: Aye.

17 MR. EGGIMAN: Commissioner Estes.

18 COMMISSIONER ESTES: Aye.

19 MR. EGGIMAN: Commissioner Levensgood.

20 COMMISSIONER LEVENGOOD: Aye.

21 MR. EGGIMAN: Commissioner McCuaig.

22 COMMISSIONER MCCUAIG: Aye.

23 CHAIRMAN BORST: It passes unanimously. I
24 guess we have one more thing to do some dates real
25 quick.

1 MR. ROTHENBERG: Yes, Commissioners. So I
2 just wanted to give a real quick update on public
3 comments deadlines and dates as it pertains to the
4 option of the REIT to purchase the real assets of
5 the track. I've pretty much expressed this, I
6 think, to all of the associations, but we're
7 looking at an August 2nd deadline at the close of
8 business to submit to the Commission any written
9 material you might have.

10 Now that includes studies, maybe letters,
11 things like that. That doesn't mean that if a
12 horseman, for instance, wants to write a letter
13 that he is unable to after that date. We want to
14 take in everything. We just would like to get most
15 of these, at least more formal reports, that might
16 be out there into the Commission by then.

17 We're looking at September 6th at
18 one o'clock to have a public hearing where the
19 Commission will receive any public comments.
20 Commissioner Borst and the rest of the
21 Commissioners will set a time deadline, whether
22 that's five minutes, ten minutes, fifteen, I don't
23 know. That's going to be up to them, but everybody
24 will be able to speak to the Commission. And the
25 Commission will be able to ask people questions.

1 Any materials that you may want to also turn
2 in at that time can be turned in at that time as
3 well. A vote will not be taken at that meeting.
4 That meeting is only to solicit for public
5 comments. And a vote will be taken then at one of
6 the Commission meetings following that, which will
7 either be the fall or the winter at the end of the
8 year. We don't have a place yet for it, right,
9 maybe one of the tracks. We don't know yet. So
10 that's pretty much that.

11 CHAIRMAN BORST: Okay. Any old business, new
12 business? Then I'll declare that we are adjourned.
13 Thank you all again for coming. Thank you, Eric,
14 for hosting us again.

15 (The Indiana Horse Racing Commission meeting
16 was adjourned at 12:57 p.m.)

1 STATE OF INDIANA
2 COUNTY OF JOHNSON
3

4 I, Robin P. Martz, a Notary Public in and for
5 said county and state, do hereby certify that the
6 foregoing matter was taken down in stenograph notes
7 and afterwards reduced to typewriting under my
8 direction; and that the typewritten transcript is a
9 true record of the Indiana Horse Racing Commission
10 meeting;

11 I do further certify that I am a disinterested
12 person in this; that I am not a relative of the
13 attorneys for any of the parties.

14 IN WITNESS WHEREOF, I have hereunto set my
15 hand and affixed my notarial seal this 1st day of
16 August, 2024.
