Dear Mr. Boswell:

Re: IDEM Approval of Renewal of NPDES
General Permit Coverage No. ING040038
DNR Permit Nos. S-0150,
S-0159, S-0322, and S-0335
Peabody Midwest Mining, LLC
Somerville South Mine
8278 South C.R. 850 E
Elberfeld, IN - Gibson County

Our office received your Notice of Intent (NOI) submittal on March 23, 2024 for the above-referenced facility. We are pleased to inform you that it is sufficient to comply with the NOI requirements in 327 IAC 15-7, the NPDES general permit-by-rule for Facilities Engaged in Mining of Coal, Coal Processing, and Reclamation Activities. Your facility's permit coverage will be renewed as requested, and also the following changes to your facility's general permit coverage are approved:

- **Outfall 022 is being removed from permit coverage. The drainage area is stable and free from erosion and its watershed has received Phase II and III bond release.**
- **Outfall 062 is being removed from permit coverage. The associated sediment basin was mined through and will not be replaced.**

We have reviewed the NOI and have determined that the mining activities associated with the request are not the result of any new or expanded permitted mining operations. Mining activity is a process of sequential coal removal and reclamation and as mining progresses and reclamation follows these activities will not result in any anticipated discharges to a receiving stream. We have determined that there will not be a new or increased loading of pollutants into the receiving stream(s), therefore the approval of this renewal of coverage complies with the antidegradation standards at 327 IAC 2-1.3.

The NPDES general permit coverage number assigned to this facility in the previous approval will continue to apply. Reporting is to be done using the federal Discharge Monitoring Report (DMR) form and the state Monthly Monitoring Report (MMR) form; both need to be completed and submitted on a routine basis. Please note that IDEM no longer accepts paper DMR or MMR forms; all NPDES permit holders are required to submit monitoring data using NetDMR.

Renewal of coverage for this facility will include all outfalls listed on Attachment 1 to this correspondence, and shall be deemed effective **July 1, 2024**, unless a person aggrieved or adversely affected by the acceptance appeals this decision. Coverage under this general permit rule will expire on June 30, 2029. In order to receive authorization to discharge beyond the date of expiration, the permittee shall submit such information and forms as required by the Indiana Department of Environmental Management no later than ninety (90) days prior to the date of expiration.

Please note that IDEM shall serve notice of its decision to accept your facility's renewal of coverage under the general permit in accordance with the requirements of 327 IAC 5-3-14 and 327 IAC 15-7-5(c). It should also be noted that any appeal must be filed under procedures outlined in IC 13-15-6, IC 4-21.5, and the enclosed Public Notice. The appeal must be initiated by filing a petition for administrative review with the Office of Environmental Adjudication (OEA) within fifteen (15) days of the emailing of an electronic copy of this letter or within eighteen (18) days of the mailing of this letter. A copy must also be served upon IDEM. The addresses are as follows:

Director
Office of Environmental Adjudication
Indiana Government Center North
Room 103
100 North Senate Ave.
Indianapolis, IN 46204

Commissioner
Indiana Department of Environmental Management
Indiana Government Center North
Room 1301
100 North Senate Ave.
Indianapolis, IN 46204

The Office of Environmental Adjudication will provide parties who request review of this acceptance for coverage with notice of prehearing conferences, preliminary hearings, hearing, and stays or orders disposing of all proceedings. Nonparties may receive such notices without intervening and formally becoming parties in the proceeding by requesting copies of such notices from the Office of Environmental Adjudication.

Questions regarding this matter may be directed to Ms. C. Anne Burget of my staff at (317) 234-8745 or owqwwper@idem.IN.gov.

Sincerely,
