NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

Preliminary Findings Regarding a PSD/Significant Modification to a
Part 70 Operating Permit

for Caterpillar Inc. in Tippecanoe County

PSD/Significant Source Modification No.: 157-47442-00044

Significant Permit Modification No.: 157-47526-00044

The Indiana Department of Environmental Management (IDEM) has received an application from Caterpillar Inc., located at 3701 South Street, Lafayette, Indiana 47905, for a PSD/significant modification of its Part 70 Operating Permit issued on December 16, 2022. If approved by IDEM's Office of Air Quality (OAQ), this proposed modification would allow Caterpillar Inc. to make certain changes at its existing source. Caterpillar Inc. has applied to construct five (5) engine test cells (M601 to M605), one (1) packaging test cell (M525A), four (4) natural gas-fired deep peak shaving generators (DPSG3 to DPSG6), one (1) cooling tower, panel build soldering, and several electric-fired kitchen equipment. Also, as part of this modification, Caterpillar will remove the two (2) existing diesel-fired peak shaving generators (EL45016 and EL45019) and replace them with the two (2) natural gas-fired deep shaving generators (DPSG1 and DPSG2) previously permitted in 2021.

The applicant intends to construct and operate new equipment that will emit air pollutants; therefore, the permit contains new or different permit conditions. In addition, some conditions from previously issued permits/approvals have been corrected, changed, or removed. These corrections, changes, and removals may include Title I changes (e.g., changes that add or modify synthetic minor emission limits). IDEM has reviewed this application and has developed preliminary findings, consisting of a draft permit and several supporting documents, which would allow the applicant to make this change.

A copy of the permit application and IDEM's preliminary findings have been sent to:

How can you participate in this process?

This notice is posted on IDEM's website (<https://www.in.gov/idem/public-notices/>). The date that this notice is posted on IDEM's website marks the beginning of a 30-day public comment period. If the 30th day of the comment period falls on a day when IDEM offices are closed for business, all comments must be postmarked or delivered in person on the next business day that IDEM is open.

You may request that IDEM hold a public hearing about this draft permit. If adverse comments concerning the **air pollution impact** of this draft permit are received, with a request for a public hearing, IDEM will decide whether or not to hold a public hearing. IDEM could also decide to hold a public meeting instead of, or in addition to, a public hearing. If IDEM decides to conduct a public hearing and/or public meeting, IDEM will post a separate announcement of the date, time, and location of that public hearing and/or public meeting on IDEM's website (<https://www.in.gov/idem/public-notices/>). At a hearing, you would have an opportunity to submit written comments and make verbal comments. At a meeting, you would have an opportunity to submit written comments, ask questions, and discuss any air pollution concerns with IDEM staff.

Comments and supporting documentation, or a request for a public hearing should be sent in writing to IDEM at the address below. If you comment via e-mail, please include your full U.S. mailing address so that you can be added to IDEM's mailing list to receive notice of future action related to this permit. If you do not want to comment at this time, but would like to receive notice of future action related to this permit application, please contact IDEM at the address below. Please refer to permit number PSD/SSM 157-47442-00044 and SPM 157-47526-00044 in all correspondence.

What will happen after IDEM makes a decision?

Following the end of the public comment period, IDEM will issue a Notice of Decision stating whether the permit has been issued or denied. If the permit is issued, it may be different than the draft permit because of comments that were received during the public comment period. If comments are received during the public notice period, the final decision will include a document that summarizes the comments and IDEM's response to those comments. If you have submitted comments or have asked to be added to the mailing list, you will receive a Notice of the Decision. The notice will provide details on how you may appeal IDEM's decision, if you disagree with that decision. The final decision will also be available on the Internet at the address indicated above and will also be sent to the local library indicated above, the IDEM Regional Office indicated above, and the IDEM public file room on the 12th floor of the Indiana Government Center North, 100 N.
