SECTION ONE
GENERAL INFORMATION AND REQUESTED PRODUCTS/SERVICES

1.1 INTRODUCTION

In accordance with Indiana statute, including IC 5-22-9, the Indiana Department of Administration (IDOA), acting on behalf of the Indiana Family and Social Services Administration (FSSA), requires Child Care and Development Fund (CCDF) Agreement Center services for the Office of Early Childhood and Out-of-School Learning (OECOSL). It is the intent of IDOA to solicit responses to this Request for Services (RFS) in accordance with the statement of work, proposal preparation section, and specifications contained in this document. This RFS is being posted to the IDOA website (<http://www.IN.gov/idoa/2354.htm>) for downloading. A nominal fee will be charged for providing hard copies. Neither this RFS nor any response (proposal) submitted hereto are to be construed as a legal offer.

1.2 DEFINITIONS AND ABBREVIATIONS

Following are explanations of terms and abbreviations appearing throughout this RFS. Other special terms may be used in the RFS, but they are more localized and defined where they appear, rather than in the following list.

Award Recommendation	IDOA's summary to the agency being supported, typically in letter format, of the solicitation and suggestion on respondent selection for the purposes of beginning contract negotiations.
IAC	Indiana Administrative Code
IC	Indiana Code
Contract Award	The acceptance of IDOA's Award Recommendation by the agency being supported in conjunction with the public posting of the Award Recommendation.
Full Time Equivalent (FTE)	The State defines FTE as a measurement of an employee's productivity when executing the scope of work in this RFS for a specific project or contract. An FTE of 1 would mean that there is one worker fully engaged on a project. If there are two employees each spending 1/2 of their working time on a project that would also equal 1 FTE
Implementation	The successful implementation of Agreement Center services as specified in the contract resulting from this RFS
Other Governmental Body	An agency, a board, a branch, a bureau, a commission, a council, a department, an institution, an office, or another establishment of any of the following: 1) The judicial branch 2) The legislative branch

- 3) A political subdivision (includes towns, cities, local governments, etc.)
- 4) A State educational institution

Proposal	An offer as defined in IC 5-22-2-17
Respondent	An offeror as defined in IC 5-22-2-18. The State will not consider a proposal responsive if two or more offerors submit a joint or combined proposal. One entity or individual must be clearly identified as the respondent who will be ultimately responsible for performance of the contract
Services	Work to be performed as specified in this RFS
State	The State of Indiana
State Agency	As defined in IC 4-13-1, “State Agency” means an authority, board, branch, commission, committee, department, division, or other instrumentality of the executive, including the administrative, department of State government
Vendor	Any entity or person who does business with the State and is registered as same.

1.3 PURPOSE OF THE RFS

The purpose of this RFS is to select respondents that can satisfy the State’s need for CCDF Agreement Centers. It is the intent of FSSA to contract with respondents that provide developmentally appropriate early care and education and related services that meet the federal and State regulations for children enrolled in the CCDF voucher program for OECOSL. Through this RFS, OECOSL seeks to increase access to high quality child care and education and On-My-Way Pre-K providers in communities with limited existing options.

1.4 SUMMARY SCOPE OF WORK

The CCDF is a federal program that helps low-income families obtain child care so that they may work, attend training, or continue their education. The purpose of CCDF is to increase the availability, affordability, and quality of child care. The CCDF program is administered through the OECOSL within the State of Indiana. CCDF Agreement Centers have met all current State credentialing and/or licensure requirements to become a CCDF eligible provider. All providers who receive an award for CCDF Agreement Centers are required to be rated at least a PTQ Level 2 at the time of award, and are required to increase their PTQ level to at least a PTQ Level 3 by the end of the contract term. Providers that are already a PTQ Level 3 or PTQ Level 4 at the time of award must maintain at least a PTQ Level 3 rating throughout the term of the contract. PTQ Level 3 providers are encouraged, but not required, to increase their PTQ rating to a Level 4 by the end of the contract term and PTQ Level 4 providers are encouraged, but not required, to maintain a PTQ Level 4 rating throughout the contract term. Additionally, CCDF Agreement Centers shall be a

licensed child care center, licensed child care home, or an unlicensed registered child care ministry that meet the CCDF Provider Eligibility Standards (PES) and are encouraged to have a plan to become an On My Way Pre-K provider if they are not one already. Furthermore, CCDF Agreement Centers are required to serve infant and/or toddler aged children.

Under this RFS, the State is looking to award contracts to multiple child care providers to become CCDF Agreement Centers across the three (3) CCDF Policy Consultant regions (see Attachment I Bidder’s Library for a map of the CCDF Policy Consultant regions). Vendors shall support the RFS objectives of increasing access and quality of child care services, especially for underrepresented populations including infants and toddlers and in communities where there are limited options for high quality child care. Vendors shall meet all CCDF, federal, and State requirements. In addition to providing services that promote the nutrition, health, learning, and development of children, CCDF Agreement Centers will work closely with CCDF Intake Agents and the OECOSL TA Vendor to serve CCDF eligible families and support other child care providers in increasing the quality of their facilities. Vendors shall also perform administrative responsibilities, such as adhering to any new reporting requests and attending all State mandated trainings. A comprehensive Scope of Work for this RFS is located in Attachment F Scope of Work.

Because federal funds may be associated with the CCDF Agreement Center awarded as a result of this RFS, any vendor responding should be familiar with the federal rules regarding contractor suspension, disbarment and exclusion. Before awarding a contract, the State will review the performance and integrity information available from the System for Award Management (SAM) Exclusions.

During this session, potential respondents may submit questions about the RFS and the RFS process via web conference. Respondents are reminded that no answers issued verbally during the session are binding on the State and any information provided during the session, unless it is later issued in writing, also is not binding on the State. The webinar can be accessed at this link: <https://Indiana.AdobeConnect.com/oecosl>. All applicants should sign in as a guest using their name. The webinar audio will be part of the online program, so webinar participants will need to use speakers or headphones to hear the presentation.

1.7 QUESTION/INQUIRY PROCESS

No Respondent shall rely upon, take any action, or make any decision based upon any verbal communication with any State employee.

Inquiries are not to be directed to any staff member of FSSA or any other participating agency. Such action may disqualify Respondent from further consideration for a contract resulting from this RFS.

If it becomes necessary to revise any part of this RFS, or if additional information is necessary for a clearer interpretation of provisions of this RFS prior to the due date for proposals, an addendum will be posted on the IDOA website. If such addenda issuance is necessary, the Procurement

2.3.7 Registration to do Business

Secretary of State

If awarded the contract, the Respondent will be required to be registered, and be in good standing, with the Secretary of State. The registration requirement is applicable

to all limited liability partnerships, limited partnerships, corporations, S-corporations, nonprofit corporations and limited liability companies. The Respondent must indicate the status of registration, if applicable, in this section of the proposal.

Department of Administration, Procurement Division

Additionally, respondents must be registered with the IDOA. This can be accomplished on-line at <http://www.in.gov/idoa/2464.htm>.

The IDOA Procurement Division maintains two databases of vendor information. The Bidder registration database is set up for vendors to register if you are interested in selling a product or service to the State of Indiana. Respondents may register on-line at no cost to become a Bidder with the State of Indiana. To complete the on-line Bidder registration, go to <http://www.in.gov/idoa/2464.htm>. The Bidder registration offers email notification of upcoming solicitation opportunities, corresponding to the Bidder's area(s) of interest, selected during the registration process. Respondents do need to be registered to bid on and receive email notifications. Completion of the Bidder registration will result in your name being added to the Bidder's Database, for email notification. The Bidder registration requires some general business information, an indication of the types of goods and services you can offer the State of Indiana, and locations(s) within the State that you can supply or service. There is no fee to be placed in Procurement Division's Bidder Database. To receive an award, you must be registered as a bidder. Problems or questions concerning the registration process or the registration form can be e-mailed to Amey Redding, Vendor Registration Coordinator, aredding@idoa.in.gov, or you may reach her by phone at (317) 234-3542.

2.3.8 Authorizing Document

Respondent personnel signing the Transmittal Letter of the proposal must be legally authorized by the organization to commit the organization contractually. This section shall contain proof of such authority. A copy of corporate bylaws or a corporate resolution adopted by the board of directors indicating this authority will fulfill this requirement.

2.3.9 Subcontractors

The Respondent is responsible for the performance of any obligations that may result from this RFS, and shall not be relieved by the non-performance of any subcontractor. Any Respondent's proposal must identify any subcontractors and describe the contractual relationship between the Respondent and each subcontractor. Either a copy of the executed subcontract or a letter of agreement over the official signature of the firms involved must accompany each proposal.

Any subcontracts entered into by the Respondent must be in compliance with all State statutes, and will be subject to the provisions thereof. For each portion of the proposed products or services to be provided by a subcontractor, the technical proposal must include the identification of the functions to be provided by the subcontractor and the subcontractor's related qualifications and experience.

The combined qualifications and experience of the Respondent and any or all subcontractors will be considered in the State's evaluation. The Respondent must furnish information to the State as to the amount of the subcontract, the qualifications of the subcontractor for guaranteeing performance, and any other data that may be required by the State. All subcontracts held by the Respondent must be made available upon request for inspection and examination by appropriate State officials, and such relationships must meet with the approval of the State.

The Respondent must list any subcontractor's name, address and the state in which formed that are proposed to be used in providing the required products or services. The subcontractor's responsibilities under the proposal, anticipated dollar amount for subcontract, the subcontractor's form of organization, and an indication from the subcontractor of a willingness to carry out these responsibilities are to be included for each subcontractor. This assurance in no way relieves the Respondent of any responsibilities in responding to this RFS or in completing the commitments documented in the proposal.

2.4 TECHNICAL PROPOSAL

The Technical Proposal must be divided into the sections as described below. Every point made in each section must be addressed in the order given. The same outline numbers must be used in the response. RFS language should not be repeated within the response. Where appropriate, supporting documentation may be referenced by a page and paragraph number. However, when this is done, the body of the technical proposal must contain a meaningful summary of the referenced material.

The referenced document must be included as an appendix to the technical proposal with referenced sections clearly marked. If there are multiple references or multiple documents, these must be listed and organized for ease of use by the State. **The Technical Proposal Template is Attachment C.**

Please note that the Attachment C Technical Proposal Template is split into two parts, the “I. Respondent Specific Questions” section followed by the “II. Proposed CCDF Agreement Center Specific Questions” section. Respondents may propose multiple CCDF Agreement Centers, both within the same CCDF region and across separate regions. Respondents choosing to propose multiple CCDF Agreement Centers must submit one completed “I. Respondent Specific Questions” section of the Technical Proposal and a completed “II. Proposed CCDF Agreement Center Specific Question” for each of the proposed CCDF Agreement Centers. **Respondents may propose a maximum of five (5) CCDF Agreement Centers.** Additionally, please note that the “II. Proposed CCDF Agreement Center Specific Questions” section has a Part A and Part B. Both parts must be completed for each CCDF Agreement Center included in the proposal. Part A is used to collect information about the CCDF Agreement Center. Part B requests narrative responses to different service requirements.

SECTION THREE PROPOSAL EVALUATION

3.1 PROPOSAL EVALUATION PROCEDURE

The State has selected a group of personnel to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for evaluating proposals with regard to compliance with RFS requirements. All evaluation personnel will use the evaluation criteria stated in Section 3.2. The Commissioner of IDOA or their designee will, in the exercise of their sole discretion, determine which proposals offer the best means of servicing the interests of the State. The exercise of this discretion will be final.

The procedure for evaluating the proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to requirements on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration.
- 3.1.2 Each proposed CCDF Agreement Center within a proposal will be evaluated on the basis of the categories included in Section 3.2. A point score has been established for each category.
- 3.1.3 Based on the results of this evaluation, the qualifying proposals determined to be the most advantageous to the State, taking into account all of the evaluation factors, may be selected by IDOA and FSSA for further action, such as contract negotiations. If, however, IDOA and FSSA decide that no proposal is sufficiently advantageous to the State, the State may take whatever further action is deemed necessary to fulfill its needs. If, for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent(s), IDOA may begin contract preparation with the other qualified Respondent or determine that no such alternate proposal exists.

3.2 EVALUATION CRITERIA

Proposals will be evaluated based upon the proven ability of the Respondent to satisfy the requirements of the RFS. Each of the evaluation criteria categories is described below with a brief explanation of the basis for evaluation in that category. The points associated with each category are indicated following the category name (total maximum points = 100). For further information, please reference Section 3.2.2 below. If any one or more of the listed criteria on which the responses to this RFS will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations or policies, the specific criterion or criteria will be disregarded and the responses will be evaluated and scored without taking into account such criterion or criteria.

Summary of Evaluation Criteria:

Criteria	Points
1. Adherence to Mandatory Requirements	Pass/Fail
2. Management Assessment/Quality (Business Proposal and Technical Proposal)	100 available points
Total	100

All proposed CCDF Agreement Centers within the proposals will be evaluated using the following approach.

Step 1

In this step proposals will be evaluated only against Criteria 1 to ensure that they adhere to Mandatory Requirements. Any proposals not meeting the Mandatory Requirements will be disqualified.

Step 2

The proposals that meet the Mandatory Requirements will then be scored based on Criteria 2 ONLY. This scoring will have a maximum possible score of 100 points. Each proposed CCDF Agreement Center included in a proposal will be scored separately. All proposals will be ranked on the basis of their combined scores for Criteria 2 ONLY. This ranking may be used to create a “short list”. Any proposal not making the “short list” will not be considered for any further evaluation. CCDF Agreement Centers will be evaluated and ranked by CCDF Policy Consultant region. It is possible that a respondent is awarded some, but not all, of the CCDF Agreement Centers included in a proposal.

As part of Criteria 2, the Business Proposal and Technical Proposal will be evaluated. Please note that only the narrative sections of the Technical Proposal will be scored for each proposed CCDF Agreement Center. Specifically, the “I. Respondent Specific Questions” responses and Part B of the “II. Proposed CCDF Agreement Center Specific Questions” will be scored. Part A of the “II. CCDF Proposed Agreement Center Specific Questions” is used to collect information about the CCDF Agreement Center and will not be scored.

Step 2 may include one or more rounds of proposal discussions, oral presentations, clarifications, demonstrations, etc. Step 2 may include additional “short lists”.

If the State conducts additional rounds of discussions which lead to a change in the technical proposal for the short listed Respondents, their scores will be recomputed.

The section below describes the different evaluation criteria.

- 3.2.1 Adherence to Requirements – Pass/Fail
Respondents passing this category move to Step 2 and proposal for each CCDF Agreement Center is evaluated for Management Assessment/Quality.

The following category cannot exceed 100 points.

- 3.2.2 Management Assessment/Quality
100 available points
- 3.2.3 Reserved
- 3.2.4 Reserved
- 3.2.5 Reserved
- 3.2.6 Reserved
- 3.2.7 Reserved

The Commissioner of IDOA or their designee will, in the exercise of their sole discretion, determine which CCDF Agreement Center(s) within which proposal(s) offer the best means of servicing the interests of the State. The exercise of this discretion will be final.
