IDOC'S NEW MENTORING PROGRAM

ABOUT THE PROGRAM

This is a voluntary program where participants will be deliberately matched. Mentors and Mentees will have an equal responsibility in this relationship. It is geared towards the retention of staff with the Recruitment & Retention Coordinator's providing resources and accountability of the program.

“ I would not be where I'm at today had (my mentors) not helped shine my light and direct my passions. ”

-Julie Lanham

REQUIREMENTS

We are seeking veteran staff with two or more year's experience. They must commit to one year in the program and be two year's conduct free.

THE BENEFITS

Being a Mentor can be a positive experience for both. It will increase self-discovery and a sense of responsibility and accomplishment. It also lays the foundation for better morale at work and better relationships with family, friends, and co-workers.

BTW VISION

By providing a mentor to staff, we can support professional development, foster collaboration, and improve retention within the Indiana Department of Correction.

GIVE BACK GO BEYOND

Go Beyond the Wall by giving back, gaining insight, and experiencing a reinvigoration in your career while improving the IDOC and its workforce.
