Re: **2020 Environmental Review and Section 106 User's Guide**

Notice: **RED 20-13**

Partners that apply for many of the federal funding sources through the Indiana Housing and Community Development Authority (IHCDA), including but not limited to the HOME Investment Partnerships Program, Community Development Block Grant, and the National Housing Trust Fund, are required to complete the Environmental Review Record (ERR) Workbook. Each year IHCDA updates the ERR User's Guide, the ERR Workbooks, and their accompanying documents.

IHCDA accepted public comments from January 13, 2020 – February 3, 2020 on proposed changes to the **2020 Environmental Review and Section 106 User's Guide** and its ancillary documents.

IHCDA has released the final version of the Guide. The 2020 Guide, Summary of Changes and all appendices are now available on [IHCDA's Environmental Review and Section 106 website](#).

Please note that the Guide and all ancillary documents have an effective date of February 4, 2020; applicants applying for funding through IHCDA's Real Estate Department must meet all requirements as specified in the Guide and must use all applicable appendices.

Current recipients must use the latest version of these notices or republication may be necessary.
