Commercial and Office Space: IHCDA Rental Housing financing resources cannot be used to finance commercial space within a Development. Income generated and expenses incurred from this space, though, must be factored into IHCDA's underwriting for the Development as a whole when reviewing the application. If the Development involves the development of commercial space, the applicant will need to provide separate annual operating expense information and a separate 15-year proforma for the commercial space. Be sure to label which forms are for the housing and which ones are for the commercial space. Also separate out all development costs associated with the commercial space on line M of the Development Costs chart.

If the loan and any outstanding interest is not expected to be paid until the end of the Initial Compliance Period, there must be reasonable expectation that the fair market value of the Development will be sufficient at that time to pay the accrued interest and debt and that the net income of the Development will be sufficient to sustain debt service.

Note: The actual amount of credit for the Development is determined by IHCDA. If the Development is eligible for Historic Tax Credit, include a complete breakdown of the determination of eligible basis for the Historic Credit with the Application. If the Development's basis has been adjusted because it is in a high cost area or qualified census tract, the actual deduction for the Historic Cost items must be adjusted by multiplying the amount by 130%. This does not apply to Historic Tax Credits.

## 2. Determination of Reservation Amount Needed

The following calculation of the amount of credits needed is substantially the same as the calculation which will be made by IHCDA to determine, as required by the IRS, the maximum amount of credits which may be reserved for the Development. However, IHCDA at all times retains the right to substitute such information and assumptions as are determined by IHCDA to be reasonable for the information and assumptions provided herein as to costs (including development fees, profits, etc.) sources of funding, expected equity, ect. Accordingly, if the development is selected by IHCDA for a reservation of credits, the amount of such reservation may differ significantly from the amount that is computed below.

- 8. Applicant represents and warrants to IHCDA that it has all necessary authority to act for, obligate and execute this Application on behalf of itself and Owner, and to engage in all acts necessary to consummate this Application. Applicant further represents and warrants to IHCDA that the signatories hereto have been duly authorized and that this Application shall be the valid and binding act of the Applicant, enforceable according to its terms;
- 9. In the event the Applicant is not the Owner, Applicant represents and warrants to IHCDA that it will take, and not fail to take, any and all necessary actions to cause the Owner to ratify and confirm all representations in and comply with the terms and conditions of this Application;
- 10. Applicant represents and warrants to IHCDA that it will take any and all action necessary and not fail to cause the Developer to ratify and confirm all representations in and comply with the terms and conditions of this Application.

Further, the undersigned hereby certifies that:

- All factual information provided herein or in connection herewith is true, correct and complete, and all estimates are reasonable;
- b) It shall promptly notify the IHCDA of any corrections or changes to the information submitted to the IHCDA in connection with this Application upon becoming aware of same;
- c) It is responsible for all calculations and figures used for the determination of the eligible basis and qualified basis for any and all buildings and other improvements, and it understands and agrees that the amount of funding to be reserved and allocated has been calculated pursuant to and in reliance upon the representations made herein; and

- d) It will at all times indemnify, defend and hold harmless IHCDA against claims, losses, costs, damages, expenses and liabilities of any nature (including, without limitation, attorney fees to enforce the indemnity rights hereunder) directly or indirectly resulting from, arising out of, or relating to IHCDA's acceptance, consideration, approval or disapproval of this Application and the issuance or non-issuance of an allocation of funding in connection herewith.
- It shall furnish the IHCDA with copies of any and all cost certifications made to any other governmental agency, including, but not limited to, cost certifications made to FmHA or FHA, at the time that such certifications are furnished to such other agency.

N. Alternative Sources of Funding						
In recent years, requests for HOME and Development Fund funds has greatly exceeded the allocation of said funds. As a result of this high demand, the Authority anticipates some developments will score high enough to be recommended for Rental Housing Tax Credits but due to funding constraints will not be eligible for HOME or Development Fund funds. To ensure the Authority consistently reviews all of the applicants' options, IHCDA requests you select one of the following:
