**Re:     Access Indiana Account for Online Application Login**

---

As announced in RED Notice 24-23, IHCDA is releasing an online application in place of the Excel-based application for developments applying for Tax Credits in the July 2024 competitive rounds.  IHCDA is requesting that developers create an Access Indiana Identity Account that will tie back to the Tax Credit Application. This account will make setting up accounts for the online application smoother and easier once the application goes live.

The following link can be used to set up an Access Indiana account:
**https://www.in.gov/access/getting-started/**

It is recommended to use a business email when creating your account, although it is not required. Once you have created your account, please notify IHCDA of account creation and which email was used to set up the account. If you have already created an Access Indiana account in the past still notify us with which email you used.

Please send which email was used and confirmation of account creation to Hayden Wiesinger at hwiesinger@ihcda.in.gov.
