Re: Request for Proposals – Multifamily Weatherization Policy Subject Matter Expert

The Indiana Housing and Community Development Authority seeks to contract a Policy Subject Matter Expert who will aid in the strategic planning, policy formulation, and oversight of low-rise and large multifamily Weatherization (“WX”) projects.

The Weatherization Assistance Program (WAP) Program provides energy conservation measures to reduce the utility bills of low-income Hoosiers across the state. The WAP program offers clients a permanent solution to reducing their energy bills by making their homes more energy efficient. The United States Department of Energy (DOE) allocates funds to IHCD for distribution to our network of 19 Local Service Providers to perform weatherization work.
