

How to Navigate within the Web Application

This function is located in: **Inventory**

Description

This “HOW TO” manual describes the Principles of Navigate and Screen Concepts within the Web Application.

Steps

| # | Description |
|---|---|
| 1 | On the left side of the screen in you Menu section. |

The screenshot shows the iTAMS UAT Site interface. The top navigation bar includes the site name, a search bar, and user account options. The left sidebar menu is highlighted in red, with 'Inventory' selected. The main content area displays a table of assets with the following columns: Contacts, Asset Name, Asset Number, Asset Category, (007) Facility Carried by Structure, and (006) Feature Intersected. The table lists various assets, including bridges and creeks, with their respective asset numbers and categories.

2 In the top right of the screen is your Search function. This is where you can search by Asset Name or Asset Number.
