

Know Your Car! Know that it is equipped with dependable and safe brakes. You very likely find the lines of those with you depend upon good brake lining.

For twenty years or more we have made a study of brake linings and experience has taught us that there is a vast difference between good linings and bad ones. If you want to be sure of the BEST, look upon genuine "FIREPROOF" Brake Lining. Every foot is treated for your protection. It is sensitive and responsive to the slightest touch.

Any garage or dealer in this state can furnish "FIREPROOF" Lining at a lower cost than the inferior linings on the market. There is a reason why! Move "FIREPROOF" Brake Lining is used on these highways than any other lining made.

INSIST UPON IT!

"FIREPROOF" BRAKE LINING

Indiana's 68
The information shown on this map has been prepared by the Indiana Highway Commission, especially for Hoosiers who desire to know more minutely the many places of historic and scenic interest within the borders of their own state.

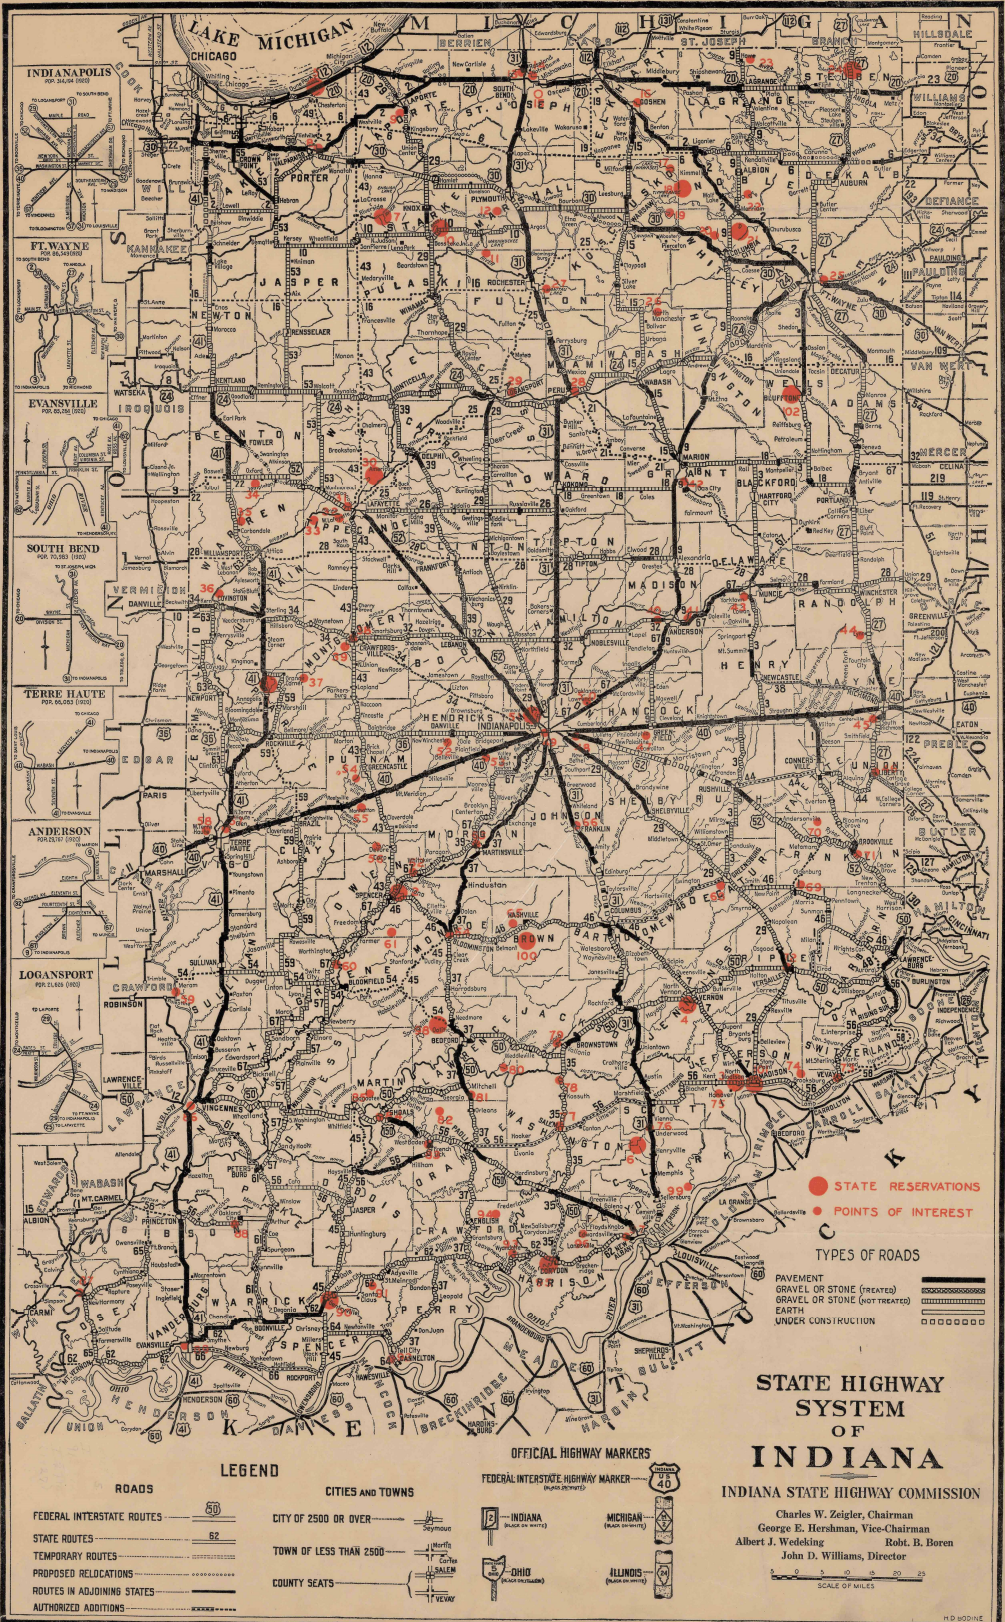

This is the latest officially revised 1927 map of the Indiana State Highway System and is printed by the courtesy of the Indiana Highway Commission.

This map shows conclusively the wonderful progress made by the Indiana Highway Commission during the few short years it has been in existence.

Unscrupulous and petty politicians, lobbied by personal gain, have made many attempts to place superior hand-picked men on our road building, all of which have been overcome and today the entire motoring public is alert to any further similar attempts.
