**Additional Information: Homeowner used a hydro-vac and exposed two gas lines: one steel; one plastic. Homeowner, not sure which line was live, contacted the locator and the operator. Both entities confirmed the steel gas line was abandoned and could be cut/removed. Unbeknownst to the operator, a live plastic gas line was inserted into the abandoned steel line. Although the homeowner did everything right, he still damaged a gas pipeline and UPPAC felt it appropriate to not recommend a penalty.**
