**Filing Party:** Frontier North, Inc. & Frontier Midstates, Inc. (“Frontier North & Frontier Midstates”)

**30-Day Filing ID No.:** 50735

**Date Filed:** April 3, 2024, with an Effective Date of May 15.

**Filed Pursuant To:** IC 8-1-2-88.6 & 8-1-32.5-11(c); 170 IAC 1-6; and IURC Cause Nos. 45733 & 44004.

**Request:** Effective May 15, 2024, Frontier North, Inc., & Frontier Midstates, Inc., will increase their intrastate monthly recurring rates for Special Access Line Voiceband Facilities (Standard Arrangements). These rates were previously listed in the intrastate tariff as exceptions to the corresponding Frontier interstate rates and will continue as exceptions after the increases go into effect.

**Retail Customer Impact:** These voiceband facilities are dedicated intrastate facilities purchased by individual enterprise customers or other individual non-residential customers on a retail basis to handle their own internal voice traffic that does not need to interconnect with the Public Switched Telephone Network (PSTN). However, these rate increases do not affect the general public or any residential customers.

**Tariff Page(s) Affected:** I.U.R.C. No. T-4 (“Facilities for Intrastate Access”), Section 5 –2<sup>nd</sup> Revised Sheet 4

**Staff Recommendations:** Requirements in 170 IAC 1-6 and in IURC Cause Nos. 45733 & 44004 were met. Consistent with Petitioner’s request, this tariff became effective on May 15, rather than becoming effective upon filing (i.e., on April 3), as would otherwise be required under IC 8-1-32.5-11(c). However, pursuant to IC 8-1-88.6 and as affirmed in Cause No. 45733, the Commission must still review the tariff to determine its reasonableness. Staff has performed such a review and believes the requested relief to be reasonable. Accordingly, **Staff recommends approval of the tariff changes designated as 30-Day Filing # 50735**, with an Effective Date of May 15. The approval date will be the date of the Commission’s conference at which the instant 30-day filing was approved through the Utility Articles process.

**Filing Party:** Auburn Municipal Electric Department (“Auburn”)

**30-Day Filing ID No.:** 50739

**Date Filed:** April 22, 2024

**Filed Pursuant To:** Commission Order Nos. 44472 & 44774

**Request:** A revision to Wholesale Power Cost Adjustment Tracking Factors, to be applied beginning with the September 2023 billing cycle.

In its most recent rate case (Cause No. 44472, Order issued December 17, 2014), Auburn was authorized to implement a two-part tracking mechanism for some rate classes to distinguish demand and energy costs. After approval, a consultant for Auburn found the tracking mechanism did not work as intended. Cause No. 44774 (Order issued July 18, 2016) was filed to remedy the problems in the original mechanism. This is the 14<sup>th</sup> filing since that Order clarifying the tracking mechanism.

The calculation of the adjustments includes the projected cost of wholesale power for April 2024 through August 2024 and the reconciliation of wholesale power purchased from January 2024 through May 2024.

**Customer Impact:** See below.

Energy-Only Metered Customers	\$/kWh	(0.027944)	(0.009282)
