Filing Party: Crawfordsville Electric Light & Power (“Crawfordsville”)

30-Day Filing ID No.: 50763

Date Filed: July 15, 2024

Filed Pursuant To: Commission Order No. 45420, Finding Paragraph No. 10

Request: The Commission approved a Settlement Agreement between Crawfordsville and the Indiana Office of Utility Consumer Counselor (“OUCC”) in Cause No. 45420, which required Crawfordsville to pass back damages awarded to Crawfordsville from its former rate consultant who performed a rate design error in its previous rate case, Cause No. 44684. As such, this filing has been made to facilitate the disbursement of such credits to Crawfordsville’s customers.

The net settlement credit has been calculated based on a \$375,000 final settlement amount less applicable litigation fees of \$143,677.26, which results in \$231,322.74 to be passed back to customers. Crawfordsville indicated it is experiencing a software system upgrade in August 2024 and will need extra time to test the bill credit before moving it to the live system. Therefore, Crawfordsville proposes to implement the credit on customer bills during the October 2024 billing cycle.

Customer Impact: The one-time credit per account is shown below.

<i>CUSTOMER CLASS</i>	<i>CREDIT PER ACCOUNT</i>
Residential (A&B)	\$6.08
Single Phase General Power Service (C&CT)	\$4.78
3 Phase General Power Service (C3)	\$9.97
Primary Power D	\$1,773.56
Single Phase General Power Large (GL1)	\$31.84
3 Phase General Power Large (GL3)	\$64.63

Tariff Page(s) Affected: There are no tariff pages affected, as this is a one-time bill credit to be passed back to customers.

Staff Recommendations: Requirements met. Recommend approval.
