Request: Duke Energy Indiana, LLC (“Duke”) is seeking Commission authorization to add Standard Contract Rider No. 55, Rate GSA - Green Source Advantage program for qualifying non-residential customers.

Standard Contract Rider No. 55 will provide non-residential customers, with a minimum demand of 1,000 kW, an opportunity to bring new renewable resources online and receive the associated renewable energy certificates (“RECs”) to help meet their sustainability goals. A service agreement between the customer, renewable supplier and Duke will be executed detailing the terms of service provided from a new renewable energy source. Filing Party: Frontier North, Inc., and Frontier Midstates, Inc. (collectively, “Frontier”)

30-Day Filing ID No.: 50778

Date Filed: August 27, 2024 (These tariff changes will become effective Oct. 1, as requested by Frontier. In the absence of this request, the changes would have become effective upon filing. *See*, Ind. Code 8-1-32.5-11(c)) & the Final Order in Cause No. 45733.)

Filed Pursuant To: IC 8-1-32.5-11(c); 170 IAC 1-6; and IURC Cause Nos. 45733 & 44004.

Request: Frontier is requesting approval of an increase in monthly recurring rates for intrastate special access – Voiceband and High Capacity Digital DS1 facilities. This is a stand-alone intrastate (IURC) access tariff filing that does not mirror, concur in, or adopt any interstate (FCC) access tariff.

Retail Customer Impact: Frontier’s intrastate special access services are not offered to the general public or to any residential customers.

Tariff Page(s) Affected: Frontier North Inc., Tariff I.U.R.C. No. T-4 Facilities for Intrastate Access

Staff Recommendations: Requirements in 170 IAC 1-6, and in IURC Cause Nos. 45733 & 44004, were met. Pursuant to IC 8-1-88.6 and as affirmed in Cause No. 45733, the Commission must review the tariff to determine its reasonableness. After performing such a review, **Staff** believes the requested relief to be reasonable and **recommends approval of the tariff submitted as 30-Day Filing # 50778.** The approval date will be the date of the IURC conference at which the instant 30-day filing is approved through the Utility Articles process.
