Therefore, the following filings listed below and attached hereto are recommended to be considered by the Commission at the next conference:

*Submitted By: Jane Steinhauer  
Director, Energy Division*

**Filing Party:** Auburn Municipal Electric Department

**30-Day Filing ID No.:** 50356

**Date Filed:** July 24, 2020

**Filed Pursuant To:** Commission Order Nos. 44472 & 44774

**Request:** A revision to Wholesale Power Cost Adjustment Tracking Factors, to be applied September 2020 through March 2021.

In its most recent rate case (Cause No. 44472, Order issued December 17, 2014), Auburn was authorized to implement a two-part tracking mechanism for some rate classes to distinguish demand and energy costs. After approval, a consultant for Auburn found the tracking mechanism did not work as intended. Cause No. 44774 (Order issued July 18, 2016) was filed to remedy the problems in the original mechanism. This is the eighth filing since that Order clarifying the tracking mechanism.

The calculation of the adjustments includes the projected cost of wholesale power for September 2020 through March 2021 and the reconciliation of wholesale power purchased from January 2020 through May 2020.

**Customer Impact:** See below.
