71. Original Engine Company No. 2, taken when it was placed in service, at what was later Station No. 8, - 748 Massachusetts Avenue. This was a three wheel, 4 horse "Latta" engine, and went into service when this house was opened in January, 1872. Prior to that time, it was stationed in the old "marlins?" house at the southwest corner of Massachusetts Avenue and New York Street. This engine was purchased in 1860. The driver of this engine rode one of the horses. The men in the picture are:
