---

The Clinton County Health Department provides a drop off and pick up station for HML (Hoosier Microbiological Laboratory). The water testing bottles are provided in our office. Instructions on how to take the samples are included with the water bottles.

The water samples should be taken on Wednesday night then refrigerated or first thing Thursday mornings by 8:30 am. HML, accepts cash, check, or credit cards. When filling out payment information, please add a \$10.00 pick up fee to your total. Any further questions, please contact HML at (800) 551-5217 or (765) 288-1124. Thank you.
