St. Joseph County Department of Health

"Promoting physical and mental health and facilitating the prevention of disease, injury, and disability for all St. Joseph County residents"

Instructions for the Plan and Review Questionnaire Form

The enclosed/attached questionnaire was designed for the operator and/or architect to utilize in the plan and review process. Please fee free to contact our office at 574-235-9750 for further assistance when completing the questionnaire.

The questionnaire is designed in two (2) parts. Part one is the Standard Operating Procedures (SSOP's). This part should be completed by the owner/operator of the facility. SSOP's area procedures that will help your operation to be in compliance with the Retail Food Establishment Sanitation Requirements Title 410 IAC 7-24, you may **download this information from the website**; **http://www.in.gov/isdh/files/410_iac_7-24.pdf**. The referenced section numbers at the end of each question will help you in answering the questionnaire. The following bulleted items are the sections covered under part one:

- Food (will the food be received in a safe and sanitary manner);
- Food Preparation (limits/restricts the amount of pathogen growth in food);
- Hot and Cold Holding (keeps pathogens from growing in food);
- Sanitization (ensure the proper amount and application of sanitizer levels);
- Poisonous or Toxic Materials and Personal Care Items (covers the storage and use of these items);
- Miscellaneous (covers registration/permitting and separation of living/sleeping areas)

Part two is the physical facility requirements. This part may need to be completed by the architect/contractor/engineer, since these requirements are more of a technical basis. The following bulleted items are the section covered under part two:

- Warewashing/Dishwashing (covers the proper use and capacity of your equipment);
- Water Supply/Sewage Disposal (is the sewage system in compliance);
- Plumbing (covers backflow, hot water capacity, hoses, and grease traps)
- Handwashing/Toilet Facilities (quantity, door closure, and ventilation);
- Room Finish Schedule (covers interior of kitchen and ensures that the materials are made to be smooth and easily cleanable)
- Personal Belongings (prevents contamination of food from employees);
- Equipment (requires all equipment materials be food-grad quality and approved for use in a commercial kitchen);
- Insect and Rodent Harborage (prevents insects and rodent activity);
- Refuse and Recyclables (covers the storage and disposal);
- Lighting (minimum amount of light needed to conduct operations).

The Plan and Review Application Form must be completed and submitted with the questionnaire provided on the following pages

St. Joseph County Department of Health

"Promoting physical and mental health and facilitating the prevention of disease, injury, and disability for all St. Joseph County residents"

All information must be completed in its entirety per 410 IAC 7-24.

- 1. Please answer the following questions and return this form and the application to our office.
- 2. If you have any questions, please contact our office at 574-235-9750.
- 3. This questionnaire is not designed as a complete list of requirements but should be used as a guideline only.
- 4. The sanitation requirements noted in this document are specified under the Retail Food Establishment Sanitation Requirements Title 410 IAC 7-24.
- 5. Please use this rule as it pertains to section numbers referenced at the end of each question.

I have submitted plans/applications to the authorities listed below on the following dates: Plumbing Electric____ Fire Planning____ Building____ Number of seats_____ Total Square Feet of the Facility_____ Number of floors on which operations are conducted: ___ Maximum meals to be served (**approximate number**): Dinner Type of Food Service (check all that apply): Sit down meals______ Mobile Vendor _____ Take out_____ Caterer____ Packaged Grocery_____ Other_____ Who (job title) will be your certified food handler (Certified Food Protection Manager) (Title 410 IAC 7-22)? How will employees be trained in food safety (Section 119)? Mark the following items that are included in this application: Proposed Menu with Consumer Advisory if applicable (including disclosure and reminder statement); _Manufacture specification sheets for each piece of equipment shown on the plan; Site Plan, showing location of business, location of building on site including alleys/streets, location any outside equipment-dumpsters and enclosures, well, septic (if applicable), grease trap, interior food operation space including preparation, ware washing, mop sink location, employee break rooms and restrooms.

The following procedures/questions should be considered before any further planning/construction begins or continues to ensith that special consideration is given to these standard sanitary operating procedures (SSOP's). This section should be complete the operator. Please indicate (by either checking or completing the answers) whether a section applies to your operation.						
<u>FOOD</u>						
1. Please provide a list of all planned food vendors (Section 142).						
2. What is the procedure for receiving food shipments (Section 166)?						
Are temperatures checked and containers inspected for damage? Yes No						
What is the anticipated frequency of food deliveries for: Frozen Fresh Dry Goods?						
3. Is your facility required to have pasteurized products due to serving a highly susceptible population (very young, elderly or immunocompromised) (Section 153)? YesNo						
4. Do you intend to make low-acid or acidified foods and intend your products to be shelf stable? YesNoIf yes, have you passed the Better Process and Control School Exam? YesNoN/A(Please include a copy of the certification).						
5. Do you intend to make reduced oxygen packaged foods (ROP, defined under section 73) (Section 195)? Yes / No						
If yes, please list out the ROP foods						
FOOD PREPARATION						
6. If the foods are prepared a day or more in advance, please list them out						
7. What will be your procedure to prevent employees from touching foods that are ready-to-eat and will not be cooked or heat treated (such as, sushi, lettuce, buns, etc.) (Section 171).						
8. Describe your date marking system (described under Section 191) for potentially hazardous (defined under Section 66) ready-to-eat foods (defined under Section 72) (Section 191).						
9. Will all produce be washed prior to use (Section 175)? Yes No N/A						
If no, why?						
10. Describe the procedure to minimize the amount of time potentially hazardous food will be kept in the temperature danger zone (41°F-135°F) during preparation (Section 189).						

Food Preparation (continued):

11. Provide a list of the types of food that will need to be thawed before cooking and the process that will be used to thaw the food. (e.g. frozen meat) (**Section 199**).

PROCESS	TYPES OF FOOD
Refrigeration	
Running Water less than 70°F	
Microwave as part of the cooking process	
Cook from frozen	
Other (describe)	
12. Provide a list of the types of food that will need to be cooled leftovers) (Section 189, 190).	and the process that will be used to cool each of these foods (i.e.
PROCESS	TYPES OF FOODS
Shallow pans under refrigeration	
Ice and water bath	
Reduced volume (quartering a large roast)	
Ice paddles	
Rapid chill devices (blast freezer)	
Other (describe)	
13. What procedures will be in place to ensure that foods are rehe	eated to 165°F or above (Section 188)?
14. Will a buffet be served? Yes No N/A If yes from consumer contamination (Section 181)?	who will be responsible for ensuring that the buffet is protected
15. Will "Time as a Public Health Control" (Section 193) be use	ed for potentially hazardous food(s) (either hot or cold)?
Yes No N/A Note: If answering yes, these p	procedures must be submitted and <u>approved</u> before their use.
16. Will raw animal food(s) be offered to the public in an underc non-whole-muscle intact beef, eggs over easy, made from scra	
YesNoN/AIf so, please attach your cons	sumer advisory statement (Section 196).
17. Who (<u>line cook, kitchen manager, etc.</u>) will be assigned the r temperatures be taken (cooking, cooling, reheating, and hot hold	
18. Describe how cross-contamination of raw meats and unwash refrigeration units (i.e. walk in coolers, under the counter coolers	

19. Describe the storage of different types of raw meat and seafood in the same unit, and how cross contamination will be prevented (Section 173).
Sanitization
20. Who will be assigned the responsibility of ensuring the correct amount of sanitizer will be used (Section 119)?
21. What type of chemical sanitizer(s) will the facility use (Section 294)?
22. Will the facility have test kits/papers on site for all types of chemical sanitizers (Section 291)?
Yes No N/A
23. How will cooking equipment, cutting boards, counter tops, and other food contact surfaces which, cannot be submerged in a sink or put through a dishwasher be sanitized (Section 303)?
Poisonous or Toxic Materials and Personal care Items 24. Where will poisonous or toxic materials be stored (including items for retail sale) (Section 439)?
25. Will the facility ensure that insecticides and rodenticides are "Approved for Use in Food Establishments" and that they are
applied in a safe manner (Section 119)? Yes No
26. Will <u>all</u> spray bottles be clearly labeled (Section 438)? Yes No
27. Where will first aid supplies be stored (Section 421)?
Miscellaneous
28. Will any part of the retail food establishment open directly into any part of any living or sleeping quarters (Section 423)?
Yes No N/A
29. Has the facility registered or applied for a permit from the regulatory authority (Section 107) Yes No

(The rest of this page was intentionally left blank)

The following list of questions should be generally completed by the architect/contractor/engineer.

Warewashing/Dishwashing 30. Dishwashing methods (**Section 269**) (**check one or both**) 3 compartment sink _____ Dishmachine ___ 31. If a 3-compartment sink is used, which sanitizing method will you use? Hot Water (minimum 170°F) _____ Chemical _____ 32. If a dishmachine is used, which sanitizing method will you use? Hot Water Chemical 33. Does the dish-machine have template with operating instructions (Section 278)? Yes _____No ____N/A____ If hot water, do you have a booster heater? Yes _____ No ____ N/A____ If hot water, how will you ensure that the unit is sanitizing the utensils (**Section 258, 303**)? 34. If a chemical dishmachine is used does it have an alarm that indicates when chemical sanitizer needs to be replenished (Section 281)? Yes _____ No ____ N/A __ 35. What type of alarm will be used to detect when the sanitizer is too low? Sound Visual 36. Can the largest piece of equipment be submerged into the 3-compartment sink or dishmachine (Section 233)? Yes _____ No ____ N/A ____ 37. Does the facility plan to use alternative manual warewashing equipment (Section 233)? Yes ______No ____N/A If yes, please submit your procedure for review. 38. Does your facility have enough drainboards/utensils racks/carts for the air drying of equipment and utensils for either the 3-compartment sink or the dishmachine (Section 289)? Please describe below: Water Supply 39. Is the water supply public (____) or private well system with PWSID# where required (____)? If public, skip question #40. 40. If the water system is nonpublic/well, has the source been tested as required including by IDEM (Indiana Department of Environmental Management) where applicable (Section 327)? Yes _____ No _____ If yes, what is the date of the last water sample report? Was a copy of the lab results/ IDEM summary report sent to our office? Yes ______No____ Wastewater/Sewer Disposal 41. Is the sewage disposal system a public municipal sewer system (_____) or a private septic system (_____)? If public skip question #42. 42. Has the wastewater treatment system been approved by the State and this office's Environmental Unit for its current use or change of use (Section 376)? Yes _____ ***Please provide a copy of the approval*** No_

Updated approval <u>for a change of use</u> is required. Newly constructed food establishments <u>as well as</u> new food establishments in a renovated space with a <u>change of use</u> are required to complete a Commercial On-Site Sewage System Application. Contact the Indiana Department of Health (IDOH) at 317-233-7173 or <u>soil@health.in.gov</u> with questions

<u>Plumbing</u>								
43. Are hot and cold-w	ater fixtu	res provi	ded at every s	ink (Section 3.	30)? Yes	No		
44. If a water supply ho	ose is to b	e used fo	r potable wat	er, is it made fi	om food-grade	materials (Sectio	on 364)? Yes	No
45. What are the recove	ery time,	volume,	and capacity o	of the hot water	heater (Section	1 329)?		
46. The following techn plumber, or engineer			s needed on t	he proposed pl	umbing. This se	ection is best co	mpleted by a	licensed

OTHER				
56. Where is the design		ees' coats, purses, medicin		
Equipment				
57. Will all the equipm meet requirements of S	•	nd construction for the Am No	erican National Standard	s Institute (ANSI) standards or
58. Will the utensils an	d food storage contai	ners be made from food-gr	ade quality materials (Sec	etion 205)? Yes No
59. Will any pieces of	used equipment be ut	ilized (Section 106)? Yes _	No N/A	_
If so, please list equipn	nent types:			
60. Is the ventilation he	ood system enough fo	or the needs of the facility (Section 307)? Yes	No N/A
61 Will all the equipm	ent used for the store	ge of potentially hazardous	food he able to meet the	minimum temperature
	ood 0°F, cold food ma	ge of potentially hazardous eximum of 41°F, hot food n		

Equipment (continued)	
62. Please list equipment types for	the hot and cold holding of foods; also, during serving or transporting (Section 187).
63 Will each refrigeration unit has	ve a thermometer (Section 256)? Yes No
	we guards for food (sneeze guards) will be used for consumer self-service (Section 179)?
o4. What types of counter protective	e guards for food (sheeze guards) will be used for consumer sen-service (section 179):
Insect and Rodent Harborage	
65. Will all outside doors be self-cl	losing, when applicable, and rodent/insect proof (Section 413)? Yes No
66. Will screens be provided on an	y open windows/doors to the outside (Section 413)? Yes No
67. Will air curtains be installed (n	nade from either plastic or mechanical); if so, where on outer openings (Section 413)?
68. Will all pipes and electrical cor	nduit chases be sealed (i.e. ventilation systems, exhaust and intake be protected) (Section 414)?
Yes No	
69. Is the area around the building	clear of unnecessary debris, brush, and other harborage conditions (Section 426)?
Yes No	
70. Do you plan to use a pest contr	ol service? Yes No Frequency Company
Refuse and Recyclables	
71. Describe the surface (for refus	e/recyclables) that the outside dumpster will be located on (Section 382)?
72. Where will recyclables be store	ed prior to pick-up?
<u>Lighting</u>	
73. What are the foot candles of lig	ght for the following areas (Section 411)?
Food Prep Areas	Dishwashing Areas
Dry Storage Areas	Restrooms
Walk in refrigeration units	

The following is the fee schedule as established by the St. Joseph County Board of Health and hereby approved by the Board of Commissioners of St. Joseph County Resolution R-C-6-05:

Plan and Review Application Fees for Permanent Food Service/Store Establishments (this includes the \$75.00 Initial Administrative Fee)

Under 3,000 Square Feet	\$100.00
3,001 to 30,000 Square Feet	\$180.00
30,001 to 40,000 Square Feet	\$260.00
40,001 to 60,000 Square Feet	\$340.00
60,001 Square Feet and over	\$400.00

Floor Plan A floor plan v	vith dimensions of	the entire establish	ment including	kitchen, dishwa	shing, dry storage	e, mop area. restro	ooms, dining
customer serv	ice areas and equi	pment/plumbing fix	ture locations	may be provided	below if no archi	tectural plans are	available.
