

Areas of Funding

Community Infrastructure Enhancement

Social Clubs & Interest Groups

Transportation Accessibility

Community Well-Being Programs

Local Business Support

Intergenerational Initiatives

Allocate funds to enhance community centers, meeting spaces and facilities that serve as focal points for social engagement, fostering a sense of community and mitigating the effects of social isolation.

Fund initiatives aimed at creating and sustaining social clubs and interest groups tailored to the preferences and needs of older adults, aligning with the advisory report's recognition of the importance of tailored interventions.

Support mental health programs that increase awareness, reduce the stigma around loneliness and providing accessible resources to promote mental health among those experiencing loneliness.

Improve transportation options for those experiencing loneliness in rural areas, expanding opportunities to easily access community events, social gatherings and essential services.

Enhance local businesses and establishments that cater to the needs and preferences of those experiencing loneliness, such as creating inviting spaces that promote social interactions.

Create intergenerational programs that facilitate meaningful interactions between different age groups.
