NIPSCO Electric Rate Case: Public Comments Invited

IURC Hearing Scheduled for Valparaiso on Nov. 26

Written Comments Invited Through Dec. 12

The Indiana Office of Utility Consumer Counselor (OUCC) continues to invite public comments on Northern Indiana Public Service Company's (NIPSCO's) pending electric rate request through Dec. 12, 2024.

In addition, the Indiana Utility Regulatory Commission (IURC) will hold a public field hearing in Valparaiso on Tuesday, Nov. 26, 2024. An additional field hearing in NIPSCO's electric service territory will be scheduled at a date to be determined.

The OUCC – the state agency representing consumer interests in cases before the IURC – is using its technical and legal resources to review NIPSCO's proposal. Formal testimony from the OUCC is due Dec. 19, 2024.

Written Consumer Comments

Consumers who wish to submit written comments for the case record may do so via the OUCC's website at www.in.gov/oucc/2361.htm or by mail at:

Public Comments
Indiana Office of Utility Consumer Counselor (OUCC)
115 W. Washington St., Suite 1500 SOUTH
Indianapolis, IN 46204

Consumer comments will be included in the formal case record for Commission review. Comments should not contain sensitive or personal information as comments will become viewable and searchable once posted to the IURC's online case file. Consumers with questions about commenting can contact the OUCC's consumer services staff at 1-888-441-2494.

The OUCC needs to receive all written consumer comments **no later than Thursday, Dec. 12, 2024**, so that it can: 1) Consider them in preparing its testimony and 2) File them with the Commission to be included in the case's formal evidentiary record. Comments should include the consumer's name, city, zip code, and a reference to either "**IURC Cause No. 46120**" or "**NIPSCO Electric Rates.**"

Public Field Hearings

The IURC has scheduled a public field hearing on Nov. 26, 2024 at 6pm local time at the Ivy Tech Community College – Valparaiso Campus Auditorium (3100 Ivy Tech Drive).

Consumers are encouraged to arrive 15 minutes early for an overview of field hearing procedures and the rate case process. Attendees are required to comply with all local health and safety regulations. No final decisions about the case will be made at the hearings.

(Continued)

The sole purpose of a field hearing is to receive public testimony. A final decision in this case is expected next year.

- Consumers can speak directly to the Commission under oath and on the record.
- Oral comments presented during the field hearings will become part of the case record. They will carry the same weight as written consumer comments submitted to the OUCC by Dec. 12, 2024.
- Utilities do not make presentations or answer questions during field hearings. The focus, again, is on public input. In this case, NIPSCO filed testimony and exhibits in September 2024.
- Commissioners are not allowed to answer questions about the case. They will ultimately render a decision after weighing evidence from the utility, the OUCC, and intervening parties.

A second public field hearing in NIPSCO's electric service territory will be scheduled for a later date. Information will be posted on the OUCC's website when available.

Case Overview

NIPSCO's request would raise annual revenues for its electric utility by approximately \$368.7 million. The flat, monthly connection charge for each residential customer would rise from \$14.00 to \$25.00. The volumetric portion of the bill would also rise. The utility's testimony and exhibits project that an average monthly residential electric bill would rise to \$166.90 for customers using 714 kWh and to \$223.61 for customers using 1,000 kWh when new rates are fully implemented in March 2026.*

In its testimony, the utility states it is seeking the increase to pay for new generation facilities and infrastructure projects throughout its transmission and distribution system.

The utility's current base rates were approved in August 2023.

NIPSCO serves more than 487,000 electric customers in 20 counties. *Natural gas rates are not at issue in this case.*

Several additional parties have intervened in this case, including the Citizens Action Coalition of Indiana, NLMK Indiana, United States Steel Corporation, RV Industry User's Group, Walmart, and Union Locals 12775 and 13796. Any testimony they file will be due on Dec. 19, 2024.

The OUCC is posting case updates online at www.in.gov/oucc/electric/key-cases-by-utility/nipSCO-electric-rates/nipSCO-electric-rate-case/. Case updates are also available through the agency's monthly electronic newsletter. Consumers can subscribe at www.in.gov/oucc/news.

NIPSCO Electric Rate Case Timeline

All dates are subject to change. A settlement is possible in any legal proceeding.

Dec. 12, 2024

Public Comment Deadline

The OUCC accepts written comments online and by mail.

Dec. 19, 2024

OUCC Testimony

OUCC attorneys & technical experts will file recommendations.

Jan. 16, 2025

Rebuttal Testimony

Utility may file testimony in response.

Feb. 5, 2025

IURC Evidentiary Hearing Starts

Attorneys for the OUCC, utility, & intervenors may cross-examine each other's technical witnesses.

March/April 2025

Closing Briefs

The OUCC, utility, & intervenors may file closing briefs in the weeks following the evidentiary hearing.

Summer 2025

Order

The IURC issues a final order after considering all evidence.

(IURC Cause No. 46120)

The Indiana Office of Utility Consumer Counselor (OUCC) represents Indiana consumer interests before state and federal bodies that regulate utilities. As a state agency, the OUCC's mission is to represent all Indiana consumers to ensure quality, reliable utility services at the most reasonable prices possible through dedicated advocacy, consumer education, and creative problem solving.
