Jackson County Water Rate Case: Public Comments Invited

The Indiana Office of Utility Consumer Counselor (OUCC) is inviting public comments on Jackson County Water Utility's pending rate request through Jan. 30, 2025.

The OUCC – the state agency representing consumer interests in cases before the Indiana Utility Regulatory Commission (IURC) – is using its technical and legal resources to review the utility's proposal. Formal testimony from the OUCC is due Feb. 6, 2025.

According to Jackson County Water's testimony and exhibits, the utility's proposal would raise monthly rates for a residential customer using 4,000 gallons from \$50.40 to \$62.35. The utility is also seeking Commission authority to issue up to \$7 million in long-term debt. In its filing, Jackson County Water cites higher operating and maintenance costs, along with the need for infrastructure improvements, specifically the need to construct new water wells to comply with federal and state environmental requirements.

Jackson County Water's current rates and finances received IURC approval in 2023.

A settlement agreement is possible in any legal proceeding; such an agreement, if reached, would require IURC approval.

Consumers who wish to submit written comments for the case record may do so via the form on the OUCC's website at www.in.gov/oucc/2361.htm, or by mail at:
