VI. Education

1. Ivy Tech Community College Substantive change request:
 - i. Teach out curriculum change

Dr. Mau stated that, in June 2023 prior to her joining ITCC, ISBN approved a curriculum change and subsequent teachout of the current medical model curriculum while transitioning to a concept based curriculum for the PN and ASN tracks. Upon further review, it was noted that additional time for the teach out was needed to allow students the opportunity to repeat courses and finish the curriculum, version in which they started. “The rationale for the request is to offer students the best opportunity for success and avoid the chance of content overlap or gap due to a required move to a new concept-based curriculum with verified credit.” After discussion, the Board voted to approve the change in the timeline for completion. 5-0-0 (Cooper recuses).

- ii. Modality change in course delivery

Dr. Mau requested “an allowance by the Board to utilize synchronized remote instruction for didactic coursework during the teach-out of the current curriculum.” The goal is to allow students to finish in a timely manner and to support students who are off sequence and who might otherwise need to take courses offered at neighboring campuses. The technology used will be Zoom with testing done in-person at testing centers or proctored by campus faculty of the home campus. Board president Jenniver Miller noted that it has the Board’s precedent to require that curriculum be presented in the same manner throughout the program as was identified to the student in the application process – i.e. face-to-face, not remote. The problem has yet to occur, and Ms. Miller suggested that ITCC could petition the Board at a later time if the issue arose. Ms. Miller made a motion to deny the modality change request and Dr. Gallegos seconded. Motion carries 5-0-0 (Cooper recuses).

- iii. Addition to Transition to ASN track

Dr. Mau presented notice that “the College will be admitting MA to ASN students in the new curriculum single track Transition to ASN program that was previously approved by the Board of Nursing. The MA to ASN students will be able to apply to the Transition to ASN program with paramedics, LPNs, and military medics beginning Spring 2025.” This change was prompted by data which shows MA-ASN completion is comparable to completion of other tracks and encourage MAs to continue their education. Ms. Miller made a motion to accept the change and Dr. Gallegos seconded. Motion carries 5-0-0 (Cooper recuses).

2. Fortis College monthly report – Shauna Smith DNP, MSN, RN

Dr. Shauna Smith and Mr. Tony Smarrella appeared on behalf of the program. Ms. Herron shared with the Board that Fortis has had 100% pass rates for the last 3 quarters (n=14). Dr. Smith stated that in May 2023 a root cause analysis revealed problems with rigor, policy consistency and lab climate. Mr. Smarrella said that Fortis was on the path to improving faculty development and provide consistency. Ms. Cooper asked about item writing for exams and the process to build tests. Dr. Smith said that the faculty was in the process of faculty development to develop test questions. Ms. Cooper said that it was still difficult to evaluate faculty involvement in faculty meets based on the method that the minutes have been recorded. She asked that more involvement and interaction in governance by and with staff/faculty be reflected. Ms. Cooper msade a motion to accept the report as submitted and Ms. Morris seconded the motion. Motion carries 6-0-0.

3. FYI Only:

- i. Ball State University announces the appointment of Karrie Osborne PhD, RN as Interim Director of Nursing effective April 1, 2024. (CV attached)
