About the Indiana Professional Licensing Agency (IPLA):

The Indiana Professional Licensing Agency (IPLA) was established by the Indiana General Assembly in 2005, consolidating the Indiana Health Professions Bureau and the former Indiana Professional Licensing Agency into one centralized umbrella agency. The IPLA now issues licenses for forty (40) different professions and over two hundred (200) unique license types. 1 in 6 working Hoosiers are currently licensed by the IPLA. The IPLA supports thirty-four (34) of the State of Indiana's occupational licensing boards, commissions, and committees in administering their duties and business, and also provides inspection services for certain professions and businesses across the state of Indiana. The IPLA partners with several other Indiana state agencies in providing professional licensing services, by managing the State of Indiana's online professional licensing system – the Indiana Licensing Enterprise. The IPLA's mission is to ensure Hoosiers have access to a robust, safe, and reliable professional workforce by providing licensure to professionals in a fair and efficient manner.
