ANNUAL REPORT FOR PROGRAMS IN NURSING

Guidelines: An Annual Report prepared and submitted by the faculty of the school of nursing, will provide the Indiana State Board of Nursing with a clear picture of how the nursing program is currently operating and its compliance with the regulations governing the professional and/or practical nurse education program(s) in the State of Indiana. The Annual Report is intended to inform the Education Subcommittee and the Indiana State Board of Nursing of program operations during the academic reporting year. This information will be posted on the Board’s website and will be available for public viewing.

Purpose: To provide a mechanism to provide consumers with information regarding nursing programs in Indiana and monitor complaints essential to the maintenance of a quality nursing education program.

Directions: To complete the Annual Report form attached, use data from your academic reporting year unless otherwise indicated. An example of an academic reporting year may be: August 1, 2012 through July 31, 2013. Academic reporting years may vary among institutions based on a number of factors including budget year, type of program delivery system, etc. Once your program specifies its academic reporting year, the program must utilize this same date range for each consecutive academic reporting year to insure no gaps in reporting. You must complete a **SEPARATE report** for each PN, ASN and BSN program.

This form is due to the Indiana Professional Licensing Agency by the close of business on October 1st each year. The form must be electronically submitted with the original signature of the Dean or Director to: PLA2@PLA.IN.GOV. Please place in the subject line “Annual Report (Insert School Name) (Insert Type of Program) (Insert Academic Reporting Year). For example, “Annual Report ABC School of Nursing ASN Program 2013.” The Board may also request your most recent school catalog, student handbook, nursing school brochures or other documentation as it sees fit. It is the program’s responsibility to keep these documents on file and to provide them to the Board in a timely manner if requested.

Indicate Type of Nursing Program for this Report: PN X ASN BSN

Definitions from CCNE:

Potential Complainants

A complaint regarding an accredited program may be submitted by any individual who is directly affected by the actions or policies of the program. This may include students, faculty, staff, administrators, nurses, patients, employees, or the public.

Guidelines for the Complainant

The CCNE Board considers formal requests for implementation of the complaint process provided that the complainant: a) illustrates the full nature of the complaint in writing, describing how CCNE standards or procedures have been violated, and b) indicates his/her willingness to allow CCNE to notify the program and the parent institution of the exact nature of the complaint, including the identity of the originator of the complaint. The Board may take whatever action it deems appropriate regarding verbal complaints, complaints that are submitted anonymously, or complaints in which the complainant has not given consent to being identified.

Dear Ms. Sprigler:

This letter is formal notification of the action taken by the National League for Nursing Accrediting Commission (NLNAC) at its meeting on March 3-4, 2011. The Board of Commissioners granted the associate nursing program continuing accreditation with the condition that your program submit a Follow-Up Report in 2 years. If the Follow-Up Report is accepted by the Commission, the next evaluation visit will be scheduled for Fall 2018. The Board of Commissioners granted the practical nursing program continuing accreditation and scheduled the next evaluation visit for Fall 2018.

Deliberations centered on the Self-Study Report, the School Catalog, the Site Visitors' Report, and the recommendation for accreditation proposed by the Program Evaluators and the Evaluation Review Panel. (See Summary of Deliberations and Recommendation of the Evaluation Review Panel.)

The Board of Commissioners identified the following evidence of non-compliance, strengths, and areas needing development:

Evidence of Non-Compliance by Accreditation Standard and Criterion

Standard 2. Faculty and Staff, Criterion 2.1

- All full-time faculty are not credentialed with a minimum of a master's degree with a major in nursing. (A)

Areas of Strength by Accreditation Standard

Standard 1 Mission and Administrative Capacity

- Strong institutional, faculty, and student support for the role of the Vice Provost for Nursing Education through the restructuring of the School of Nursing (A/P)

Areas Needing Development by Accreditation Standard

Standard 1 Mission and Administrative Capacity

- Provide mechanisms to ensure comprehensive representation of students in program and College governance. (A/P)

Standard 2 Faculty and Staff

- Ensure support for continued achievement of a master's degree with a major in nursing for the full- and part-time faculty. (A/P)
- Provide for sufficient numbers and utilization of program support staff to achieve the program goals and outcomes. (A/P)

Standard 3 Students

- Review and revise public documents (paper and electronic) to ensure that information intended to inform the public is current, clear, accurate, and consistent, including NLNAC contact information. (A)

Standard 4 Curriculum

- Ensure the incorporation of professional standards, guidelines, and competencies throughout the curriculum. (A/P)

Standard 5 Resources

- Implement strategies to ensure the equitable state-wide distribution of learning resources, office facilities, and equipment to meet faculty and student needs. (A/P)

Standard 6 Outcomes

- Implement strategies to ensure local campus and faculty engagement in the implementation of the evaluation plan. (A/P)
- Improve the processes for analysis and dissemination of program- and campus-specific data in order to facilitate the accomplishment of strategic initiatives and ongoing program improvement. (A/P)
- Continue to monitor and respond to licensure exam pass-rates that are below the national mean. (A/P)
- Ensure ongoing and systematic evaluation of outcomes, particularly graduate satisfaction and job placement. (A/P)
- Identify and assess specific graduate competencies for role preparation. (A)

A Follow-Up Report requires the nursing education unit to demonstrate compliance with a specific Accreditation Standard or Standards. The Follow-Up Report for the associate program is to address Standard 2 Faculty and Staff. The report is to be submitted to NLNAC in the Spring 2013 Cycle by February 15, 2013. At the time of its review of the Follow-Up Report, the Commission will either affirm the time of the next evaluation visit or deny continuing accreditation and remove the nursing program from the list of accredited programs. We recommend contacting a member of the NLNAC professional staff after reviewing this decision letter.
