RE: Hamilton Southeastern Schools registration with the state board as a charter authorizer

On August 29, 2024, the Department received a letter from the Hamilton Southeastern Schools Board of Trustees (“HSE”), to serve as charter authorizer pursuant to IC 20-24-2.2-1.2, which permits a governing body of a school corporation to register with the state board for charter authority within the attendance area of the school corporation.

To register as an authorizer, each interested governing body must submit certain information to the state board pursuant to IC 20-24-2.2-1.2(d).

Within sixty (60) days of receipt of the information described in subsection (d), the state board shall register the governing body as a charter authorizer within the attendance area of the school corporation and shall provide the governing body a letter confirming the governing body's registration as a charter authorizer.

Accordingly, pursuant to IC 20-24-2.2-1.2(e), this letter confirms receipt of the information, and statements outlined and required by IC 20-24-2.2-1.2(e), and provides for the registration of the governing body of HSE as a charter authorizer within the attendance area of the school corporation.
