To: Members of the Indiana State Board of Education

From: Brenda Erbse, Department Director, Office of School Finance

Date: May 20, 2024

Subject: 2023-2024 Period 2 Membership Petitions

The Department of Education (DOE) requests review and approval of the following 2023-2024 Period 2 Membership petition filed pursuant to IC 20-43-4-3.5. The petition was in response to missing students reported by the school corporation listed below. Because the total request is less than \$250,000, the law requires action be taken by the State Board of Education. The table below indicates the number of students, the funding adjustment, and the department's recommendation based on its review of documentation applicable to each student.

Corp No	Corp Name	Count of Students requested for ADM	Count of students Recommended for ADM	Total Estimated Funding Amount	Total Estimated Funding Amount Recommended
9085	pilotED Schools	15	15	\$65,442.60	\$65,442.60

9085 pilotEd Schools - Officials requested approval to add fifteen students, who enrolled at the school between the October 1 count date and the February 1 count date. None of the students had attendance reported due to an issue with their software syncing with DOE's reporting system as of the February count day. The missing data have been provided. Therefore, the recommendation is to allow the fifteen students to be counted for membership.
